

MANSFIELD ISD EMPLOYEES

Passport Health/Staying Healthy Medical Services
will be providing on site vaccination clinics for Mansfield ISD this fall.

To sign up please copy/paste the link into your internet browser:

<https://www.passageware.com/ClinicSignUp/MISD/>

We are able to accept the following PPO type insurances:

- TRS-Aetna ActiveCare 1-HD and 2 Plans – covered at 100%
- Blue Cross Blue Shield – with the exceptions of Blue Cross Gold, Silver or Bronze plans
- Aetna – with the exceptions of Aetna Gold, Silver or Bronze plans
- Cigna – with the exception of Cigna Local Plus
- Humana
- United Health Care
- Medicare Part B (Flu shots only-please provide a copy of any supplement plans also)

TRS Aetna ActiveCare Select plans and Scott & White plans cannot be accepted.

TRS SELECT plans must see a Baylor Scott & White physician for all services, including vaccinations for the plan to cover the services. We are unable to accept HMO plans.

Most plans cover immunizations at 100%. There is a very small group of plans that do not cover immunizations.

We will have the following vaccines available:

	<u>With insurance</u>	<u>If you do not have an accepted insurance</u>
Quadrivalent Flu Shot	No charge	\$ 28.00
Hepatitis A	No charge	\$ 90.00
Hepatitis B	No charge	\$ 80.00
Meningitis	No charge	\$130.00
MMR	No charge	\$100.00
Tetanus Diphtheria with Pertussis	No charge	\$ 70.00
Shingles (Shingrix) (ages 50-64)	No charge	\$190.00
B12 Shot	\$ 20.00	\$ 20.00

On the date of your vaccinations, you must bring a photo copy of both your insurance card and your driver's license to receive your vaccinations at no charge.

We accept cash or a check made out to Staying Healthy Medical Services.

After you sign up online, you will see a confirmation page. There will be a link for you to print out the consent form for vaccinations. You only need to print out one consent form for vaccinations. B12 will require a separate form. If you have questions about any particular vaccination, please see our nurse on the day of the clinic.

The new Shingles vaccine (Shingrix) will be available at this clinic for employees (age 50-64) that register for it. Please note that this vaccine is known to cause more frequent local reactions than other routine immunizations. Staying Healthy Medical Services is not currently able to offer Pneumonia vaccines to employees with Aetna insurance. This is due to a filing issue on our end. The vaccine is still covered at 100% on your plan. Please see your doctor or pharmacist if you wish to receive either of these vaccines. Employees with an accepted insurance through a different carrier are welcome to request one of these vaccines.

If you received routine vaccinations from Staying Healthy Medical Services, other than flu, in previous years and need a copy of your records, please email us at info@stayinghealthymedical.com. In the email you will need to include your name and birthdate. Depending on the carrier, insurance claims may be filed as Community Health and Immunization Services or Staying Healthy Medical Services.
