Introduction

Passed during the 77th regular session of the Texas Legislature (2001), Senate Bill 218 requires each Texas school district to prepare an annual financial accountability report on the District's Schools FIRST (Financial Accountability Rating System of Texas) rating. Many business-related issues are covered in this report and the District must hold a public meeting to discuss the report.

Since its inception, the FIRST rating has been modified several times to reflect changes in legislation and serve as a better measurement of a district's financial position. The rating system has been reduced from an original 22 indicators to currently 15 indicators. Measurements based on student performance have been removed to focus strictly on financial matters. In addition, six disclosures are now required along with the report; 1) the Superintendent's employment contract, 2) reimbursements received by the Superintendent and Board members, 3) outside compensation and/or fees received by the Superintendent for professional consulting and/or other personal services, 4) gifts received by the executive officer(s) and Board members (and first degree relatives, if any), 5) business transactions between the school district and Board members, and finally 6) a summary schedule of the data submitted under the Financial Solvency Provisions of TEC Section 39.0822.

The District's Schools FIRST rating is based upon budgetary and actual financial data along with an analysis of staff and student data reported for the 2016-2017 fiscal year. This information is submitted through the District's annual PEIMS (Public Education Information Management System) submissions. TEA issued the preliminary financial accountability ratings for the 2016-2017 fiscal year in August 2018. The District's rating of "Passed" with an "A = Superior" is included in this report.

The financial accountability rating of the District is based on its overall performance on certain financial measurements, ratios, and other indicators established by the Commissioner of Education with the financial accountability rating worksheet. This worksheet was developed by representatives of the Texas Education Agency (TEA), the Texas Business & Education Council (TBEC), the Comptroller's office and the Texas Association of School Business Officials (TASBO). The worksheet consists of 15 indicators, each weighted with numeric values with the exception of the Critical Indicators. A "No" response to one of the Critical Indicators 1-5 will automatically result in a rating of Substandard Achievement, giving these five indicators high importance.

For the seventeenth year in a row, Mansfield ISD continues its financial excellence with a rating of "Superior" for the 2016-2017 fiscal year, scoring positive responses on all 15 indicators and an overall score of 92 out of 100. Included in this report is the Rating Report received from TEA used in determining the District's score, an explanation of each of the Indicators, and the required disclosures.

2017-2018 RATINGS BASED ON SCHOOL YEAR 2016-2017 DATA

Name: MANSFIELD ISD (220908)

Status: Passed

Rating: A = Superior

#	Indicator Description	Score
1	Was the complete annual financial report (AFR) and data submitted to the TEA within 30 days of the November 27 or January 28 deadline depending on the school district's fiscal year end date of June 30 or August 31, respectively?	Yes
2	Review the AFR for an unmodified opinion and material weaknesses. The school district must pass 2.A to pass this indicator. The school district fails indicator number 2 if it responds "No" to indicator 2.A. or to both indicators 2.A and 2.B.	
2.A	Was there an unmodified opinion in the AFR on the financial statements as a whole? (The American Institute of Certified Public Accountants (AICPA) defines unmodified opinion. The external independent auditor determines if there was an unmodified opinion.)	Yes
2.B	Did the external independent auditor report that the AFR was free of any instance(s) of material weaknesses in internal controls over financial reporting and compliance for local, state, or federal funds? (The AICPA defines material weakness.)	Yes
3	Was the school district in compliance with the payment terms of all debt agreements at fiscal year end? (If the school district was in default in a prior fiscal year, an exemption applies in following years if the school district is current on its forbearance or payment plan with the lender and the payments are made on schedule for the fiscal year being rated. Also exempted are technical defaults that are not related to monetary defaults. A technical default is a failure to uphold the terms of a debt covenant, contract, or master promissory note even though payments to the lender, trust, or sinking fund are current. A debt agreement is a legal agreement between a debtor (= person, company, etc. that owes money) and their creditors, which includes a plan for paying back the debt.)	Yes
4	Did the school district make timely payments to the Teachers Retirement System (TRS), Texas Workforce Commission (TWC), Internal Revenue Service (IRS), and other government agencies?	Yes

5	Was the total unrestricted net position balance (Net of the accretion of interest for capital appreciation bonds) in the governmental activities column in the Statement of Net Position greater than zero? (If the school district's change of students in membership over 5 years was 10 percent or more, then the school district passes this indicator.)	Yes
6	Was the number of days of cash on hand and current investments in the general fund for the school district sufficient to cover operating expenditures (excluding facilities acquisition and construction)? (See ranges below.)	10

8	Was the ratio of long-term liabilities to total assets for the school district sufficient to support long-term solvency? (If the school district's change of students in membership over 5 years was 10 percent or more, then the school district passes this indicator.) (See ranges below.)	4
9	Did the school district's general fund revenues equal or exceed expenditures (excluding facilities acquisition and construction)? If not, was the school district's number of days of cash on hand greater than or equal to 60 days?	10

DETERMINATION OF RATING

A.	Did the district answer 'No' to Indicators 1, 3, 4, 5, or 2.A? If so, the school district's rating is F for Substandard Achievement regardless of points earned.
B.	Determine the rating by the applicable number of points. (Indicators 6-15)
A = Superior	90-100
B = Above Standard	80-89
C = Meets Standard	60-79
F = Substandard Achievement	<60

DISCUSSION OF BASE INDICATORS

- 1. Was the complete annual financial report (AFR) and data submitted to the TEA within 30 days of the November 27 or January 28 deadline depending on the school district's fiscal year end date of June 30 or August 31, respectively?**

This indicator seeks to make certain the MISD has filed the Annual Financial Report by the required deadline.

Mansfield ISD's Annual Financial report was received at TEA on November 27, 2017.

- 2.A. Was there an unmodified opinion in the AFR on the financial statements as a whole? (The American Institute of Certified Public Accountants (AICPA) defines unmodified opinion. The external independent auditor determines if there was an unmodified opinion.)**

A "modified" opinion on a financial report means that the district needs to correct some of the reporting or financial controls. A district's goal, therefore, is to receive an "unmodified opinion" on its AFR.

Mansfield ISD passed this indicator by receiving an unmodified opinion on our AFR.

- 2.B. Did the external auditor report that the AFR was free of any instance(s) of material weaknesses in internal control over financial reporting and compliance for local, state, or federal funds?**

Mansfield ISD passed this indicator by not receiving any findings regarding material weaknesses in internal controls or findings in non-compliance for local, state, or federal funds.

- 3. Was the school district in compliance with the payment terms of all debt agreements at fiscal year end? (If the school district was in default in a prior fiscal year, an exemption applies in following years if the school district is current on its forbearance or payment plan with the lender and the payments are made on schedule for the fiscal year being rated. Also exempted are technical defaults that are not related to monetary defaults. A technical default is a failure to uphold the terms of a debt covenant, contract, or master promissory note even though payments to the lender, trust, or sinking fund are current. A debt agreement is a legal agreement between a debtor (person, company, etc. that owes money) and their creditors, which includes a plan for paying back the debt.)**

This indicator seeks to make certain that the Mansfield ISD has paid our bills/obligations on financing arrangements to pay for school construction, school buses, photocopiers, etc.

Mansfield ISD AFR did not have any disclosures concerning default on bonded indebtedness obligations and were able to make all bond payments.

- 4. Did the school district make timely payments to the Teachers Retirement System (TRS), Texas Workforce Commission (TWC), Internal Revenue Service (IRS), and other governmental agencies?**

Mansfield ISD made timely payments on governmental agency requirements.

- 5. Was the total unrestricted net asset balance (Net of the accretion of interest for capital appreciation bonds) in the governmental activities column in the Statement of Net Assets greater than zero? (If the school district's change of students in membership over 5 years was 10 percent or more, then the school district passes this indicator.)**

This indicator simply asks, "Did the district's total assets exceed the total amount of liabilities?"

Although the district's change in the student membership was less than 10% (from 2013 to 2017, the change in the district's membership was 4.36%), the district passed this indicator because the sum of Total Unrestricted Net Asset Balance in the governmental activities column in the Statement of Net Assets, Accretion of Interest for Capital Appreciation Bonds, and Net Pension Liability was greater than zero.

- 6. Was the number of days of cash on hand and current investments in the general fund for the school district sufficient to cover operating expenditures (excluding facilities acquisition and construction)? (See ranges below.)**

In order to receive the maximum number of points (10) for this indicator, the district needs more than 90 days of operating expenditures on hand. Mansfield ISD had 94 days on hand to receive the maximum points.

- 7. Was the measure of current assets to current liabilities ratio for the school district sufficient to cover short-term debt? (See ranges below.)**

Mansfield ISD's ratio of current assets (\$181,169,781) to current liabilities (\$69,275,518) was 2.6152 did not exceeded the 3.00 benchmark to receive the maximum points of 10 for this indicator, but earned 8 points in this category.

- 8. Was the ratio of long-term liabilities to total assets for the school district sufficient to support long-term solvency? (If the school district's change of students in membership over 5 years was 10 percent or more, then the school district passes this indicator.) (See ranges below.)**

Although the district's change in the student membership was less than 10% (from 2013 to 2017, the change in the district's membership was 4.36%), the district received 4 points out of 10 for this indicator. The district's total long-term liabilities less the net pension liability was \$783,031,334 compared to total assets of \$900,892,252 was a .87 ratio with 4 points awarded.

- 9. Did the school district’s general fund revenues equal or exceed expenditures (excluding facilities acquisition and construction)? If not, was the school district’s number of days of cash on hand greater than or equal to 60 days?**

General fund revenues (\$273,931,824) were less than expenditures (\$280,687,884), but the district met the indicator by having more than 60 days of cash on hand (94 days).

- 10. Was the debt service coverage ratio sufficient to meet the required debt service? (See ranges below.)**

Mansfield ISD was awarded 10 points for this indicator. General Fund and Debt Service Fund revenues less General Fund and Debt Service Fund expenditures plus debt service payments plus debt service fund balance plus expenditures for facilities acquisition and construction calculation was 1.3795. Range for this indicator is greater than 1.2 in order to receive the 10 points.

- 11. Was the district’s administrative cost ratio equal to or less than the threshold ratio? (See ranges below.)**

TEA sets a cap on the percentage of their budget that Texas school districts can spend on administration. Did the district exceed the cap for districts our size?

Mansfield ISD’s administrative cost ratio was .0528. The threshold ratio to receive 10 full points for this indicator had to be less than or equal to .0855. We received the highest points possible for this indicator.

- 12. Did the school district not have a 15 percent decline in the students to staff ratio over 3 years (total enrollment to total staff)? (If the student enrollment did not decrease, the school district will automatically pass this indicator.)**

This indicator was automatically passed since Mansfield ISD is still growing and not in an area of declining enrollment.

- 13. Did the comparison of Public Education Information Management System (PEIMS) data to like information in the school district’s AFR result in a total variance of less than 3 percent of all expenditures by function?**

This indicator measures the quality of data reported to PEIMS and in our AFR to make certain that the data reported in each case “matches.” If the difference in data reported in any fund type is 3 percent or more, our district “fails” this indicator.

The variance of the AFR data to the PEIMS data submitted was \$434 compared to a total of \$280,687,470 or 0.0002%. We received the highest points possible for this indicator.

- 14. Did the external independent auditor report that the AFR was free of any instance(s) of material noncompliance for grants, contracts, and laws related to local, state, or federal funds? (The AICPA defines material noncompliance.)**

A clean audit of your AFR would state that your district has no material weaknesses in internal controls. Any internal weaknesses create a risk of your District not being able to properly account for its use of public funds, and should be immediately addressed.

Mansfield ISD did not have any report by the external independent auditor of material weaknesses in our internal controls. We received the highest points possible for this indicator.

15. Did the school district not receive an adjusted repayment schedule for more than one fiscal year for an over allocation of Foundation School Program (FSP) funds as a result of a financial hardship?

Mansfield did not receive a repayment schedule for an over allocation of Foundation School Program (FSP) funds.

OTHER DATA CONCERNING THE DISTRICT’S OPERATIONS

The purpose of this section is to discuss other aspects of the District’s business operations not covered by the Schools FIRST Worksheet directly.

Financial Strength

Considering the impact that minimal funding from the state has had on Mansfield ISD, the District has weathered the public school finance crisis better than many other districts because of its history of exercising strategic financial planning and investing as a standard practice. The District continually evaluates programs and services in order to continue to provide quality education while addressing demands associated with being a fast growth district.

Administrative Cost Comparison

One measure the State of Texas uses to measure operating cost efficiency is the administrative cost ratio. The administrative costs are divided by instructional costs to arrive at a percentage. A district’s size determines its administrative cost limitations.

Year	Threshold	District Actual
2008-09	11.05%	4.55%
2009-10	11.05%	4.50%
2010-11	11.05%	4.73%
2011-12	11.05%	4.93%
2012-13	11.05%	5.26%
2013-14	8.55%	5.51%
2014-15	8.55%	5.26%
2015-16	8.55%	5.23%
2016-17	8.55%	5.28%

Personnel Management

The District's longstanding personnel goal is to attract and retain qualified staff and to offer a competitive salary and benefit package each year. Even more of a challenge has been to present a comprehensive health insurance package to employees, along with other benefits such as the Teacher/Employee Recruitment & Retention Program. Attracting and retaining a quality teaching staff is always a priority with Mansfield ISD. The District has implemented a health clinic as an employee benefit in order to assist those employees that are not able to afford the Teacher Retirement System (TRS) Active Care health insurance.

Debt Management

The taxpayers of the District authorized a \$198,530,000 bond program in November 2011 to fund construction, renovation, technology projects and improvements. In May 2017 the taxpayers authorized a \$275,000,000 bond program to fund three new schools and renovations for existing campuses. At June 30, 2018, the total outstanding general obligation and refunding bonds was \$750,195,000 with interest rates ranging from 1.75% - 5.50% and maturities until 2045. The District has worked diligently to schedule bond maturities and interest payments to smooth out the impact on the tax rate and to match the useful life of capital assets being purchased and/or constructed. To date, bond refundings have been utilized when available to reduce the interest on outstanding bonds for savings in excess of \$65 million.

Facilities Acquisition and Construction Management

With proceeds of the above-mentioned bonds, as of June 30, 2018 the District has construction underway for three new schools scheduled to open in August 2019, in addition to several major renovation projects scheduled for other campuses. Due to the increased student growth, the District must meet these demands with new and improved facilities.

Tax Collections

A consistent tax collection rate aids in the management of debt. As shown below, the District maintains a high collection rate.

<u>Year</u>	<u>Collection Rate</u>
2008-09	111.81%
2009-10	113.32%
2010-11	107.88%
2011-12	99.81%
2012-13	105.57%
2013-14	105.08%
2014-15	99.98%
2015-16	99.66%
2016-17	98.40%

Cash Management

The Schools FIRST worksheet addresses cash and investment issues, but only in a very basic manner. The worksheet criteria essentially provide that cash should be available and earn a minimal rate of return. In truth, the District's investment and cash management program is much more complex.

The District has a legal and local board policy that requires the District to invest funds within specific guidelines meant to ensure liquidity and safety. The District maintains a diverse portfolio consisting of investment pools, Federal Agency Securities, and Federal Instrumentality Securities. The District has increased yield with longer term instruments based on cash flow analysis.

Budgetary Planning & Financial Allocations

Mansfield ISD opted to change their fiscal year to end June 30, beginning with the 2015-2016 fiscal year. The 2016-2017 fiscal period covers twelve months. The fiscal year change was implemented in order to align the district's financial year closer to the operational year for instruction.

The District's budget process usually begins in January each year. During the first month of planning, budget allocations are developed for each campus and department. The District allocates funds to campuses based on an estimate of student count. Support departments receive funds based on the previous year's budgets adjusted (up or down) for future years' needs. Special project requests for amounts supplemental to allocations are considered individually each year. Budget input is scheduled for February. In March, calculations of state and local tax revenues are completed and the budget starts to take on some form. April is the month the District is able to give the Board a view of how the next year's budget looks. In odd-numbered years, the legislature is in session, and that complicates and delays the budgeting process. The optimal time for making a public salary decision is May. Decisions are made on special project requests, revenue data is fine-tuned and a final budget is submitted to the Board of Trustees for approval in June.

The budget process is a proactive and highly participatory one, and campuses and departments are given a great deal of discretion as to how to budget their funds. After the budget is adopted, each campus or department is given equal latitude regarding amending their budget when their plans or needs change. This decentralized style of budget management is required by the State of Texas. It is called site-based decision making. It is a system that works best in the long run for the District by allocating resources where they are needed, even when those needs change.

Annual Audit Report

Each year, an audit of the District's financial statements is performed by the independent auditors, Whitley Penn, LLP. The auditors' responsibility is to report on the District's financial status and to ensure that the District is accurately handling the financial records within required standards. This report is a critical element of the accountability ratings worksheet, covering five criteria.

For the twelve months ended June 30, 2017, the District received an “unmodified” opinion with no reportable conditions or material weaknesses.

Awards and Recognitions

Mansfield ISD prides itself in its professional and proper handling of its internal accounting procedures and financial reporting abilities. The District has been awarded the Certificate of Excellence in Financial Reporting from the Association of School Business Officials, International (ASBO), and from the Government Finance Officers Association (GFOA). In addition, the District also received the Meritorious Budget Award from the Association of School Business Officials. Both associations have stringent requirements for their award, and it is a credit to the District and the taxpayers to be recognized nationally in such a manner.

Schools FIRST Disclosures

In fiscal year 2007, new reporting requirements became effective for the financial management report that is to be distributed at the Schools FIRST public hearing. Per Title 19 Administrative Code Chapter 109, Budgeting, Accounting, and Auditing, Subchapter AA, Commissioner’s Rules Concerning Financial Accountability Rating System, the five (5) disclosures listed below are included in the appendix. The disclosures will include:

For Superintendents:

- Current employment contract (Fig. A-1).
- Compensation and fees received from another school district or other outside entity in exchange for professional consulting or other personal services (Fig. A-3).

For Board Members and Superintendents:

- Certain reimbursable expenses incurred by the District on behalf of the superintendent and each board member, including amounts for meals, lodging, transportation, motor fuel and other items (Fig. A-2).
- Gifts valued at \$250 or more received by board members, superintendents and their immediate family members (and other “executive officers” named by the board) from school district vendors and competing vendors that were not awarded contracts (Fig. A-4).
- Business transactions between board members and the District (Fig. A-5).

Appendix A
Required Disclosures

The District's annual financial management report must include specific disclosures regarding the superintendent's contract, reimbursements received by the superintendent and board members and other compensation and gifts received. This information is presented below to comply with the requirements.

As such, the Superintendent shall assign the administrative and supervisory staff in the manner that, in his judgment, best serves the public schools of the District. At the beginning of this Contract, and at any time during this Contract, the Superintendent specifically agrees to submit to a review of his national criminal history record information (NCHRI) if required by the District, TEA, or SBEC. The Superintendent understands that a criminal history record acceptable to the Board, at its sole discretion, is a condition precedent to this Contract.

3.2 During Contract. The Superintendent also agrees that, during the term of this Contract, the Superintendent will notify the Board in writing of any arrest or of any indictment, conviction, no contest or guilty plea, or other adjudication of the Superintendent. The Superintendent agrees to provide such notification in writing within seven (7) calendar days of the event or any shorter period specified in Board policy.

3.3 False Statements and Misrepresentations. The Superintendent represents that any records or information provided in connection with his employment application are true and correct. 4.2 Benefits. The District shall provide benefits to the Superintendent as provided by state law and Board policies. The Board reserves the right to amend its policies at any time during the term of this Contract to reduce or increase these benefits, at the Board's sole discretion.

4.3 Expense Benefits for Travel Outside of District. The Superintendent shall comply with all procedures and documentation

requirements in accordance with Board and District policies.

4.4 Supplemental Retirement Plan Contribution. The District agrees to make an annual contribution for the Superintendent to a Supplemental Retirement Plan (the "Retirement Plan"), as defined herein, in an amount equal to SIXTEEN THOUSAND AND FIVE HUNDRED DOLLARS (\$16,500.00), to be paid on June 30th, or the last contract day of each year included in this Contract. The Supplemental Retirement Plan shall be a plan established under Section 403(b) of the Internal Revenue Code (the "Code") and/or a plan established under Section 457(b) of the Code. The 403(b) plan shall be established as an employer-paid plan with non-discretionary contributions by the District and the Superintendent shall have no right to receive such contributions in cash. The 403(b) plan and/or 457(b) plan shall each be established under a written plan document that meets the requirements of the Code and such documents are hereby incorporated herein by reference. The funds for the 403(b) plan and/or 457(b) plan shall be invested in such investment vehicles as are allowable under Code for applicable type of plan. The Superintendent shall have sole discretion as to (1) the service providers for the Supplemental Retirement Plan, within the provisions of the laws of the State of Texas, and (2) how the funds in the Supplemental Retirement Plan are invested. The Superintendent shall at all times be 100% vested in his account under the Supplemental Retirement Plan. Contributions by the District shall first be made to the Section 403(b) plan, up to the contribution limit under Code. Contributions by the District shall next be made to the Section 457(b) plan, up to the contribution limit under the Code. Any contributions by the District that exceed all contribution limits for the Supplemental Retirement Plan shall be carried forward to the next calendar year and shall be made to the Supplemental Retirement Plan in the order specified herein.

4.5 Retirement Benefit. Per District past practice for administrators, upon retirement from the Mansfield Independent School District, the Superintendent will be paid his daily rate of pay for all accumulated state and local days, not to exceed a maximum cap of 65 days.

4.6 Automobile Allowance. The District shall provide the Superintendent with an automobile allowance in the sum of EIGHT HUNDRED SEVENTY FIVE DOLLARS (\$875.00) per month. 4.7 Business Expenses. The District shall pay the Superintendent EIGHT HUNDRED THIRTY THREE AND 33/100 DOLLARS (\$833.33) per month for discretionary District business expenses that may be incurred by the Superintendent in the performance of his duties but that are not directly reimbursed by the District, e.g., meal and event expenses for gatherings with Board members, employees, business contacts and others who have a relationship with the District.

4.8 Longevity Pay. In order to encourage continuity of leadership in the District, the District wishes to provide additional compensation to the Superintendent as a reward for reaching certain longevity goals. These longevity payments shall be made as follows:

5.2 Board Meetings. The Superintendent shall attend, and shall be permitted to attend, all meetings of the Board, both public and closed, with the exception of those closed meetings devoted to the consideration of any action or lack of action on the Superintendent's Contract, or the Superintendent's evaluation, or for purposes of resolving conflicts between individual Board members, or when the Board is acting in its capacity as a tribunal. Superintendent harmless regarding any claims, demands, duties, actions or other legal proceedings against the Superintendent, or damages incurred by the Superintendent, including court costs and reasonable attorney's fees, in his individual or official capacity for any act or failure to act involving the exercise of judgment and discretion within the normal course and scope of his duties as Superintendent of the District, to the extent and to the limits permitted by law. This paragraph does not apply if the Superintendent is found to have materially breached this Contract, to have acted with gross negligence or with intent to violate a person's clearly established legal rights, or to have engaged in official misconduct or criminal conduct, nor does it apply to criminal investigations or proceedings. The District may, at its discretion, fulfill its obligation under this paragraph by purchasing appropriate insurance coverage for the benefit of the Superintendent or by including the Superintendent as a covered party under any contract providing errors and omissions insurance coverage purchased for the protection of the Board and the professional employees of the District. The Board may retain attorneys to represent the Superintendent in any proceeding for which he could seek indemnification under this paragraph, to the extent that damages are recoverable or a defense is provided, under any such contract of insurance. No individual member of the Board shall be personally liable for indemnifying and defending the Superintendent under this paragraph. The District's obligation under this paragraph shall continue for a period of four (4) years after the termination of this Contract for qualifying acts or failures to act occurring during the term of this Contract or any extension thereof.
