In compliance with Title 2, Chapter 28, Section 28.004 of the Texas Education Code, the following is the required School Health Advisory Council Annual Report. It provides a detailed explanation of the council’s activities during the period between the date of the current report and the date of the last prior written report.

I. The School Health Advisory Council met twice in the fall and twice in the spring. All meetings except for January were held at the Jim Vaszauskas Center for Performing Arts. Due to new protocols and regulations we had a training meeting for new members.

- October 14, 2021 (training and information session)
- November 11, 2021
- January 26, 2022 (public and virtual)
- March 8, 2022 (public)
- March 31, 2022

Wendy Thacker  |  parent at Howard Middle (feeder SHS)

II. At the initial meeting, the committee received an overview of the purpose of the SHAC and new meeting requirements according to HB1525. All meetings, agendas and minutes are posted [here](#).
III. This year, the SHAC focused on the topics listed below:
   A. New Health Resources
   B. New Health TEKS
   C. Physical Fitness and Activity

IV. Guest speakers included:
   A. Mendy Gregory: Director of Social and Emotional Learning
   B. Jennifer Powers: Director of Guidance and Counseling
   C. Michelle Hurst: MISD Secondary Science/Health Coordinator
   D. Dorian Watson: MISD Health Teacher
   E. Shane Trotter: Author and MISD Trainer

V. Issues, Recommendations, and Actions

   **Issue 1**: Activity minutes - A The Physical Fitness and Activity Planning Committee was named: Amy Senato, Ryan Alferink, Mike McCown. This committee researched and reported out on suggestions for recess minutes. After the committee presented the SHAC voted to keep the recess minutes and campus practices the same for the elementary and intermediate grade levels.

   **Issue 2**: New Health TEKS - The SHAC reviewed the newly adopted Health TEKS. These TEKS have grown considerably since the last adoption by TEA. SHAC Recommendation: Spread these TEKS out at earlier grade levels based on where they fit using a crosswalk document. For example Mental Health and Wellness content is covered through SEL during advisory periods, Fitness and Nutrition through PE and Alcohol, Tobacco and Drug Prevention in partnership with Red Ribbon Week.

   **Issue 3**: Review and Vote on Recommendations for new Health Resources.

This was discussed and voted on during the two public meetings January 26 and March 8 or 2022.

- In accordance with HB1525 all Health and PE teachers were given the opportunity to review and provide feedback on all resources listed in the TEA publisher list on January 3-4 inservice days.
- SHAC members were given logins to view TEA listed resources at January 26 meeting before recommendations were made in March.
- SHAC members were given instructions on their role in resource evaluation in accordance with HB1525: Ensure that the resources align
with the TEKS, to ensure that the resource is grade level appropriate, and to assures that the resources reflects community values. These are with a specific focus on the reproductive and sexual health strands.

- SHAC members were provided with responses and feedback from teachers before making their recommendations.
- SHAC members were given a summary of the current resource and how they relate to the new TEKS.
- SHAC members were also asked to consider time for instruction, budget and which resources were approved by the Texas State Board of Education.
