

General Computer Questions

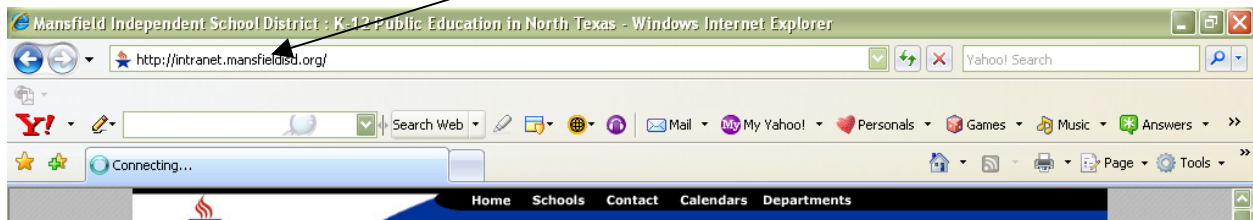

How do I get to the MISD Intranet?

1. In order to get on the Intranet, you must be on a computer at school. All school computers are connected to the school server, which host the Intranet.
2. The easiest way to get on the Intranet is to go to <http://intranet.mansfieldisd.org>.
3. If you are already on an Internet MISD website, to change to the Intranet, go to the address field, highlight the www part of the address, and then type in intranet. In other words, replace the www with intranet.

Change this

To this

The Intranet will contain a lot more information that was designed just for MISD employees.
