Substitute- Long term teaching assignments

A long term assignment is defined as any teacher assignment extending over ten consecutive days for the same teacher. The district goal is to fill all long term teacher assignments with current teacher substitutes who are fully certified in the assigned subject area. Available positions are posted in AESOP (Frontline Management). Eligibility is based on a valid Texas teaching certificate in the grade and subject area of the teaching assignment. Long term substitute assignments can be revoked or revised based on campus concerns regarding substitute performance and or student need.

Substitute Eligibility

In order to maintain an accurate list of substitutes available for work in the district, we deactivate and purge individuals who are not actively working from the substitute roster. To stay on the active substitute list, substitutes are required to work **at least three assignments every month. Assignments can be full day or half day assignments.**

Substitute Reporting Times

Substitutes for teachers are to report thirty minutes before the start of the school day and remain fifteen minutes after.

Substitutes for aides are to report thirty minutes before the start of the school day and leave at the same time as the students.

(Alpha Glossary-Substitute Information)

Automatic Deposit

Direct deposit is required for a substitute to remain active in the substitute system. If your banking information changes, you will need to personally notify the payroll department immediately in order for your payroll check to process accurately and timely. **If you do not have a bank account please contact the Payroll department to get a Bank Debit.**

Classroom Instruction

The substitute should endeavor to preserve the regular routine of the classroom. She or he is to follow the daily class schedule and lesson plans provided by the teacher. **If lesson plans are not available, check with another teacher, team leader, department chair, or campus administration for assistance. At no time should a substitute develop lesson plans.** The substitute teacher is to be an active part of the classroom instruction. Reading personal materials, sleeping, working on personal work, etc. are unacceptable and are reasons for deactivation from the substitute system.

- The substitute teacher should not assign written work and leave it to be graded except at the request of the teacher.
- The substitute teacher has the same responsibility (as a regular teacher) for the students, equipment, and materials, assigned to his or her care. All materials and equipment used by the substitute teacher are to be returned to the proper authority or location before the substitute leaves the campus.
 - The substitute teacher should make efforts to maintain a positive and productive environment by following the teacher's discipline management plan, procedures and written guidelines. If, after redirection and substitute intervention, individual students cause behavioral problems which are disruptive to the learning environment, the substitute teacher should refer those students to the campus administration with a discipline referral or note explaining the circumstances. Never administer corporal punishment or physical contact of any kind or make contact with a student's parent.
- The substitute should leave the regular teacher a brief summary of the day's activities by class period. The teacher needs to know what portion of the lesson each individual class was able to complete.
- If classroom rosters are not provided, **contact the campus substitute navigator.**

Classroom Management

- Learn the names of the students as quickly as possible.
- Exhibit enthusiasm and confidence. These are visible indicators to students and often set the tone for student behavior.
- Start the day promptly, firmly and concisely.
- Be fair, friendly, and consistent.
- Be sure students understand what is expected of them.
- Remind students that their regular teacher expects them to be successful and so do you.
- Use praise generously and show respect for students.
- Take an active interest in the instructional focus of the day.
- Treat students with dignity. Sarcastic or belittling remarks are inappropriate and reasons for deactivation from Frontline Education.
- Remain calm and relaxed. Don't lose your cool.

- Monitor with movement, and be actively engaged while students are working and learning.
- Do not leave students unsupervised.

Note: The office of Human Resource (HR) Development works collaboratively with the campus administration to resolve concerns regarding substitute performance. Consequences resulting from subsequent investigations are under the direction of the office of HR Development.

Discrimination, Harassment and Retaliation

The official policy of this school district is that students and employees should be treated honorably and with respect at all times. Students and employees should conduct themselves in a manner that encourages and promotes positive, wholesome relationships with others. The Board of Trustees recognizes that all persons should be free from unwelcome, offensive, or otherwise, inappropriate conduct. Such conduct is inappropriate and will not be tolerated. Substitutes receive training regarding discrimination, harassment, and retaliation during the substitute orientation.

Professional Ethics

- The substitute has a professional responsibility even though he or she is not a contracted teacher.
- Caution should be used in expressing personal opinions about what is seen or heard in the classroom or on the campus.
- Comments comparing one school with another or comparing the students in one neighborhood or campus with another are inappropriate.
- Under no circumstances should a substitute criticize the curriculum, classroom procedures, campus teachers or administration in front of students.
- The substitute's personal views on subjects that can create controversy (religion, politics, drugs, sexuality, and race relations) should not be brought into conversation with students.
- **The substitute teacher is expected to perform all of the duties of the regular teacher unless the principal releases the substitute from a particular duty.** · A substitute teacher is looked upon as a professional; therefore he or she should exercise discretion and good judgment in their choice of apparel and conversations. · **Under no circumstances should you photograph students.**

Substitute Discipline Management Plan

Campus concerns regarding substitute conduct or job performance are forwarded for review along with the documentation of the concern. Documentation includes an overview of the concern along with the supporting statements from the substitute, teacher(s), staff or students as appropriate.

and notified to Contact the Executive Director of HR Services.

- Deactivation of your Aesop account is a temporary block. Depending on the nature of the concern, the statements provided, the substitute input and the conference with the Executive Director of HR Services, the following actions may be taken:
