Introduction

Passed during the 77th regular session of the Texas Legislature (2001), Senate Bill 218 requires each Texas school district to prepare an annual financial accountability report on the District's Schools FIRST (Financial Accountability Rating System of Texas) rating. Many business-related issues are covered in this report and the District must hold a public meeting to discuss the report.

Since its inception, the FIRST rating has been modified several times to reflect changes in legislation and serve as a better measurement of a district's financial position. The rating system has been reduced from an original 22 indicators to currently 7 indicators. Measurements based on student performance have been removed to focus strictly on financial matters. In addition, six disclosures are now required along with the report; 1) the Superintendent's employment contract, 2) reimbursements received by the Superintendent and Board members, 3) outside compensation and/or fees received by the Superintendent for professional consulting and/or other personal services, 4) gifts received by the executive officer(s) and Board members (and first degree relatives, if any), 5) business transactions between the school district and Board members, and finally 6) a summary schedule of the data submitted under the Financial Solvency Provisions of TEC Section 39.0822.

The District's Schools FIRST rating is based upon budgetary and actual financial data along with an analysis of staff and student data reported for the 2013-2014 fiscal year. This information is submitted through the District's annual PEIMS (Public Education Information Management System) submissions. TEA issued the final financial accountability ratings for the 2013-2014 fiscal year in October 2015. The District's final rating of "Passed" is included in this report.

The financial accountability rating of the District is based on its overall performance on certain financial measurements, ratios, and other indicators established by the Commissioner of Education with the financial accountability rating worksheet. This worksheet was developed by representatives of the Texas Education Agency (TEA), the Texas Business & Education Council (TBEC), the Comptroller's office and the Texas Association of School Business Officials (TASBO). The worksheet consists of 7 indicators, each weighted with numeric values with the exception of the Critical Indicators. A "No" response to one of Critical Indicators 1-4 will automatically result in a rating of Substandard Achievement, giving these four indicators high importance.

For the thirteenth year in a row, Mansfield ISD continues its financial excellence with a rating of "Passed" for the 2013-2014 fiscal year, scoring positive responses on all 7 indicators and an overall score of 30 out of 30. Included in this report is the Rating Report received from TEA used in determining the District's score, an explanation of each of the Indicators, and the required disclosures.

DETERMINATION OF RATING

A.	Did The District Answer ‘No’ To Indicators 1, 2, 3, Or 4? If So, The District’s Rating is Substandard Achievement.	
B.	Determine Rating By Applicable Range for Summation of the Indicator Scores (Indictors 5-7)	
	Pass	16-30
	Substandard Achievement	< 16

DISCUSSION OF BASE INDICATORS

1. **Was the complete annual financial report (AFR) and data submitted to the TEA within 30 days of the November 27 or January 28 deadline depending on the school district's fiscal year end date of June 30 or August 31, respectively?**

This indicator seeks to make certain the MISD has filed the Annual Financial Report by the required deadline.

Mansfield ISD's Annual Financial report was received at TEA on January 27, 2015.

2. **Was there an unmodified opinion in the AFR on the financial statements as a whole? (The American Institute of Certified Public Accountants (AICPA) defines unmodified opinion. The external independent auditor determines if there was an unmodified opinion.)**

A "modified" opinion on a financial report means that the district needs to correct some of the reporting or financial controls. A district's goal, therefore, is to receive an "unmodified opinion" on its AFR.

Mansfield ISD passed this indicator by receiving an unmodified opinion on our AFR.

3. **Was the school district in compliance with the payment terms of all debt agreements at fiscal year end? (If the school district was in default in a prior fiscal year, an exemption applies in following years if the school district is current on its forbearance or payment plan with the lender and the payments are made on schedule for the fiscal year being rated. Also exempted are technical defaults that are not related to monetary defaults. A technical default is a failure to uphold the terms of a debt covenant, contract, or master promissory note even though payments to the lender, trust, or sinking fund are current. A debt agreement is a legal agreement between a debtor (person, company, etc. that owes money) and their creditors, which includes a plan for paying back the debt.)**

This indicator seeks to make certain that the Mansfield ISD has paid our bills/obligations on financing arrangements to pay for school construction, school buses, photocopiers, etc.

Mansfield ISD AFR did not have any disclosures concerning default on bonded indebtedness obligations and were able to make all bond payments.

4. **Was the total unrestricted net asset balance (Net of the accretion of interest for capital appreciation bonds) in the governmental activities column in the Statement of Net Assets greater than zero? (If the school district's change of students in membership over 5 years was 10 percent or more, then the school district passes this indicator.)**

This indicator simply asks, “Did the district’s total assets exceed the total amount of liabilities?”

Although the district’s change in the student membership was less than 10% (from 2010 to 2014 the change in the district’s membership was 3.55%), the district passed this indicator because the sum of Total Unrestricted Net Asset Balance in the governmental activities column in the Statement of Net Assets and Accretion of Interest for Capital Appreciation Bonds equaled \$72,096,722.

5. Was the district’s administrative cost ratio equal to or less than the threshold ratio? (See ranges below.)

TEA sets a cap on the percentage of their budget that Texas school districts can spend on administration. Did the district exceed the cap for districts our size?

Mansfield ISD’s administrative cost ratio was .0551. The threshold ratio to receive 10 full points for this indicator had to be less than or equal to .0855. We received the highest points possible for this indicator.

6. Did the comparison of Public Education Information Management System (PEIMS) data to like information in the school district’s AFR result in a total variance of less than 3 percent of all expenditures by function?

This indicator measures the quality of data reported to PEIMS and in our AFR to make certain that the data reported in each case “matches.” If the difference in data reported in any fund type is 3 percent or more, our district “fails” this indicator.

The variance of the AFR data to the PEIMS data submitted was 0.00% which was less than the allowable 3% of all expenditures by function. We received the highest points possible for this indicator.

7. Did the external independent auditor report that the AFR was free of any instance(s) of material weaknesses in internal controls over financial reporting and compliance for local, state, or federal funds? (The AICPA defines material weakness.)

A clean audit of your AFR would state that your district has no material weaknesses in internal controls. Any internal weaknesses create a risk of your District not being able to properly account for its use of public funds, and should be immediately addressed.

Mansfield ISD did not have any report by the external independent auditor of material weaknesses in our internal controls. We received the highest points possible for this indicator.

OTHER DATA CONCERNING THE DISTRICT'S OPERATIONS

The purpose of this section is to discuss other aspects of the District's business operations not covered by the Schools FIRST Worksheet directly.

Financial Strength

Considering the impact that minimal funding from the state has had on Mansfield ISD, the District has weathered the public school finance crisis better than many other districts because of its history of exercising strategic financial planning and investing as a standard practice. The District continually evaluates programs and services in order to continue to provide quality education while addressing demands associated with being a fast growth district.

Administrative Cost Comparison

One measure the State of Texas uses to measure operating cost efficiency is the administrative cost ratio. The administrative costs are divided by instructional costs to arrive at a percentage. A district's size determines its administrative cost limitations.

<u>Year</u>	<u>Threshold</u>	<u>District Actual</u>
2006-07	11.05%	5.07%
2007-08	11.05%	4.66%
2008-09	11.05%	4.55%
2009-10	11.05%	4.50%
2010-11	11.05%	4.73%
2011-12	11.05%	4.93%
2012-13	11.05%	5.26%
2013-14	8.55%	5.51%

Personnel Management

The District's longstanding personnel goal is to attract and retain qualified staff and to offer a competitive salary and benefit package each year. Even more of a challenge has been to present a comprehensive health insurance package to employees, along with other benefits such as the Teacher/Employee Recruitment & Retention Program. Attracting and retaining a quality teaching staff is always a priority with Mansfield ISD.

Debt Management

The taxpayers of the District authorized a \$198,530,000 bond program in November 2011 to fund construction, renovation, buses and technology projects and improvements. At August 31, 2014, the total outstanding general obligation and refunding bonds was \$719,518,373 with interest rates ranging from 1.75% - 5.50% and maturities until 2043. The District has worked diligently to schedule bond maturities and interest payments to smooth out the impact on the tax rate and to match the useful life of capital assets being purchased and/or constructed.

Facilities Acquisition and Construction Management

With proceeds of the above-mentioned bonds, as of August 31, 2014 the District has construction underway for two replacement elementary schools scheduled to open in December 2015, and several major renovation projects scheduled for other campuses. Due to the increased student growth, the District must meet these demands with new and improved facilities.

Tax Collections

A consistent tax collection rate aids in the management of debt. As shown below, the District maintains a high collection rate.

<u>Year</u>	<u>Collection Rate</u>
2006-07	101.37%
2007-08	101.02%
2008-09	111.81%
2009-10	113.32%
2010-11	107.88%
2011-12	99.81%
2012-13	105.57%
2013-14	105.08%

Cash Management

The Schools FIRST worksheet addresses cash and investment issues, but only in a very basic manner. The worksheet criteria essentially provide that cash should be available and earn a minimal rate of return. In truth, the District's investment and cash management program is much more complex.

The District has a legal and local board policy that requires the District to invest funds within specific guidelines meant to ensure liquidity and safety. The District maintains a diverse portfolio consisting of investment pools, Federal Agency Securities, and Federal Instrumentality Securities. The District has increased yield with longer term instruments based on cash flow analysis.

Budgetary Planning & Financial Allocations

The District's budget process usually begins in January each year. During the first month of planning, budget allocations are developed for each campus and department. The District allocates funds to campuses based on an estimate of student count. Support departments receive funds based on the previous year's budgets adjusted (up or down) for future years' needs. Special project requests for amounts supplemental to allocations are considered individually each year. Budget input is scheduled for March. In March, calculations of state and local tax revenues are completed and the budget starts to take on some form. April is the month the District is able to give the Board a view of how the next year's budget looks. In odd-numbered years, the legislature is in session, and that complicates and delays the budgeting process. The optimal time

for making a public salary decision is May. Decisions are made on special project requests, revenue data is fine-tuned and a final budget is submitted to the Board of Trustees for approval in August.

The budget process is a proactive and highly participatory one, and campuses and departments are given a great deal of discretion as to how to budget their funds. After the budget is adopted, each campus or department is given equal latitude regarding amending their budget when their plans or needs change. This decentralized style of budget management is required by the State of Texas. It is called site-based decision making. It is a system that works best in the long run for the District by allocating resources where they are needed, even when those needs change.

Annual Audit Report

Each year, an audit of the District's financial statements is performed by the independent auditors, Whitley Penn, LLP. The auditors' responsibility is to report on the District's financial status and to ensure that the District is accurately handling the financial records within required standards. This report is a critical element of the accountability ratings worksheet, covering five criteria.

For the fiscal year ended August 31, 2014, the District received an "unmodified" opinion with no reportable conditions or material weaknesses.

Awards and Recognitions

Mansfield ISD prides itself in its professional and proper handling of its internal accounting procedures and financial reporting abilities. The District has been awarded the Certificate of Excellence in Financial Reporting from the Association of School Business Officials, International (ASBO), and from the Government Finance Officers Association (GFOA). Both associations have stringent requirements for their award, and it is a credit to the District and the taxpayers to be recognized nationally in such a manner.

Schools FIRST Disclosures

In fiscal year 2007, new reporting requirements became effective for the financial management report that is to be distributed at the Schools FIRST public hearing. Per Title 19 Administrative Code Chapter 109, Budgeting, Accounting, and Auditing, Subchapter AA, Commissioner's Rules Concerning Financial Accountability Rating System, the five (5) disclosures listed below are included in the appendix. The disclosures will include:

For Superintendents:

- Current employment contract (Fig. A-1).
- Compensation and fees received from another school district or other outside entity in exchange for professional consulting or other personal services (Fig. A-3).

For Board Members and Superintendents:

- Certain reimbursable expenses incurred by the District on behalf of the superintendent and each board member, including amounts for meals, lodging, transportation, motor fuel and other items (Fig. A-2).
- Gifts valued at \$250 or more received by board members, superintendents and their immediate family members (and other "executive officers" named by the board) from school district vendors and competing vendors that were not awarded contracts (Fig. A-4).
- Business transactions between board members and the District (Fig. A-5).

In fiscal year 2010, an additional reporting requirement became effective for the financial management report that is to be distributed at the Schools FIRST public hearing per Texas Education Code Chapter §39.0822, Public School System Accountability.

Financial Solvency:

- A summary schedule of the financial solvency data previously submitted to the Texas Education Agency (Fig. A-6).

Prior to engaging in these activities, the Superintendent will notify the Board in writing of the activity. The Board will notify the Superintendent if the activity presents a conflict or interferes with the performance of his duties as Superintendent. The District shall reimburse the Superintendent for the cost of membership in all local civic organizations in which the Superintendent participates and related travel outside of the District, subject to advance Board approval.

V. Superintendent Evaluation, Board Meetings, Complaints, Indemnification, Outside Employment, and Residence.

5.1 Superintendent Evaluation.

5.1.1 Development of Goals. No later than the last Friday of September, the Superintendent shall submit to the Board a preliminary list of goals for the District each year for the Board's consideration and adoption. The Superintendent and the Board shall then meet, and the Board shall approve or revise the list of goals. The Superintendent shall submit to the Board for its approval a plan to implement the goals. The Superintendent and the Board shall meet biannually to assess the goals and may adjust or revise the goals either by action of the Board or upon recommendation of the Superintendent and approval of the Board. The goals approved by the Board shall at all times be reduced to writing ("District Goals") and shall be among the criteria on which the Superintendent's performance is reviewed and evaluated. The Board agrees to work with and support the Superintendent in achieving the District Goals.

5.1.2 Time and Basis of Evaluation. The Board shall evaluate and assess in writing the performance of the Superintendent at least once each contract year during the term of this Contract. The evaluation and assessment shall be reasonably related to the duties of the Superintendent, as outlined in the Superintendent's job description.

5.1.3 Confidentiality. Except as otherwise provided by law, the evaluation of the Superintendent shall at all times be conducted in executive session of the Board and shall be considered confidential. Nothing herein shall prohibit the Board or the Superintendent from sharing the content of the Superintendent's evaluation with their respective legal counsel.

5.1.4 Evaluation Format and Procedure. The evaluation format and procedure shall be in accordance with the Board's policies and state and federal law. In the event that the Board determines that the performance of the Superintendent is unsatisfactory in any respect, it shall describe in writing, in reasonable detail, specific instances of unsatisfactory performance. The evaluation shall include recommendations as to areas of improvement in all instances where the Board deems performance to be unsatisfactory. A copy of the written evaluation shall be delivered to the Superintendent. The Superintendent shall have the right to make a written response to the evaluation within thirty (30) days of receipt of the written evaluation from the board. That response shall become a permanent attachment to the evaluation in the Superintendent's personnel file. Within sixty (60) days of the delivery of the written evaluation to the Superintendent, the Board shall meet with the Superintendent to discuss the evaluation. The Board shall devote a portion of, or all of, one executive session annually to a discussion of the working relationship between the Superintendent and the Board. In the event the Board deems that the evaluation instrument, format, and/or procedure is to be modified by the Board and such modifications would require new or different performance expectations, the Superintendent shall be provided a reasonable period of time to demonstrate such expected performance before being evaluated.

5.2 Board Meetings. The Superintendent shall attend, and shall be permitted to attend, all meetings of the Board, both public and closed, with the exception of those closed

meetings devoted to the consideration of any action or lack of action on the Superintendent's Contract, or the Superintendent's evaluation, or for purposes of resolving conflicts between individual Board members, or when the Board is acting in its capacity as a tribunal. In the event of illness or Board-approved absence, the Superintendent's designee shall attend such meetings.

5.3 Criticisms, Complaints, and Suggestions. With the exception of those directed at the performance or conduct of the Superintendent, the Board, individually and collectively, shall refer all substantive criticisms, complaints, and suggestions called to the Board's attention to either: (a) the Superintendent for study and appropriate action; or (b) to the appropriate complaint resolution procedure established by District Board policies. The Superintendent shall refer such matters to the appropriate employee(s), or he shall investigate such matters and inform the Board of the results of such efforts within a reasonable period of time as required under the circumstances.

5.4 Indemnification. The District shall indemnify, defend, and hold the Superintendent harmless regarding any claims, demands, duties, actions or other legal proceedings against the Superintendent, or damages incurred by the Superintendent, including court costs and reasonable attorney's fees, in his individual or official capacity for any act or failure to act involving the exercise of judgment and discretion within the normal course and scope of his duties as Superintendent of the District, to the extent and to the limits permitted by law. This paragraph does not apply if the Superintendent is found to have materially breached this Contract, to have acted with gross negligence or with intent to violate a person's clearly established legal rights, or to have engaged in official misconduct or criminal conduct, nor does it apply to criminal investigations or proceedings.
