

Student Attendance at Athletic Events

- High school students will have to show their student ID to attend any MISD athletic event.
- High school students, who fail to provide their student ID, will not be admitted into the stadium without a parent.
- Students, eighth grade and below, **must** be accompanied by parent.
- Students are expected to be **picked up no later than 30 minutes** after the end of any athletic event. Failure to pick up students within the 30 minute grace period may result in students being restricted from attending future athletic events.
- Vernon Newsom Stadium - Students will be held in the first floor community room until they are picked up by an adult.
- R.L. Anderson Stadium - Students will be on the home side in front of the ticket booth until they are picked up by an adult.

Reasons

- We want our MISD athletic events to have a family atmosphere.
- MISD works hard to provide a safe/secure environment for all individuals attending athletic events.
- Students have been left after the conclusion of athletic events for over an hour.
- Businesses are now open in the area of Vernon Newsom Stadium. If students decide to visit these businesses after a game, they will have to walk across Highway 360 at night. For their safety, it is our opinion students should not leave the stadium area at the conclusion of games without proper supervision.

Note: Similar arrangements will be made for other sports as the year progresses.
