What it says:

“The tax rate will effectively be raised by **19.43 percent** and will raise taxes for maintenance and operations on a $100,000 home by approximately **$172.19**.”

It does not mean the overall tax rate will increase.

---

Only considers the Maintenance & Operations tax revenue and not an overall tax rate decrease of **$.0281**

…and a decrease on the Interest & Sinking tax rate.

Actual decrease of **$28.10** for a $100,000 home with the **$.0281** decrease in the overall tax rate.
