

ATTENTION PARENTS
WE NEED YOUR HELP!

The Legacy High School After Prom Committee is excited about this years “**ROCKIN ROAD TRIP!**” To make this event a huge success, **we need each and every one of you as volunteers!** After the graduation itself, the after prom party is one the most important events for our seniors in helping them celebrate their achievement in a safe, fun filled environment. Here is how each of you can help. If you are creative, we need your time and talents in planning, designing and decorating our seven theme activities. Financially, we will also need your help and will be sending each of you information on how you can support us. Please consider where you would like to volunteer: **Remember you too will have a senior one day!** Together we can set a great foundation.
