

Credit by Exam: Language Flowchart

In an effort to identify, test, and award LOTE credit for graduation, to fluent speakers of another language; the following process involves the communication and coordination between campus and district level personnel.

- **Middle School:** Students must take a pre-screener before enrolling in Pre-AP Spanish course (Level I-III).
- **High School:** Identified students may be pre-enrolled in a Level II or III course. Due to the academic and linguistic rigor of level IV, no student will be placed in a level IV course without first completing the Level III pre-requisite course. Follow the appropriate next steps for the student's grade level. The same procedures will be used for all high school LOTE courses where an approved CBE exam exists.
