QUOTE GUIDELINES

ALL purchases will be made through approved vendors when available, regardless of price.

If an item is not on a current bid and the price is less than \$10,000.00, three phone quotes shall be obtained.

If the item can only be purchased from a non-approved vendor, you must document that at least two approved vendors were contacted. List all vendors contacted on the form, indicating that they did not have the product requested.

Indicate the requested vendor in the space provided. If vendor selected does not offer the lowest cost, a full explanation shall be provided. (For instance, a vendor may be chosen regardless of higher cost if time requirements are better or if additional products and/or services are offered.)

If an item is available from more than one approved vendor through a bid, it is recommended, but not required, that you get three quotes to obtain the best price.
