---

**Primary Purpose:**

Provide leadership in development, implementation, and coordination of a comprehensive program of health services for district. Participate in nursing policy formulation and decision making.

**Qualifications:**

**Education/Certification:**

Master's degree in nursing  
Valid registered nurse license from the Texas State Board of Nurse Examiners

**Special Knowledge/Skills:**

Ability to organize, direct, coordinate, and evaluate health services delivery system  
Ability to interpret policies and procedures  
Ability to manage budget and personnel  
Knowledge of community medical and health care services  
Strong organizational, communication, and interpersonal skills

**Experience:**

Five years experience as public school nurse  
Two years administrative and supervisory work experience

**Major Responsibilities and Duties:**

**Program Management:**

1. May perform duties of school nurse at assigned campus.
2. Interpret objectives and policies of health program to all concerned.
3. Help staff interpret school health policies regarding immunizations, communicable diseases, medication, and emergency care of ill and injured.
4. Help staff put in place and promote school health program with the following components: health appraisal, health education, and maintenance of a healthy school environment.
5. Develop and coordinate continuing evaluation of health program and make changes based on findings. Recommend policies to encourage program involvement.
6. Help school nurses and nurse aides manage all components of campus health service programs by telephone and through on-site visits.
7. Consult with campus staff on referrals and provide follow-up services to meet health needs of students.

8. Coordinate activities of the health program with outside agencies and members of medical and health care community to ensure that students have access to adequate health care services.

**Administration:**

9. Administer health services budget and ensure that program is cost-effective and funds are managed prudently.
10. Compile budget and cost estimates based on documented program needs.
11. Implement and comply with policies established by federal and state law, Texas Department of Health rule, State Board of Education rule, and board policy in health services area.
12. Compile, maintain, and file all physical and computerized reports, records, and other documents required, including accurate, updated records of health information for all students and submit to Texas Department of Health and Texas Education Agency as needed.
13. Order supplies for all campus clinics and distribute.
14. Recommend purchase, replacement, and repair of equipment to meet needs of campus health service facilities.

**Personnel:**

15. Assist with recruiting, interviewing, selection, and training of all health services personnel and make recommendations about placement, assignment, discipline, and dismissal, working cooperatively with campus principals.
16. Help principals evaluate performance of school nurses and nurse aides to ensure effectiveness.
17. Develop training options and improvement plans to ensure exemplary operation in the health services area.

**Professional Development:**

18. Be aware of medical developments in health fields that could enhance program effectiveness.
19. Plan and conduct professional development programs for nurses and nurse assistants.
20. Other duties as assigned.

**Supervisory Responsibilities:**

Supervise school nurses and nurse aides (extenders) at campuses throughout district.

**Equipment Used:**

Thermometer, blood pressure cuff, audiometer, otoscope, sphygmomanometer, vision screening equipment, thermoscan, basic clinic equipment, personal computer, and copier.

**Working Conditions:**

**Mental Demands/Physical Demands/Environmental Factors:**

Maintain emotional control under stress. Frequent district travel; exposure to bacteria and communicable diseases.
