

Concert Grade Research Paper

If you have missed our mandatory concert/rehearsal and contacted Mrs. French before the Concert, then you may complete this assignment and return no later than a week from the Concert date.

Hand write a three page report on the composer or arranger of one of your concert songs. Your report must include the following information:

1. The birth and death (if applicable) of your person
2. The childhood of your person
3. The music education of your person
4. A description of their job in the music industry
5. A list of three of their compositions
6. At least five (5) interesting facts about your person

You must not copy directly from your sources. That is called plagiarism and is illegal! You must put the information into your own words. Correct spelling and correct grammar are a must.

Papers are due one week after concert date. No later assignments will be accepted. You must attach your notes from computer or a rough draft.
