Preface

Parents and Students:

Welcome to the new school year!

Education is a team effort, and students, parents, teachers, and other staff members working together can make this a successful year.

The Mansfield ISD Student Handbook is designed to provide basic information that you and your child will need during the school year. The handbook is divided into two sections:

Section I: Parental Rights offers information to assist you in responding to school-related issues. We encourage you to take some time to closely review this section of the handbook.

Section II: Other Important Information for Students and Parents is organized alphabetically by topic, and, where possible, further divided by applicability to ages and/or grade levels, for quick access when searching for information on a specific issue.

Note: Unless otherwise noted, the term “parent” refers to the parent, legal guardian, any person granted some other type of lawful control of a student, or any other person who has agreed to assume school-related responsibility for a student.

The Student Handbook is designed to align with board policy and the Student Code of Conduct, a board-adopted document intended to promote school safety and an atmosphere for learning. The Student Handbook is not meant to be a complete statement of all policies, procedures, or rules in any given circumstance.

In case of conflicts between board policy (including the Student Code of Conduct) and any Student Handbook provision, the district will follow board policy and the Student Code of Conduct.

Therefore, parents and students should become familiar with the Mansfield ISD Student Code of Conduct. To review the Code of Conduct, visit the district’s website at www.mansfieldisd.org and is available in hard copy at the campus upon request. State law requires that the Code of Conduct be prominently displayed or made available for review at each campus.

The Student Handbook is updated annually; however, policy adoption and revisions may occur throughout the year. The district encourages parents to stay informed of proposed policy changes by attending board meetings and reviewing newsletter and other communications explaining changes in policy or other rules that affect Student Handbook provisions. The district reserves the right to modify the Student Handbook at any time. Notice of revisions will be provided as is reasonably practical.

Although the Student Handbook may refer to rights established through law or district policy, the Student Handbook does not create any additional rights for students and parents. It does not, nor is it intended to, create contractual or legal rights between any student or parent and the district.

If you or your child has questions about any of the material in this handbook, please contact campus administration.
Your child’s school will request that you provide contact information, such as your current phone number and e-mail address, in order for the school to communicate items specific to your child, your child’s school, or the district. If you consent to receive such information through a landline or wireless phone, please ensure that you notify the school’s administration office immediately upon a change in or disconnection of your phone number. The district or school may generate automated or pre-recorded messages, text messages, or real-time phone or e-mail communication, so prompt notification of any change in contact information will be crucial to maintain timely communication with you. Standard messaging rates of your phone carrier may apply. If you have specific requests or needs related to how the district contacts you, please contact your child’s principal. Please see Safety for information regarding contact with parents during an emergency situation.

Also, please complete and return to your child’s campus the following forms provided in the forms packet distributed at the beginning of the year or upon the student’s enrollment:

1. Acknowledgment of Electronic Distribution of Student Handbook;
3. Parent’s Objection to the Release of Student Information to Military Recruiters and Institutions of Higher Education, if you choose to restrict the release of information to these entities; and

[See Objecting to the Release of Directory Information on page 9 and Consent Required Before Student Participation in a Federally Funded Survey, Analysis, or Evaluation on page 10 for more information.]

Note: References to policy codes are included so that parents can refer to board policy. The district’s official policy manual is available for review in the district administration office and an electronic copy is available at http://pol.tasb.org/Home/Index/1104.

Accessibility

If you have difficulty accessing the information in this document because of disability, please contact Student Services at 817-299-6360 or your student’s campus.
Section I: Parental Rights

This section of the Mansfield ISD Student Handbook includes information related to certain rights of parents as specified in state or federal law.

Consent, Opt-Out, and Refusal Rights

Consent to Conduct a Psychological Evaluation

Unless required under state or federal law, a district employee will not conduct a psychological examination, test, or treatment without obtaining written parental consent.

Note: An evaluation may be legally required under special education rules or by the Texas Education Agency (TEA) for child abuse investigations and reports.

Consent to Display a Student’s Original Works and Personal Information

Teachers may display a student’s work in classrooms or elsewhere on campus as recognition of student achievement without seeking prior parental consent. These displays may include personally identifiable student information. Student work includes:

- Artwork,
- Special projects,
- Photographs,
- Original videos or voice recordings, and
- Other original works.

However, the district will seek parental consent before displaying a student’s work on the district’s website, a website affiliated or sponsored by the district (such as a campus or classroom website), or in district publications, which may include printed materials, videos, or other methods of mass communication.

Consent to Receive Parenting and Paternity Awareness Instruction if Student is under Age 14

A student under age 14 must have parental permission to participate in the district’s parenting and paternity awareness program. This program was developed by the Office of the Texas Attorney General and the State Board of Education (SBOE) to be incorporated into health education classes.

Consent to Video or Audio Record a Student when Not Otherwise Permitted by Law

State law permits the school to make a video or voice recording without parental permission when it:

- Is to be used for school safety,
- Relates to classroom instruction or a cocurricular or extracurricular activity,
• Relates to media coverage of the school, or
• Relates to the promotion of student safety as provided by law for a student receiving special education services in certain settings.

In other circumstances, the district will seek written parental consent before making a video or voice recording of a student.

[See Video Cameras on page 96 for more information, including a parent’s right to request video and audio equipment be placed in certain special education settings.]

Limiting Electronic Communications with Students by District Employees

The district permits teachers and other approved employees to use electronic communications with students within the scope of professional responsibilities, as described by district guidelines.

For example, a teacher may create a social networking page for his or her class to relay information regarding class work, homework, and tests. A parent is welcome to such a page.

However, text messages sent to an individual student are only allowed if a district employee with responsibility for an extracurricular activity must communicate with a student participating in that activity.

If you prefer that your child not receive any one-to-one electronic communications from a district employee or if you have questions related to the use of electronic media by district employees, please contact the campus principal.

Objecting to the Release of Directory Information

The Family Educational Rights and Privacy Act, or FERPA, permits the district to disclose appropriately designated “directory information” from a student’s education records without written consent.

“Directory information” is information that, if released, is generally not considered harmful or an invasion of privacy. Examples include:

• A student’s photograph (for publication in the school yearbook);
• A student’s name and grade level (for communicating class and teacher assignments);
• The name, weight, and height of an athlete (for publication in a school athletic program);
• A list of student birthdays (for generating schoolwide or classroom recognition);
• A student’s name and photograph (posted on a district-approved and -managed social media platform); and
• The names and grade levels of students submitted by the district to a local newspaper or other community publication (to recognize the A/B honor roll for a specific grading period.)

Directory information will be released to anyone who follows procedures for requesting it.
As allowed by state law, the district has identified two directory information lists—one for school-sponsored purposes and the second for all other requests. For all district publications and announcements, the district has designated the following as directory information: student name; address; photograph; degrees, honors, and awards received; grade level; most recent educational institution attended; participation in officially recognized activities and sports; weight and height of members of athletic teams; and enrollment status. If you do not object to the use of your child’s information for these limited school-sponsored purposes, the school will not need to ask your permission each time the district wishes to use the information for the school-sponsored purposes listed above.

For all other purposes, the district has identified the following as directory information: student name; photograph; degrees, honors, and awards received; grade level, and most recent educational institution attended.

However, a parent or eligible student may object to the release of a student’s directory information. Any objection must be made in writing to the principal within ten school days of your child’s first day of instruction for this school year. [See the “Notice Regarding Directory Information and Parent’s Response Regarding Release of Student Information” included in the forms packet.]

Also review the information at Authorized Inspection and Use of Student Records on page 14.

Objecting to the Release of Student Information to Military Recruiters and Institutions of Higher Education (Secondary Grade Levels Only)

Unless a parent has advised the district not to release his or her student’s information, the Every Student Succeeds Act (ESSA) requires the district to comply with requests by military recruiters or institutions of higher education for the student’s:

- Name,
- Address, and
- Telephone listing.

See a document in the forms packet for this purpose.

Participation in Third-Party Surveys

Consent Required Before Student Participation in a Federally Funded Survey, Analysis, or Evaluation

A student will not be required to participate without parental consent in any survey, analysis, or evaluation—funded in whole or in part by the U.S. Department of Education—that concerns:

- Political affiliations or beliefs of the student or the student’s parent.
- Mental or psychological problems of the student or the student’s family.
- Sex behavior or attitudes.
- Illegal, antisocial, self-incriminating, or demeaning behavior.
• Critical appraisals of individuals with whom the student has a close family relationship.
• Relationships privileged under law, such as relationships with lawyers, physicians, and ministers.
• Religious practices, affiliations, or beliefs of the student or parent.
• Income, except when the information is required by law and will be used to determine the student’s eligibility to participate in a special program or to receive financial assistance under such a program.

A parent can inspect the survey or other instrument and any corresponding instructional materials used in connection with such a survey, analysis, or evaluation. [For more information, see policy EF(LEGAL).]

“Opting Out” of Participation in Other Types of Surveys or Screenings and the Disclosure of Personal Information

The Protection of Pupil Rights Amendment (PPRA) requires that a parent be notified when a survey is not funded by the U.S. Department of Education.

A parent has a right to deny permission for his or her child’s participation in:
• Any survey concerning private information listed above, regardless of funding.
• School activities involving the collection, disclosure, or use of personal information gathered from the child for the purpose of marketing, selling, or otherwise disclosing that information.
• Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance, and not necessary to protect the immediate health and safety of the student.

Exceptions are hearing, vision, or spinal screenings, or any physical examination or screening permitted or required under state law. [See policies EF and FFAA.]

A parent may inspect a survey created by a third party before the survey is administered or distributed to his or her child.

Removing a Student from Instruction or Excusing a Student from a Required Component of Instruction

Human Sexuality Instruction

As a part of the district’s curriculum, students receive instruction related to human sexuality. The School Health Advisory Council (SHAC) makes recommendations for course materials.

State law requires that the district provide written notice before each school year of the board’s decision to provide human sexuality instruction.

State law requires that any instruction related to human sexuality, sexually transmitted diseases, or human immunodeficiency virus (HIV) or acquired immune deficiency syndrome (AIDS) must:
• Present abstinence from sexual activity as the preferred choice of behavior in relationship to all sexual activity for unmarried persons of school age;

• Devote more attention to abstinence from sexual activity than to any other behavior;

• Emphasize that abstinence is the only method that is 100 percent effective in preventing pregnancy, sexually transmitted diseases, and the emotional trauma associated with adolescent sexual activity;

• Direct adolescents to a standard of behavior in which abstinence from sexual activity before marriage is the most effective way to prevent pregnancy and sexually transmitted diseases; and

• If included in the content of the curriculum, teach contraception and condom use in terms of human use reality rates instead of theoretical laboratory rates.

A parent is entitled to review the curriculum materials. In addition, a parent may remove his or her child from any part of the human sexuality instruction without academic, disciplinary, or other penalties. A parent may also choose to become more involved with the development of this curriculum by becoming a member of the district’s SHAC. (See the campus principal for details.)

**Reciting a Portion of the Declaration of Independence in Grades 3–12**

State law designates the week of September 17 as Celebrate Freedom Week and requires all social studies classes provide:

• Instruction concerning the intent, meaning, and importance of the Declaration of Independence and the U.S. Constitution, and

• A specific recitation from the Declaration of Independence for students in grades 3–12.

Per state law, a student may be excused from recitation of a portion of the Declaration of Independence if:

• A parent provides a written statement requesting that his or her child be excused,

• The district determines that the student has a conscientious objection to the recitation, or

• A parent is a representative of a foreign government to whom the U.S. government extends diplomatic immunity.

[See policy EHBK(LEGAL).]

**Reciting the Pledges to the U.S. and Texas Flags**

A parent may request that his or her child be excused from participation in the daily recitation of the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. The request must be made in writing.

State law, however, requires that all students participate in one minute of silence following recitation of the pledges.

[See *Pledges of Allegiance and a Minute of Silence* on page 83 and policy EC(LEGAL).]
**Religious or Moral Beliefs**

A parent may remove his or her child temporarily from the classroom if a scheduled instructional activity conflicts with the parent’s religious or moral beliefs.

The removal may not be used to avoid a test and may not extend for an entire semester. Further, the student must satisfy grade-level and graduation requirements as determined by the school and by state law.

**Tutoring or Test Preparation**

A teacher may determine that a student needs additional targeted assistance for the student to achieve mastery in state-developed essential knowledge and skills based on:

- Informal observations,
- Evaluative data such as grades earned on assignments or tests, or
- Results from diagnostic assessments.

The school will always attempt to provide tutoring and strategies for test-taking in ways that prevent removal from other instruction as much as possible.

In accordance with state law and policy EC, without parental permission, districts are prohibited from removing a student from a regularly scheduled class for remedial tutoring or test preparation for more than ten percent of the days the class is offered.

Under state law, students with grades below 70 for a reporting period are required to attend tutorial services—if the district offers these services.

[Also refer to policies EC and EHBC, and contact your student’s teacher with questions about any tutoring programs provided by the school.]

**Right of Access to Student Records, Curriculum Materials, and District Records/Policies**

**Instructional Materials**

A parent has the right to review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered.

A parent is also entitled to request that the school allow the student to take home instructional materials the student uses. The school may ask the student to return the materials at the beginning of the next school day.

**Notices of Certain Student Misconduct to Noncustodial Parent**

A noncustodial parent may request in writing that he or she be provided, for the remainder of the school year, a copy of any written notice usually provided to a parent related to his or her child’s misconduct that may involve placement in a disciplinary alternative education program (DAEP) or expulsion. [See policy FO(LEGAL) and the Student Code of Conduct.]
Participation in Federally Required, State-Mandated, and District Assessments

In accordance with the Every Student Succeeds Act (ESSA), a parent may request information regarding any federal, state, or district policy related to his or her child’s participation in required assessments.

Student Records

Accessing Student Records

A parent may review your child’s student records. These records include:

- Attendance records,
- Test scores,
- Grades,
- Disciplinary records,
- Counseling records,
- Psychological records,
- Applications for admission,
- Health and immunization information,
- Other medical records,
- Teacher and school counselor evaluations,
- Reports of behavioral patterns,
- Records relating to assistance provided for learning difficulties, including information collected regarding any intervention strategies used with your child, as the term intervention strategy is defined by law,
- State assessment instruments that have been administered to your child, and
- Teaching materials and tests used in your child’s classroom.

Authorized Inspection and Use of Student Records

The Family Educational Rights and Privacy Act (FERPA) affords parents and eligible students certain rights regarding student education records.

For purposes of student records, an “eligible” student is anyone age 18 or older or who attends a postsecondary educational institution. These rights, as discussed here and at Objecting to the Release of Directory Information on page 9, are the right to:

- Inspect and review student records within 45 days after the day the school receives a request for access;
• Request an amendment to a student record the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of FERPA;
• Provide written consent before the school discloses personally identifiable information from the student’s records, except to the extent that FERPA authorizes disclosure without consent; and
• File a complaint with the U.S. Department of Education concerning failures by the school to comply with FERPA requirements. The office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Ave., S.W.  
Washington, DC 20202

Both FERPA and state laws safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights of privacy.

Before disclosing any personally identifiable information from a student’s records, the district must verify the identity of the person, including a parent or the student, requesting the information.

Virtually all information pertaining to student performance, including grades, test results, and disciplinary records, is considered confidential educational records.

Inspection and release of student records is primarily restricted to an eligible student or a student’s parent—whether married, separated, or divorced—unless the school is given a copy of a court order terminating parental rights or the right to access a student’s education records.

Federal law requires that control of the records goes to the student as soon as the student:
• Reaches the age of 18,
• Is emancipated by a court, or
• Enrolls in a postsecondary educational institution.

However, the parent may continue to have access to the records if the student is a dependent for tax purposes and, under limited circumstances, when there is a threat to the health and safety of the student or other individuals.

FERPA permits the disclosure of personally identifiable information from a student’s education records without written consent of the parent or eligible student:
• When district officials have what federal law refers to as a “legitimate educational interest” in a student’s records. School officials would include:
  ▪ Board members and employees, such as the superintendent, administrators, and principals;
  ▪ Teachers, school counselors, diagnosticians, and support staff (including district health or medical staff);
• A person or company with whom the district has contracted or allowed to provide a specific institutional service or function (such as an attorney, consultant, third-party vendor that offers online programs or software, auditor, medical consultant, therapist, school resource officer, or volunteer);

• A parent or student serving on a school committee; or

• A parent or student assisting a school official in the performance of his or her duties.

“Legitimate educational interest” in a student’s records includes working with the student; considering disciplinary or academic actions, the student’s case, or an individualized education program for a student with disabilities; compiling statistical data; reviewing an educational record to fulfill the official’s professional responsibility to the school and the student; or investigating or evaluating programs.

• To authorized representatives of various governmental agencies, including juvenile service providers, the U.S. Comptroller General’s office, the U.S. Attorney General’s office, the U.S. Secretary of Education, the Texas Education Agency, the U.S. Secretary of Agriculture’s office, and Child Protective Services (CPS) caseworkers or, in certain cases, other child welfare representatives.

• To individuals or entities granted access in response to a subpoena or court order.

• To another school, district/system, or postsecondary educational institution to which a student seeks or intends to enroll or in which the student already is enrolled.

• In connection with financial aid for which a student has applied or has received.

• To accrediting organizations to carry out accrediting functions.

• To organizations conducting studies for, or on behalf of, the school to develop, validate, or administer predictive tests; administer student aid programs; or improve instruction.

• To appropriate officials in connection with a health or safety emergency.

• When the district discloses directory information-designated details.  [See Objecting to the Release of Directory Information on page 9 for opportunities to prohibit this disclosure.]

Release of personally identifiable information to any other person or agency—such as a prospective employer or for a scholarship application—will occur only with parental or student permission as appropriate.

The campus principal is custodian of all records for currently enrolled students at the assigned school. The superintendent or designee is the custodian of all records for students who have withdrawn or graduated.

A parent or eligible student who wishes to inspect the student’s records should submit a written request to the records custodian identifying the records he or she wishes to inspect.

Records may be reviewed in person during regular school hours. The records custodian or designee will be available to explain the record and to answer questions.
A parent or eligible student who provides a written request and pays copying costs of ten cents per page may obtain copies. If circumstances prevent inspection during regular school hours and the student qualifies for free or reduced-price meals, the district will either provide a copy of the records requested or make other arrangements for the parent or student to review these records.

A parent or eligible student may inspect the student’s records and request a correction or amendment if the records are considered inaccurate, misleading, or otherwise in violation of the student’s privacy rights.

A request to correct a student’s record should be submitted to the appropriate records custodian. The request must clearly identify the part of the record that should be corrected and include an explanation of how the information is inaccurate. If the district denies the request to amend the records, the parent or eligible student has the right to request a hearing. If after the hearing the records are not amended, the parent or eligible student has 30 school days to place a statement in the student’s record.

Although improperly recorded grades may be challenged, contesting a student’s grade in a course or on an examination is handled through the general complaint process found in policy FNG(LOCAL). A grade issued by a classroom teacher can be changed only if, as determined by the board of trustees, the grade is arbitrary, erroneous, or inconsistent with the district’s grading policy. [See Finality of Grades at FNG(LEGAL), Report Cards/Progress Reports and Conferences on page 86, and Complaints and Concerns on page 35 for an overview of the process.]

The district’s policy regarding student records found at policy FL is available from the principal’s or superintendent’s office or at http://pol.tasb.org/Policy/Code/1104?filter=FL.

Note: The parent’s or eligible student’s right of access to and copies of student records does not extend to all records. Materials that are not considered educational records—such as a teacher’s personal notes about a student shared only with a substitute teacher—do not have to be made available.

Teacher and Staff Professional Qualifications

A parent may request information regarding the professional qualifications of his or her child’s teachers, including whether the teacher:

- Has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction,
- Has an emergency permit or other provisional status for which state requirements have been waived, and
- Is currently teaching in the field of discipline of his or her certification.

The parent also has the right to request information about the qualifications of any paraprofessional who may provide services to the child.
Students with Exceptionalities or Special Circumstances

Children of Military Families

The Interstate Compact on Educational Opportunities for Military Children entitles children of military families to flexibility regarding certain district and state requirements, including:

- Immunization requirements;
- Grade level, course, or educational program placement;
- Eligibility requirements for participation in extracurricular activities;
- Enrollment in the Texas Virtual School Network (TXVSN); and
- Graduation requirements.

The district will excuse absences related to a student visiting a parent, including a stepparent or legal guardian, who is:

- Called to active duty,
- On leave, or
- Returning from a deployment of at least four months.

The district will permit no more than five excused absences per year for this purpose. For the absence to be excused, the absence must occur no earlier than the 60th day before deployment or no later than the 30th day after the parent’s return from deployment.

Additional information may be found at Military Family Resources at the Texas Education Agency.

Parental Role in Certain Classroom and School Assignments

Multiple Birth Siblings

State law permits a parent of multiple-birth siblings (e.g., twins, triplets) assigned to the same grade and campus to request in writing that the children be placed in either the same classroom or separate classrooms.

Written requests must be submitted by the 14th day after the students’ enrollment. [See policy FDB(LEGAL).]

Safety Transfers/Assignments

A parent may:

- Request the transfer of his or her child to another classroom or campus if the district has determined that the child has been a victim of bullying, including cyberbullying, as defined by Education Code 37.0832. Transportation is not provided for a transfer to another campus. See the Director of Campus Support for information.
• Consult with district administrators if the district has determined that his or her child has
genengaged in bullying and the board has decided to transfer the child to another classroom or
campus. Transportation is not provided for a transfer to another campus.

[See Bullying on page 29, and policies FDB and FFI.]

• Request the transfer of your child to attend a safe public school in the district if your
child attends school at a campus identified by TEA as persistently dangerous or if your
child has been a victim of a violent criminal offense while at school or on school
grounds. [See policy FDE.]

• Request the transfer of your child to another district campus if your child has been the
victim of a sexual assault by another student assigned to the same campus, whether the
assault occurred on or off campus, and that student has been convicted of or placed on
deferred adjudication for that assault. If the victim does not wish to transfer, the district
will transfer the assailant in accordance with policy FDE.

Service/Assistance Animal Use by Students

A parent of a student who uses a service/assistance animal because of the student’s disability
must submit a request in writing to the principal before bringing the service/assistance animal
on campus. The district will try to accommodate a request as soon as possible but will do so
within ten district business days.

Students in the Conservatorship of the State (Foster Care)

A student in the conservatorship (custody) of the state who enrolls in the district after the
beginning of the school year will be allowed credit-by-examination opportunities at any point
during the year.

The district will grant partial course credit by semester when the student only passes one
semester of a two-semester course.

A student in the conservatorship of the state who is moved outside the district’s or school’s
attendance boundaries—or who is initially placed in the conservatorship of the state and
moved outside the district’s or school’s boundaries—is entitled to remain at the school the
student was attending prior to the placement or move until the student reaches the highest
grade level at that particular school.

If a student in grade 11 or 12 transfers to another district but does not meet the graduation
requirements of the receiving district, the student can request a diploma from the previous
district if the student meets its graduation criteria.

For a student in the conservatorship of the state who is eligible for a tuition and fee exemption
under state law and likely to be in care on the day preceding the student’s 18th birthday, the
district will:

• Assist the student with the completion of applications for admission or financial aid;
• Arrange and accompany the student on campus visits;
• Assist in researching and applying for private or institution-sponsored scholarships;
• Identify whether the student is a candidate for appointment to a military academy;
• Assist the student in registering and preparing for college entrance examinations, including (subject to the availability of funds) arranging for the payment of examination fees by the Texas Department of Family and Protective Services (DFPS); and
• Coordinate contact between the student and a liaison officer for students formerly in the conservatorship of the state.

[See also Credit by Examination for Advancement/Acceleration on page 38, Course Credit on page 38, and Students in Foster Care on page 93 for more information.]

**A Student Who Is Homeless**

Children who are homeless will be provided flexibility regarding certain district provisions, including:

• Proof of residency requirements;
• Immunization requirements;
• Educational program placement, if the student is unable to provide previous academic records, or misses an application deadline during a period of homelessness;
• Credit-by-examination opportunities;
• The award of partial credit (awarding credit proportionately when a student passes only one semester of a two-semester course);
• Eligibility requirements for participation in extracurricular activities; and
• Graduation requirements.

Federal law allows a homeless student to remain enrolled in the “school of origin” or to enroll in a new school in the attendance area where the student is currently residing.

If a homeless student in grade 11 or 12 transfers to another district but does not meet the graduation requirements of the receiving district, state law allows the student to request a diploma from the previous district if the student meets the criteria to graduate from the previous district.

A student or parent who is dissatisfied by the district’s eligibility, school selection, or enrollment decision may appeal through policy FNG(LOCAL). The district will expedite local timelines, when possible, for prompt dispute resolution.

[See also Credit by Examination for Advancement/Acceleration on page 38, Course Credit on page 38, and Homeless Students on page 74 for more information.]

**A Student Who Has Learning Difficulties or Who Needs Special Education or Section 504 Services**

For those students who are having difficulty in the regular classroom, all school districts must consider tutorial, compensatory, and other academic or behavior support services that are available to all students, including a process based on Response to Intervention (RtI). The
implementation of RtI has the potential to have a positive impact on the ability of districts to meet the needs of all struggling students.

If a student is experiencing learning difficulties, his or her parent may contact the individuals listed below to learn about the school’s overall general education referral or screening system for support services.

This system links students to a variety of support options, including making a referral for a special education evaluation or for a Section 504 evaluation to determine whether the student needs specific aids, accommodations, or services. A parent may request an evaluation for special education or Section 504 services at any time.

**Special Education Referrals**

If a parent makes a written request for an initial evaluation for special education services to the director of special education services or to a district administrative employee of the school district, the district must respond no later than **15 school days** after receiving the request. At that time, the district must give the parent prior written notice of whether it agrees or refuses to evaluate the student, along with a copy of the Notice of Procedural Safeguards. If the district agrees to evaluate the student, it must also give the parent the opportunity to give written consent for the evaluation.

**Note:** A request for a special education evaluation may be made verbally; it does not need to be made in writing. Districts must still comply with all federal prior-written notices and procedural safeguard requirements as well as the requirements for identifying, locating, and evaluating children who are suspected of having a disability and in need of special education. However, a verbal request does not require the district to respond within the 15 school-day timeline.

If the district decides to evaluate the student, it must complete the student’s initial evaluation and evaluation report no later than **45 school days** from the day it receives a parent’s written consent. However, if the student is absent from school during the evaluation period for three or more school days, the evaluation period will be extended by the number of school days equal to the number of school days that the student is absent.

There is an exception to the 45-school-day timeline. If the district receives a parent’s consent for the initial evaluation at least 35 but less than 45 school days before the last instructional day of the school year, it must complete the written report and provide a copy of the report to the parent by June 30 of that year. However, if the student is absent from school for three or more days during the evaluation period, the June 30 due date no longer applies. Instead, the general timeline of 45 school days plus extensions for absences of three or more days will apply.

Upon completing the evaluation, the district must give the parent a copy of the evaluation report at no cost.

Additional information regarding special education is available from the school district in a companion document titled *Parent’s Guide to the Admission, Review, and Dismissal Process*.

**Note:** A request for a special education evaluation may be made verbally and does not need to be in writing. Districts and charter schools must still comply with all federal prior written notice and procedural safeguard requirements and the requirements for
identifying, locating, and evaluating children who are suspected of being a child with a disability and in need of special education. However, a verbal request does not require the district or charter school to respond within the 15-school-day timeline.

**Contact Person for Special Education Referrals**

The designated person to contact regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for special education services is Executive Director of Special Populations at 817-299-4300.

**Section 504 Referrals**

Each school district must have standards and procedures in place for the evaluation and placement of students in the district’s Section 504 program. Districts must also implement a system of procedural safeguards that includes:

- Notice,
- An opportunity for a parent or guardian to examine relevant records,
- An impartial hearing with an opportunity for participation by the parent or guardian and representation by counsel, and
- A review procedure.

**Contact Person for Section 504 Referrals**

The designated person to contact regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for Section 504 services is Director of STARS/SPED Compliance at 682-314-1763.

**Notification to Parent of Intervention Strategies for Learning Difficulties Provided to Student in General Education**

In accordance with state law, the district will annually notify parents if their child receives assistance for learning difficulties. Details of such assistance can include intervention strategies. This notice is not intended for those students already enrolled in a special education program.
Students Who Receive Special Education Services with Other School-Aged Children in the Home

If a student is receiving special education services at a campus outside his or her attendance zone, state law permits the parent or guardian to request that other students residing in the household be transferred to the same campus—if the grade level for the transferring student is offered on that campus.

The student receiving special education services would be entitled to transportation; however, the district is not required to provide transportation to other children in the household.

The parent or guardian should contact the school principal regarding transportation needs prior to requesting a transfer for other children in the home. [See policy FDB(LOCAL).]

Students Who Speak a Primary Language Other than English

A student may be eligible to receive specialized support if his or her primary language is not English, and the student has difficulty performing ordinary class work in English.

If the student qualifies for these services, the Language Proficiency Assessment Committee (LPAC) will determine the types of services the student needs, including accommodations or modifications related to classroom instruction, local assessments, and state-mandated assessments.

Students with Physical or Mental Impairments Protected Under Section 504

A student with a physical or mental impairment that substantially limits a major life activity, as defined by law—and who does not otherwise qualify for special education services—may qualify for protections under Section 504 of the Rehabilitation Act.

Section 504 is a federal law designed to prohibit discrimination against individuals with disabilities.

When an evaluation is requested, a committee will be formed to determine whether the student needs services and supports under Section 504 in order to receive a free appropriate public education (FAPE), as defined in federal law.

[See policy FB.]

Section II: Other Important Information for Students and Parents

Topics in this section of the Student Handbook contain important information on academics, school activities, and school operations and requirements. Take a moment with your child to become familiar with the various issues addressed in this section. It is organized in alphabetical order to serve as a quick-reference when you or your child has a question about a specific school-related issue. Where possible, the topics are also organized to alert you to the applicability of each topic based on a student’s age or grade level. Should you be unable to find the information on a particular topic, please contact a campus administrator.

Absences/Attendance

Regular school attendance is essential for a student to make the most of his or her education—to benefit from teacher-led and school activities, to build each day’s learning on the previous day’s, and to grow as an individual. Absences from class may result in serious disruption of a student’s mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Two state laws—one dealing with the required presence of school-aged children in school, e.g., compulsory attendance, the other with how a student’s attendance affects the award of a student’s final grade or course credit—are of special interest to students and parents. They are discussed below.

Compulsory Attendance

Age 19 and Older

A student who voluntarily attends or enrolls after his or her 19th birthday is required to attend each school day until the end of the school year. If a student age 19 or older has more than five unexcused absences in a semester, the district may revoke the student’s enrollment. The student’s presence on school property thereafter would be unauthorized and may be considered trespassing. [See policy FEA.]

Between Ages 6 and 19

State law requires that a student between the ages of 6 and 19 attend school, as well as any applicable accelerated instruction program, extended year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

State law requires attendance in an accelerated reading instruction program when kindergarten, first grade, or second grade students are assigned to such a program. Parents will be notified in writing if their child is assigned to an accelerated reading instruction program as a result of a diagnostic reading instrument.

A student will be required to attend any assigned accelerated instruction program, which may occur before or after school or during the summer, if the student does not meet the passing standards on the state assessment for his or her grade level and/or applicable subject area.

Prekindergarten and Kindergarten

Students enrolled in prekindergarten or kindergarten are required to attend school and are subject to the compulsory attendance requirements as long as they remain enrolled.
Exemptions to Compulsory Attendance

All Grade Levels

State law allows exemptions to the compulsory attendance requirements for several types of absences if the student makes up all work. These include the following activities and events:

- Religious holy days;
- Required court appearances;
- Activities related to obtaining U.S. citizenship;
- Documented health-care appointments for the student or a child of the student, including absences for recognized services for students diagnosed with autism spectrum disorders, if the student comes to school or returns to school on the same day as the appointment. A note from the health-care provider must be submitted upon the student’s arrival or return to campus; and
- For students in the conservatorship (custody) of the state,
  - An activity required under a court-ordered service plan; or
  - Any other court-ordered activity, provided it is not practicable to schedule the student’s participation in the activity outside of school hours.

As listed in Section I at Children of Military Families, absences of up to five days will be excused for a student to visit with a parent, stepparent, or legal guardian who has been called to duty for, is on leave from, or immediately returned from certain deployments. [See page 18 for that section.]

Secondary Grade Levels

In addition, a junior or senior student’s absence of up to two days related to visiting a college or university will be considered an exemption, provided this has been authorized by the board under policy FEA(LOCAL), the student receives approval from the campus principal, follows the campus procedures to verify such a visit, and makes up any work missed.

An absence will also be considered an exemption if a student 17 years of age or older is pursuing enlistment in a branch of the U.S. armed services or Texas National Guard, provided the absence does not exceed four days during the period the student is enrolled in high school and the student provides verification to the district of these activities.

Absences of up to two days in a school year will also be considered an exemption for a student serving as:

- An early voting clerk, provided the district’s board has authorized this in policy FEA(LOCAL), the student notifies his or her teachers, and the student receives approval from the principal prior to the absences; and
- An election clerk, if the student makes up any work missed.
An absence of a student in grades 6–12 for the purpose of sounding “Taps” at a military honors funeral for a deceased veteran will also be excused by the district.

**Failure to Comply with Compulsory Attendance**

**All Grade Levels**

School employees must investigate and report violations of the state compulsory attendance law. A student absent without permission from school; from any class; from required special programs, such as additional special instruction, termed “accelerated instruction” by the state; or from required tutorials will be considered in violation of the compulsory attendance law and subject to disciplinary action.

**Students with Disabilities**

If a student with a disability is experiencing attendance issues, the student’s ARD committee or Section 504 committee will be notified, and the committee will determine whether the attendance issues warrant an evaluation, a reevaluation, and/or modifications to the student's individualized education program or Section 504 plan, as appropriate.

**Age 19 and Older**

After a student age 19 or older incurs a third unexcused absence, the district will send the student a letter as required by law explaining that the district may revoke the student’s enrollment for the remainder of the school year if the student has more than five unexcused absences in a semester. As an alternative to revoking a student’s enrollment, the district may implement a behavior improvement plan.

**Between Ages 6 and 19**

When a student between ages 6 and 19 incurs unexcused absences for three or more days or parts of days within a four-week period, the school will send a notice to the student’s parent, as required by law, to remind the parent that it is the parent’s duty to monitor the student’s attendance and to require the student to come to school. The notice will also inform the parent that the district will initiate truancy prevention measures and request a conference between school administrators and the parent. These measures will include a behavior improvement plan, school-based community service, or referrals to either in-school or out-of-school counseling or other social services. Any other measures considered appropriate by the district will also be initiated.

If you have questions about your student and the effect of his or her absences from school, please contact the facilitator or any other campus administrator.

A court of law may also impose penalties against a student’s parent if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in court if the student is absent without excuse from school on ten or more days or parts of days within a six-month period in the same school year.

If a student ages 12–18 incurs unexcused absences on ten or more days or parts of days within a six-month period in the same school year, the district, in most circumstances, will refer the student to truancy court.
[See policies FEA(LEGAL) and FED(LEGAL).]

**Attendance for Credit or Final Grade (Kindergarten–Grade 12)**

To receive credit or a final grade in a class, a student in kindergarten–grade 12 must attend at least 90 percent of the days the class is offered. A student who attends at least 75 percent but fewer than 90 percent of the days the class is offered may receive credit or a final grade for the class if he or she completes a plan, approved by the principal, who allows the student to fulfill the instructional requirements for the class. If a student is involved in a criminal or juvenile court proceeding, the approval of the judge presiding over the case will also be required before the student receives credit or a final grade for the class.

If a student attends less than 75 percent of the days a class is offered or has not completed the plan approved by the principal, then the student will be referred to the attendance review committee to determine whether there are extenuating circumstances for the absences and how the student can regain credit or a final grade lost because of absences. [See policy FEC.]

All absences, whether excused or unexcused, must be considered in determining whether a student has attended the required percentage of days. In determining whether there were extenuating circumstances for the absences, the attendance committee will use the following guidelines:

- If makeup work is completed, absences for the reasons listed above at Exemptions to Compulsory Attendance will be considered extenuating circumstances for purposes of attendance for credit or the award of a final grade.
- A transfer or migrant student begins to accumulate absences only after he or she has enrolled in the district.
- In reaching a decision about a student’s absences, the committee will attempt to ensure that it is in the best interest of the student.
- The committee will consider the acceptability and authenticity of documented reasons for the student’s absences.
- The committee will consider whether the absences were for reasons over which the student or the student’s parent could exercise any control.
- The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
- The student or parent will be given an opportunity to present any information to the committee about the absences and to talk about ways to earn or regain credit or a final grade.

The student or parent may appeal the committee’s decision to the board by following policy FNG(LOCAL).

The actual number of days a student must be in attendance to receive credit or a final grade will depend on whether the class is for a full semester or for a full year.
Official Attendance-Taking Time (All Grade Levels)

The district must submit attendance of its students to the TEA reflecting attendance at a specific time each day.

Official attendance is taken every day at a specific time determined by the district (times per level may vary) as required by state rule.

A student absent for any portion of the day, including at the official attendance-taking time, should follow the procedures below to provide documentation of the absence.

Documentation after an Absence (All Grade Levels)

When a student is absent from school, the student—upon arrival or return to school—must bring a note signed by the parent that describes the reason for the absence. A note signed by the student, even with the parent’s permission, will not be accepted unless the student is age 18 or older or is an emancipated minor under state law. A phone call from the parent may be accepted, but the district reserves the right to require a written note.

The campus will document in its attendance records for the student whether the absence is considered by the district to be excused or unexcused.

Note: Unless the absence is for a statutorily allowed reason under compulsory attendance laws, the district is not required to excuse any absence, even if the parent provides a note explaining the absence.

Doctor’s Note after an Absence for Illness (All Grade Levels)

Within 3 days of returning to school, a student absent for more than 5 consecutive days because of a personal illness must bring a statement from a doctor or health clinic verifying the illness or condition that caused the student’s extended absence from school. Otherwise, the student’s absence may be considered unexcused and, if so, would be considered to be in violation of compulsory attendance laws.

Should the student develop a questionable pattern of absences, the principal or attendance committee may require a statement from a doctor or health clinic verifying the illness or condition that caused the student’s absence from school to determine whether the absence or absences will be excused or unexcused.

[See policy FEC(LOCAL).]

Family Trips (All Grade Levels)

Students shall be excused for family trips, subject to the following guidelines:

- Parents must notify the school in advance in writing.
- Students must make prior arrangements (at least one week) with teachers for make-up work.
- Semesters exams will not be given early.
- A maximum of five consecutive school days or one trip per year shall be allowed. These days are included in the 90% permitted by law. [Board Policy FEC (Local)]
**Driver License Attendance Verification (Secondary Grade Levels Only)**

For a student between the ages of 16 and 18 to obtain a driver license, written parental permission must be provided for the Texas Department of Public Safety (DPS) to access the student’s attendance records and, in certain circumstances, for a school administrator to provide the student’s attendance information to DPS. A verification of enrollment (VOE) and attendance form may be obtained from the office, which the student will need to submit to DPS upon application for a driver license.

**Accountability under State and Federal Law (All Grade Levels)**

Mansfield ISD and each of its campuses are held to certain standards of accountability under state and federal law. A key component of the accountability requirements is the dissemination and publication of certain reports and information, which include:

- The Texas Academic Performance Report (TAPR) for the district, compiled by TEA, the state agency that oversees public education, based on academic factors and ratings;
- A School Report Card (SRC) for each campus in the district compiled by TEA based on academic factors and ratings;
- The district’s financial management report, which will include the financial accountability rating assigned to the district by TEA; and
- Information compiled by TEA for the submission of a federal report card that is required by federal law.

This information can be found on the district’s website at [www.mansfieldisd.org](http://www.mansfieldisd.org). Hard copies of any reports are available upon request to the district’s administration office.

TEA also maintains additional accountability and accreditation information at [TEA Performance Reporting Division](http://www.tea.state.tx.us/) and the [TEA homepage](http://www.tea.state.tx.us/).

**Armed Services Vocational Aptitude Battery Test**

A student in grades 10–12 will be offered an opportunity to take the Armed Services Vocational Aptitude Battery test and consult with a military recruiter.

Please contact the principal for information about this opportunity.

**Bullying (All Grade Levels)**

Bullying is defined in Section 37.0832 of the Education Code as a single significant act or a pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct that:

- Has the effect or will have the effect of physically harming a student, damaging a student’s property, or placing a student in reasonable fear of harm to the student’s person or of damage to the student’s property;
- Is sufficiently severe, persistent, or pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student;
• Materially and substantially disrupts the educational process or the orderly operation of a classroom or school; or
• Infringes on the rights of the victim at school.

Bullying includes cyberbullying. Cyberbullying is defined by Section 37.0832 of the Education Code as bullying that is done through the use of any electronic communication device, including through the use of a cellular or other type of telephone, a computer, a camera, electronic mail, instant messaging, text messaging, a social media application, an Internet website, or any other Internet-based communication tool.

The district is required to adopt policies and procedures regarding:
• Bullying that occurs on or is delivered to school property or to the site of a school-sponsored or school-related activity on or off school property;
• Bullying that occurs on a publicly or privately owned school bus or vehicle being used for transportation of students to or from school or a school-sponsored or school-related activity; and
• Cyberbullying that occurs off school property or outside of a school-sponsored or school-related activity if the cyberbullying interferes with a student’s educational opportunities or substantially disrupts the orderly operation of a classroom, school, or school-sponsored or school-related activity.

Bullying is prohibited by the district and could include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name-calling, rumor-spreading, or ostracism.

If a student believes that he or she has experienced bullying or has witnessed bullying of another student, it is important for the student or parent to notify a teacher, school counselor, principal, or another district employee as soon as possible to obtain assistance and intervention. The administration will investigate any allegations of bullying or other related misconduct. The district will also provide notice to the parent of the alleged victim and the parent of the student alleged to have engaged in bullying. A student may anonymously report an alleged incident of bullying by contacting MISD Police or campus administration.

If the results of an investigation indicate that bullying has occurred, the administration will take appropriate disciplinary action and may notify law enforcement in certain circumstances. Disciplinary or other action may be taken even if the conduct did not rise to the level of bullying. Available counseling options will be provided to these individuals, as well as to any students who have been identified as witnesses to the bullying.

Any retaliation against a student who reports an incident of bullying is prohibited.

Upon the recommendation of the administration, the board may, in response to an identified case of bullying, decide to transfer a student found to have engaged in bullying to another classroom at the campus. In consultation with the student’s parent, the student may also be transferred to another campus in the district. The parent of a student who has been determined by the district to be a victim of bullying may request that the student be
transferred to another classroom or campus within the district. [See Safety Transfers/Assignments on page 18.]

**MISD Bullying Policy**

The District prohibits retaliation by a student or District employee against any person who in good faith makes a report of bullying, serves as a witness, or participates in an investigation.

Reports of bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to immediately report may impair the District’s ability to investigate and address the prohibited conduct.

To obtain assistance and intervention, any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, school counselor, principal, or other District employee.

Any District employee who suspects or receives notice that a student or group of students has or may have experienced bullying shall immediately notify the principal or designee.

A report may be made orally or in writing. The principal or designee shall reduce any oral reports to written form.

The principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited conduct as defined by policy FFH, including *dating violence and harassment or discrimination on the basis of race, color, religion, gender, national origin, or disability*. If so, the District shall proceed under policy FFH. If the allegations could constitute both prohibited conduct and bullying, the investigation under FFH shall include a determination on each type of conduct.

The principal or designee shall conduct an appropriate investigation based on the allegations in the report. The principal or designee shall promptly take interim action calculated to prevent bullying during the course of an investigation, if appropriate. Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the initial report alleging bullying.

The principal or designee shall prepare a final, written report of the investigation. The report shall include a determination of whether bullying occurred, and if so, whether the victim used reasonable self-defense. A copy of the report shall be sent to the Superintendent or designee.

If an incident of bullying is confirmed, the principal or designee shall promptly notify the parents of the victim and of the student who engaged in bullying.

If the results of an investigation indicate that bullying occurred, the District shall promptly respond by taking appropriate disciplinary action in accordance with the District’s Student Code of Conduct and may take corrective action reasonably calculated to address the conduct.

A student who is a victim of bullying and who used reasonable self-defense in response to the bullying shall not be subject to disciplinary action.

The principal or designee shall notify the victim, the student who engaged in bullying, and any students who witnessed the bullying of available counseling options.

If the investigation reveals improper conduct that did not rise to the level of prohibited conduct or bullying, the District may take action in accordance with the Student Code of Conduct or any other appropriate corrective action.
A student or parent who is dissatisfied with the outcome of an investigation may appeal through policy FNG(LOCAL).

[See Safety Transfers/Assignments on page 18, Dating Violence, Discrimination, Harassment, and Retaliation on page 38, Hazing on page 68, policy FFI, and the district improvement plan, a copy of which can be viewed in the campus office.]

**Career and Technical Education (CTE) Programs (Secondary Grade Levels Only)**

Mansfield ISD provides a large selection of CTE courses. A majority of the courses are offered at Ben Barber Career Tech Academy. Admission to these programs is based on diverse criteria which are outlined in the High School Course Description Guide. These courses provide students the potential for college credit, industry level training, certifications, and internships that can be aligned with students’ career pathway preferences. Questions regarding MISD Career and Technology programs can be answered by calling BBCTA at 817-299-1900 or by accessing the Ben Barber website.

It is the policy of the district not to discriminate on the basis of race, color, national origin, sex, handicap in its vocational programs, services, or activities as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

It is the policy of the district not to discriminate on the basis of race, color, national origin, sex, handicap, or age in its employment practices as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975, as amended; and Section 504 of the Rehabilitation Act of 1973, as amended.

The district will take steps to assure that lack of English language skills will not be a barrier to admission and participation in all educational and vocational programs.

[See Nondiscrimination Statement on page 81 for the name and contact information for the Title IX coordinator and ADA/Section 504 coordinator, who will address certain allegations of discrimination.]

**Celebrations (All Grade Levels)**

Although a parent or grandparent is not prohibited from providing food for a school-designated function or for children in the child’s or grandchild’s classroom for his or her birthday, please be aware that children in the school may have severe allergies to certain food products. Therefore, it is imperative to discuss this with the child’s teacher prior to bringing any food in this circumstance. Occasionally, the school or a class may host certain functions or celebrations tied to the curriculum that will involve food. The school or teacher will notify students and parents of any known food allergies when soliciting potential volunteers for bringing food products.

[See Food Allergies on page 71.]
Child Sexual Abuse and Other Maltreatment of Children (All Grade Levels)

The district has established a plan for addressing child sexual abuse and other maltreatment of children, which may be accessed at http://pol.tasb.org/Policy/Code/1104?filter=DMA. As a parent, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused. Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child’s mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. A person who compels or encourages a child to engage in sexual conduct commits abuse. It is illegal to make or possess child pornography or to display such material to a child. Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, for reporting the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS).

Possible physical warning signs of sexual abuse could be difficulty sitting or walking, pain in the genital areas, and claims of stomachaches and headaches. Behavioral indicators may include verbal references or pretend games of sexual activity between adults and children, fear of being alone with adults of a particular gender, or sexually suggestive behavior. Emotional warning signs to be aware of include withdrawal, depression, sleeping and eating disorders, and problems in school.

A child who has experienced sexual abuse or any other type of abuse or neglect should be encouraged to seek out a trusted adult. Be aware as a parent or other trusted adult that disclosures of sexual abuse may be more indirect than disclosures of physical abuse and neglect, and it is important to be calm and comforting if your child, or another child, confides in you. Reassure the child that he or she did the right thing by telling you.

Parents, if your child is a victim of sexual abuse or other maltreatment, the school counselor or principal will provide information regarding counseling options for you and your child available in your area. The Texas Department of Family and Protective Services (DFPS) also manages early intervention counseling programs. [To find out what services may be available in your county, see Texas Department of Family and Protective Services, Programs Available in Your County.]

Be aware that children and adolescents who have experienced dating violence may show similar physical, behavioral, and emotional warning signs. [See Dating Violence, Discrimination, Harassment, and Retaliation (All Grade Levels) on page 38.]

The following websites might help you become more aware of child abuse and neglect:

- Child Welfare Information Gateway Factsheet
- KidsHealth, For Parents, Child Abuse
- Texas Association Against Sexual Assault, Resources

Reports of abuse or neglect may be made to:

The CPS division of the DFPS (1-800-252-5400 or on the web at Texas Abuse Hotline Website).
Class Rank/Highest-Ranking Student (Secondary Grade Levels Only)

[See appropriate Appendix for High, Middle, Intermediate, and Elementary guidelines.]

[For further information, see policy EIC.]

Class Schedules (Secondary Grade Levels Only)

All students are expected to attend school for the entire school day and maintain a class/course schedule to fulfill each period of the day. Exceptions may be made occasionally by the campus principal for students in grades 9–12 who meet specific criteria and receive parental consent to enroll in less than a full-day’s schedule.

[See appropriate Appendix for High, Middle, Intermediate, and Elementary guidelines.]

College and University Admissions and Financial Aid (Secondary Grade Levels Only)

For two school years following graduation, a district student who graduates in the top ten percent and, in some cases, the top 25 percent, of his or her class is eligible for automatic admission into four-year public universities and colleges in Texas if the student:

- Completes the distinguished level of achievement under the foundation graduation program (a student must graduate with at least one endorsement and must have taken Algebra II as one of the four required math courses); or
- Satisfies the ACT College Readiness Benchmarks or earns at least a 1500 out of 2400 on the SAT.

In addition, the student must submit a completed application for admission in accordance with the deadline established by the college or university. The student is ultimately responsible for ensuring that he or she meets the admission requirements of the university or college to which the student submits an application.

The University of Texas at Austin may limit the number of students automatically admitted to 75 percent of the University’s enrollment capacity for incoming resident freshmen. For students who are eligible to enroll in the University during the summer or fall 2019 term, the University will admit the top six percent of the high school’s graduating class who meet the above requirements. Additional applicants will be considered by the University through a holistic review process.

Should a college or university adopt an admissions policy that automatically accepts the top 25 percent of a graduating class, the provisions above will also apply to a student ranked in the top 25 percent of his or her class.

Upon a student’s registration for his or her first course that is required for high school graduation, the district will provide written notice concerning automatic college admission, the curriculum requirements for financial aid, and the benefits of completing the requirements for automatic admission and financial aid. Parents and students will be asked to sign an acknowledgment that they received this information.
Students and parents should contact the school counselor for further information about automatic admissions, the application process, and deadlines.

[See appropriate Appendix for High, Middle, Intermediate, and Elementary guidelines.]

[See Students in the Conservatorship of the State (Foster Care) on page 19 for information on assistance in transitioning to higher education for students in foster care.]

**College Credit Courses (Secondary Grade Levels Only)**

[See appropriate Appendix for High school and Middle School guidelines.]

**Communications—Automated**

**Emergency**

The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real-time or automated messages. An emergency purpose may include early dismissal or delayed opening because of severe weather or another emergency, or if the campus must restrict access due to a security threat. It is crucial to notify your child’s school when a phone number previously provided to the district has changed.

[See Safety on page 86 for information regarding contact with parents during an emergency situation.]

**Nonemergency**

Your child’s school will request that you provide contact information, such as your phone number and e-mail address, for the school to communicate items specific to your child, your child’s school, or the district. If you consent to receive such information through a landline or wireless phone, please ensure that you notify the school’s administration office immediately upon a change in your phone number. The district or school may generate automated or pre-recorded messages, text messages, or real-time phone or e-mail communications that are closely related the school’s mission, so prompt notification of any change in contact information will be crucial to maintain timely communication with you. Standard messaging rates of your phone carrier may apply. If you have specific requests or needs related to how the district contacts you, please contact your child’s principal. [See Safety on page 86 for information regarding contact with parents during an emergency situation.]

**Complaints and Concerns (All Grade Levels)**

Usually student or parent complaints or concerns can be addressed informally by a phone call or a conference with the teacher or principal. For those complaints and concerns that cannot be handled so easily, the board has adopted a standard complaint policy at FNG(LOCAL) in the district’s policy manual. A copy of this policy and complaint forms may be obtained in the principal’s or superintendent’s office or at http://pol.tasb.org/Policy/Code/1104?filter=FNG.

Should a parent or student feel a need to file a formal complaint, the parent or student should file a district complaint form within the timelines established in policy FNG(LOCAL). In general, the student or parent should submit the written complaint form to the campus principal. If the
concern is not resolved, a request for a conference should be sent to the superintendent. If still unresolved, the district provides for the complaint to be presented to the board of trustees.

**Conduct (All Grade Levels)**

**Applicability of School Rules**

As required by law, the board has adopted a Student Code of Conduct that prohibits certain behaviors and defines standards of acceptable behavior—both on and off campus as well as on district vehicles—and consequences for violation of these standards. The district has disciplinary authority over a student in accordance with the Student Code of Conduct. Students and parents should be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules. During any periods of instruction during the summer months, the Student Handbook and Student Code of Conduct in place for the year immediately preceding the summer period shall apply, unless the district amends either or both documents for the purposes of summer instruction.

**Campus Behavior Coordinator**

By law, each campus has a campus behavior coordinator to apply discipline management techniques and administer consequences for certain student misconduct, as well as provide a point of contact for student misconduct.

**Deliveries**

Except in emergencies, delivery of messages or packages to students will not be allowed during instructional time. A parent may leave a message or a package, such as a forgotten lunch, for the student to pick up from the front office during a passing period or lunch.

**Disruptions of School Operations**

Disruptions of school operations are not tolerated and may constitute a misdemeanor offense. As identified by law, disruptions include the following:

- Interference with the movement of people at an exit, entrance, or hallway of a district building without authorization from an administrator.
- Interference with an authorized activity by seizing control of all or part of a building.
- Use of force, violence, or threats in an attempt to prevent participation in an authorized assembly.
- Use of force, violence, or threats to cause disruption during an assembly.
- Interference with the movement of people at an exit or an entrance to district property.
- Use of force, violence, or threats in an attempt to prevent people from entering or leaving district property without authorization from an administrator.
- Disruption of classes or other school activities while on district property or on public property that is within 500 feet of district property. Class disruption includes making loud noises; trying to entice a student away from, or to prevent a student from
attending, a required class or activity; and entering a classroom without authorization and disrupting the activity with loud or profane language or any misconduct.

- Interference with the transportation of students in vehicles owned or operated by the district.

**Social Events**

School rules apply to all school social events. Guests attending these events are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of his or her guest.

A student attending a social event will be asked to sign out when leaving before the end of the event; anyone leaving before the official end of the event will not be readmitted.

Please contact the campus principal if you are interested in serving as a chaperone for any school social events.

**Counseling**

**Academic Counseling**

**Elementary and Middle/Junior High School Grade Levels**

The school counselor is available to students and parents to talk about the importance of postsecondary education and how best to plan for postsecondary education, including appropriate courses to consider and financial aid availability and requirements.

In either grade 7 or 8, each student will receive instruction related to how the student can best prepare for high school, college, and a career.

**High School Grade Levels**

High school students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn more about course offerings, graduation requirements, and early graduation procedures. Each year, high school students will be provided information on anticipated course offerings for the next school year and other information that will help them make the most of academic and CTE opportunities, as well as information on the importance of postsecondary education.

The school counselor can also provide information about entrance examinations and application deadlines, as well as information about automatic admission, financial aid, housing, and scholarships as these relate to state colleges and universities. Additionally, the school counselor can provide information about workforce opportunities after graduation or technical and trade school opportunities, including opportunities to earn industry-recognized certificates and licenses.

**Personal Counseling (All Grade Levels)**

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional or mental health issues, or substance abuse. A student who wishes to meet with the school counselor should schedule an appointment with
the school counselor. As a parent, if you are concerned about your child’s mental or emotional health, please speak with the school counselor for a list of resources that may be of assistance.

[See Substance Abuse Prevention and Intervention on page 93, Suicide Awareness and Mental Health Support on page 93, and Child Sexual Abuse and Other Maltreatment of Children and Dating Violence on page 33.]

**Course Credit (Secondary Grade Levels Only)**

[See appropriate Appendix for High and Middle guidelines.]

**Credit by Examination—If a Student Has Taken the Course/Subject (All Grade Levels)**

[See appropriate Appendix for High, Middle, Intermediate, and Elementary guidelines.]

[For further information, see the school counselor and policy EHDB(LOCAL).]

**Credit by Examination for Advancement/Acceleration—If a Student Has Not Taken the Course/Subject**

[See appropriate Appendix for High, Middle, Intermediate, and Elementary guidelines.]

[For further information, see policy EHDC.]

**Kindergarten Acceleration**

[For further information, see policy EHDB and EHDC.]

**Students in Grades 1–5**

A student in elementary school will be eligible to accelerate to the next grade level if the student scores at least 80 on each examination in the subject areas of language arts, mathematics, science, and social studies, a district administrator recommends that the student be accelerated, and the student’s parent gives written approval of the grade advancement.

**Students in Grades 6–12**

A student in grade 6 or above will earn course credit with a passing score of at least 80 on the examination, a scaled score of 50 or higher on an examination administered through the CLEP, or a score of 3 or higher on an AP examination, as applicable. A student may take an examination to earn high school course credit no more than twice. If a student fails to achieve the designated score on the applicable exam before the beginning of the school year in which the student would need to enroll in the course according to the school’s high school course sequence, the student must complete the course.

**Dating Violence, Discrimination, Harassment, and Retaliation (All Grade Levels)**

The district believes that all students learn best in an environment free from dating violence, discrimination, harassment, and retaliation and that their welfare is best served when they are free from this prohibited conduct while attending school. Students are expected to treat other students and district employees with courtesy and respect, to avoid behaviors known to be
offensive, and to stop those behaviors when asked or told to stop. District employees are expected to treat students with courtesy and respect.

The board has established policies and procedures to prohibit and promptly respond to inappropriate and offensive behaviors that are based on a person’s race, color, religion, sex, gender, national origin, disability, age, or any other basis prohibited by law. A copy of the district’s policy is available in the principal’s office and in the superintendent’s office or on the district’s website. [See policy FFH.]

**Dating Violence**

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship. Dating violence also occurs when a person commits these acts against a person in a marriage or dating relationship with the individual who is or was once in a marriage or dating relationship with the person committing the offense. This type of conduct is considered harassment if the conduct is so severe, persistent, or pervasive that it affects the student’s ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student’s academic performance.

Examples of dating violence against a student may include, but are not limited to, physical or sexual assaults; name-calling; put-downs; threats to hurt the student, the student’s family members, or members of the student’s household; destroying property belonging to the student; threats to commit suicide or homicide if the student ends the relationship; threats to harm a student’s current dating partner; attempts to isolate the student from friends and family; stalking; or encouraging others to engage in these behaviors.

**Discrimination**

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, sex, gender, national origin, disability, age, or any other basis prohibited by law that negatively affects the student.

**Harassment**

Harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects the student’s ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student’s academic performance.

Examples of harassment may include, but are not limited to, offensive or derogatory language directed at a person’s religious beliefs or practices, accent, skin color, or need for accommodation; threatening, intimidating, or humiliating conduct; offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.
In addition to dating violence as described above, two other types of prohibited harassment are described below.

**Sexual Harassment and Gender-Based Harassment**

Sexual harassment and gender-based harassment of a student by an employee, volunteer, or another student are prohibited.

Examples of sexual harassment may include, but not be limited to, touching private body parts or coercing physical contact that is sexual in nature; sexual advances; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact not reasonably construed as sexual in nature, such as comforting a child with a hug or taking the child’s hand. However, romantic and other inappropriate social relationships, as well as all sexual relationships, between students and district employees are prohibited, even if consensual.

Gender-based harassment includes harassment based on a student’s gender, expression by the student of stereotypical characteristics associated with the student’s gender, or the student’s failure to conform to stereotypical behavior related to gender.

Examples of gender-based harassment directed against a student, regardless of the student’s or the harasser’s actual or perceived sexual orientation or gender identity, may include, but not be limited to, offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.

**Retaliation**

Retaliation against a person who makes a good faith report of discrimination or harassment, including dating violence, is prohibited. Retaliation against a person who is participating in an investigation of alleged discrimination or harassment is also prohibited. A person who makes a false claim or offers false statements or refuses to cooperate with a district investigation, however, may be subject to appropriate discipline.

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

**Reporting Procedures**

Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, school counselor, principal, or other district employee. The report may be made by the student’s parent. [See policy FFH(LOCAL) and (EXHIBIT) for other appropriate district officials to whom to make a report.]

Upon receiving a report of prohibited conduct as defined by policy FFH, the district will determine whether the allegations, if proven, would constitute prohibited conduct as defined by that policy. If not, the district will refer to policy FFI to determine if the allegations, if proven,
would constitute bullying, as defined by law and that policy. If the alleged prohibited conduct, if proven, would constitute prohibited conduct and would also be considered bullying as defined by law and policy FFI, an investigation of bullying will also be conducted.

The district will promptly notify the parent of any student alleged to have experienced prohibited conduct involving an adult associated with the district. In the event alleged prohibited conduct involves another student, the district will notify the parent of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy FFH.

**Investigation of Report**

To the extent possible, the district will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law. Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated.

If a law enforcement or other regulatory agency notifies the district that it is investigating the matter and requests that the district delay its investigation, the district will resume the investigation at the conclusion of the agency’s investigation.

During the course of an investigation and when appropriate, the district will take interim action to address the alleged prohibited conduct.

If the district’s investigation indicates that prohibited conduct occurred, appropriate disciplinary action, and, in some cases, corrective action, will be taken to address the conduct. The district may take disciplinary and corrective action even if the conduct that is the subject of the complaint was not unlawful.

All involved parties will be notified of the outcome of the district investigation within the parameters and limits allowed under the Family Educational Rights and Privacy Act (FERPA).

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

**Discrimination**

[See Dating Violence, Discrimination, Harassment, and Retaliation on page 38.]

**Distance Learning (High School)**

Distance learning and correspondence courses include courses that encompass the state-required essential knowledge and skills but are taught through multiple technologies and alternative methodologies such as mail, satellite, Internet, video-conferencing, and instructional television.

The Texas Virtual School Network (TxVSN) has been established as one method of distance learning. A student has the option, with certain limitations, to enroll in a course offered through the TxVSN to earn course credit for graduation.

Depending on the TxVSN course in which a student enrolls, the course may be subject to the “no pass, no play” rules. [Also see Extracurricular Activities, Clubs, and Organizations.] In
addition, for a student who enrolls in a TxVSN course for which an end-of-course (EOC) assessment is required, the student must still take the corresponding EOC assessment.

The additional distance learning opportunities available to district students are Mansfield ISD Virtual School or another course provider selected by MISD.

If you have questions or wish to make a request that your child be enrolled in a Distance Learning course, please contact a school counselor. A student will not be allowed to enroll in a TxVSN course if the school offers the same or a similar course.

If a student wishes to enroll in a correspondence course or a distance learning course that is not provided through the Texas Virtual School Network (TxVSN), as described below, in order to earn credit in a course or subject, the student must receive permission from the principal prior to enrolling in the course or subject.

If the student does not receive prior approval, the district may not recognize and apply the course or subject toward graduation requirements or subject mastery.

The following procedures have been developed for the Mansfield ISD Virtual School with student success in mind. Adherence to these procedures will be expected and consequences enforced.

• Academic dishonesty will not be tolerated in Mansfield ISD Virtual School. It is essential that online students work through each assignment in the course and take the course assessments independently. In addition to carefully reviewing each student’s course work, Mansfield ISD Virtual School administrators, course instructors and mentor teachers monitor academic integrity electronically through the course delivery system and software programs.

• Academic dishonesty includes, but is not limited to: plagiarism, fabrication of information or citations, submitting the work of another person, allowing another person to substitute for oneself in completing course work or taking a course test, submitting work previously used without informing the instructor and securing written approval, or tampering with computer files and/or academic work of other students.

Academic dishonesty will result in one or more of the following actions:
• Loss of grade points,
• Removal from course,
• Failure to receive credit for the course, and
• Loss of eligibility to earn credits through Mansfield ISD Virtual School.

If an offense occurs, the student will be notified by email from their course instructor that their parents and local school district officials will be notified of the infraction and the appropriate disciplinary action taken.

Please Note: Regardless of whether the academic dishonesty is a first or second offense, if the incident is deemed severe, the student will be removed from the course.

• Academic integrity is a critical issue in any educational setting.
Mansfield ISD Virtual School is committed to academic excellence for every student and believes in and supports each student’s personal acquisition of knowledge.

- **Credits**
  Students may be enrolled in a maximum of two online courses at a time unless approved by the Director of Student Services.

  Grades earned in Virtual School courses shall be used in computing GPA and determining class rankings. [Reference Mansfield ISD School Board Policy EEJC Local]

- **Enrollment**
  Students must have campus approval for enrollment in any online course.

  All decisions concerning course approval are made through campus procedures by the school counselor and building principal.

- **Course Credit**
  In order to earn credit for an online course, a student must: complete all course work and in the process of completing all course work, must earn at least a 70 average.

- **Technology**
  All participation regarding online activity must comply with the MISD student technology use guidelines

  Students are expected to use the Internet and associated technology appropriately. Actions that constitute inappropriate use include, but are not limited to:

  - Intentionally wasting resources.
  - Using the school’s hardware, software or network for commercial purposes.
  - Participating in any type of teleconferencing or chat without permission of instructional staff or using e-mail without instructional staff permission and supervision.
  - Using another’s password.
  - Revealing passwords to others.
  - Vandalizing any part of the computer hardware, software or the network. This includes theft of any hardware or software.
  - Displaying or sending offensive messages or pictures on the network or while using any school owned computer.
  - Sending a threatening or harassing message.
  - Trespassing in another’s files or misusing or deleting another’s files.
  - Publishing inappropriate information on the district Web page.
  - Other unethical use of the school’s network system or to interfere with or disrupt network users, services or equipment as determined by the Assistant Superintendent for Technology and Information Services.
  - Interfering with the integrity of a network system.
  - Interfering with the integrity of any e-mail system.
  - Illegal activities that violate either State or Federal laws or District policies.
  - Intentional spreading of embedded messages or files.
• Violating copyright laws. This includes making illegal copies of school owned software.
• Transcript

Mansfield ISD Virtual School will submit an email to the registrar’s office and school counselor of the student’s home campus for notification of course grade and credit earned.

• Tuition/Fees
  Any online course that is not scheduled during a student’s school day may require full payment by the student.
  If a student needs to extend a course for completion, an extension fee shall be charged.

---

**Distribution of Literature, Published Materials, or Other Documents (All Grade Levels)**

**School Materials**
Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may include school posters, brochures, flyers, etc.

The school newspaper and the yearbook are available to students.

All school publications are under the supervision of a teacher, sponsor, and the principal.

**Nonschool Materials**

**From Students**
Students must obtain prior approval from the campus principal before selling, posting, circulating, or distributing more than 10 copies of written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any nonschool material must include the name of the sponsoring person or organization. The decision regarding approval will be made within two school days.

The campus principal has designated the location for approved nonschool materials to be placed for voluntary viewing or collection by students. [See policy FNAA.]

A student may appeal a decision in accordance with policy FNG(LOCAL). Any student who sells, posts, circulates, or distributes nonschool material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without approval will be removed.

[See FNG(LOCAL) for student complaint procedures.]

**From Others**
Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not sponsored by the district or by a district-affiliated school-support organization will not be sold, circulated, distributed, or posted on any district premises by any
district employee or by persons or groups not associated with the district, except as permitted by policy GKDA. To be considered for distribution, any nonschool material must meet the limitations on content established in the policy, include the name of the sponsoring person or organization, and be submitted to the District’s Communication Department for prior review. The District’s Communication Department will approve or reject the materials within two school days of the time the materials are received. The requestor may appeal a rejection in accordance with the appropriate district complaint policy. [See policies at DGBA or GF.]

The campus principal has designated the location for approved nonschool materials to be placed for voluntary viewing or collection.

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours.
- Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD(LOCAL) or a noncurriculum-related student group meeting held in accordance with FNAB(LOCAL).
- Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law.

All nonschool materials distributed under these circumstances must be removed from district property immediately following the event at which the materials are distributed.

**Dress and Grooming (All Grade Levels)**

The district’s dress code is established to teach grooming and hygiene, prevent disruption, and minimize safety hazards. Students and parents may determine a student’s personal dress and grooming standards, provided that they comply with the following:

**Shirts & Tops**

- Halter, tube, and tank tops, as well as tops with large armholes and muscle shirts are not allowed. Additionally, all shirts/blouses/tops must cover cleavage, the entire back, and midriff. The middle section (midriff) of the body must be covered at all times including during reasonable movement. Tops that are sleeveless must measure 2 inches or more across the shoulders. Transparent and/or see-through material is considered unacceptable unless worn over another article of clothing that meets dress code.

- Layering of shirts or tops is acceptable provided the combination of clothing meets the above standards throughout the school day.

- Students will not wear clothing with pictures, emblems, or writing that is lewd, offensive, suggestive, vulgar, obscene, or that advertises or depicts tobacco products, alcoholic beverages, drugs, pornography, or any other prohibited items.
• Any clothing, accessories, symbols, jewelry, or paraphernalia that depicts or suggests association with a gang, criminal organization, or secret society shall not be worn or brought to school or in any way be present at any school-sponsored event.

• Appropriately sized coats and jackets may be worn to school, but campus administration may require the item to be stored in the student’s lockers.

Pants, Dresses, Skirts, Skorts, & Shorts

Jeans and pants with holes or frayed material, which reveals any area of skin or undergarments above fingertip length, are considered inappropriate.

• Pants, shorts, skorts, and skirts that do not fit at the waistline are inappropriate. No sagging is allowed.

• Spandex, tights, leggings / jeggings, and yoga style clothing will be allowed only if they are worn under pants, shorts, skorts, dresses, and skirts that are fingertip length front and back all the way around.

• Dresses, skirts, skorts, and shorts length must measure fingertip length front to back all the way around while sitting and standing.

• Dresses, skirts, skorts, and shorts length must be measured from the top of the slit.

• Pajamas, bathrobes, and or sleepwear are not allowed. Underwear, muscle shirts, half shirts, or any other clothing similar to undergarments may not be visible.

• Sliding/Biking/Compression shorts may not be worn unless covered by dress code approved shorts.

Accessories

The following may not be worn during the school day:

• Any type of head covering to include: caps, hats, berets, head scarfs (unless for medical or religious reasons), hoods (hoodie), Du rags, kerchiefs, or visors.

• Sunglasses (unless medical documentation or administrator approval is provided).

• Blankets or throws.

• Bandanas (as a head covering or headband).
• Ear muffs.

• Visible piercings with the exception of the ears and one single piercing on the face.

• Any accessories, symbols, jewelry, tattoos, or paraphernalia, which depicts or suggests association with a gang, secret society/fraternity, inappropriate or derogatory language, racism, or sexual connotations and or deemed distracting.

• Chains or wallets with chains.

• Spiked jewelry.

• Any shoes that aren’t considered safe (cleats, shoes with wheels, house or slippers/shoes).

• Mouth accessories to include: “grillzs” or Dracula teeth.

• Eye contacts that are cat eyes or Halloween/costume style contacts.

• Costumes (unless approved by a school organized activity).

• Hair that causes a health or safety hazard and or a disruption of the school environment.

Campus Administration has final judgment on whether or not a student is in compliance with the dress code.

If the principal determines that a student’s grooming or clothing violates the school’s dress code, the student will be given an opportunity to correct the problem at school. If not corrected, the student may be assigned to in-school suspension for the remainder of the day, until the problem is corrected, or until a parent or designee brings an acceptable change of clothing to the school. Repeated offenses may result in more serious disciplinary action in accordance with the Student Code of Conduct.

Electronic Devices and Technology Resources (All Grade Levels)

Possession and Use of Personal Telecommunications Devices, Including Mobile Telephones

For safety purposes, the district permits students to possess personal mobile telephones; however, these devices must remain turned off during the instructional day, including during all testing, unless they are being used for approved instructional purposes. A student must have approval to possess other telecommunications devices such as netbooks, laptops, tablets, or other portable computers.

The use of mobile telephones or any device capable of capturing images is strictly prohibited in locker rooms or restroom areas while at school or at a school-related or school-sponsored event.
If a student uses a telecommunications device without authorization during the school day, the device will be confiscated. An administrative fee of $15 may be assessed in order to pick up the confiscated telecommunications device from the office.

Confiscated telecommunications devices that are not retrieved by the student or the student’s parent will be disposed of after the notice required by law. [See policy FNCE.]

In limited circumstances and in accordance with law, a student’s personal telecommunications device may be searched by authorized personnel. [See Searches on page 89 and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for damaged, lost, or stolen telecommunications devices.

**Possession and Use of Other Personal Electronic Devices**

Except as described below, students are not permitted to possess or use personal electronic devices such as MP3 players, video or audio recorders, DVD players, cameras, games, e-readers, or other electronic devices at school, unless prior permission has been obtained. Without such permission, teachers will collect the items and turn them in to the principal’s office. The principal will determine whether to return items to students at the end of the day or to contact parents to pick up the items.

In limited circumstances and in accordance with law, a student’s personal electronic device may be searched by authorized personnel. [See Searches on page 89 and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for any damaged, lost, or stolen electronic device.

**Instructional Use of Personal Telecommunications and Other Electronic Devices**

In some cases, students may find it beneficial or might be encouraged to use personal telecommunications or other personal electronic devices for instructional purposes while on campus. Students must obtain prior approval before using personal telecommunications or other personal electronic devices for instructional use. Students must also sign a user agreement that contains applicable rules for use (separate from this handbook). When students are not using the devices for approved instructional purposes, all devices must be turned off during the instructional day. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

**Acceptable Use of District Technology Resources**

District-owned technology resources for instructional purposes may be issued to individual students. Use of these technological resources, which include the district’s network systems and use of district equipment, is restricted to approved purposes only. Students and parents will be asked to sign a user agreement (separate from this handbook) regarding use of these district resources. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.
**Unacceptable and Inappropriate Use of Technology Resources**

Students are prohibited from possessing, sending, forwarding, posting, accessing, or displaying electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another’s reputation, or illegal. This prohibition also applies to conduct off school property, whether the equipment used to send such messages is district-owned or personally owned, if it results in a substantial disruption to the educational environment.

Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content, commonly referred to as “sexting,” will be disciplined according to the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and, in certain circumstances, may be reported to law enforcement. Because engaging in this type of behavior can lead to bullying or harassment, as well as possibly impede future endeavors of a student, we encourage you to review with your child 'Before You Text' Sexting Prevention Course, a state-developed program that addresses the consequences of engaging in inappropriate behavior using technology.

In addition, any student who engages in conduct that results in a breach of the district’s computer security will be disciplined in accordance with the Student Code of Conduct, and, in some cases, the consequence may rise to the level of expulsion.

**MISD Student Acceptable Use Policy (AUP)**

You are being given access to the District’s technology resources, meaning electronic communication systems and electronic equipment. It is important that you read the applicable District policies and agreement form. [See policy CQ and provisions on use of electronic media in the student handbook]

Inappropriate use of the District’s technology resources may result in suspension or revocation of the privilege of using these resources, as well as other disciplinary or legal action, in accordance with applicable District policies and laws.

As a user of the District’s technology resources, you will be able to access:

- An unlimited number of databases, libraries, and resources;
- The Internet and other electronic information systems/networks, which can be used to communicate with schools, colleges, organizations, and individuals around the world; and
- Shared electronic equipment, which may have stored temporary Internet and electronic files of other users.

Please note that the Internet is a network of many types of communication and information networks. It is possible that you may run across some material you might find objectionable. While the District will use filtering technology to restrict access to such material, it is not possible to absolutely prevent such access. It will be your responsibility to follow the rules for appropriate use.

If you are being issued a District technology device that can be used off campus, you will be given additional materials of informational communication addressing the proper use, care, and return of these devices.
Rules for Responsible Use

- You may be assigned an individual account for hardware and Internet access, and you are responsible for not sharing the password for that account with others.
- The account is to be used mainly for educational purposes, but some limited personal use is permitted.
- You must comply with the Student Handbook, Code of Conduct and Federal and State law.
- Remember that people who receive e-mail from you with a school address might think your message represents the school’s point of view when using a district provided account.
- You will be held responsible at all times for the proper use of your account, and the District may suspend or revoke your access if you violate the rules.
- Use of technology resources are not confidential and can be monitored at any time to ensure appropriate use.
- E-mail users are responsible for mailbox management including organization, cleaning, and compliance with records retention laws when using a district provided account.
- When using the device for instructional purposes while on campus, you must use the District’s wireless Internet services and are prohibited from using a personal wireless service or VPN.
- The District’s wireless network system must be disconnected from the device when the device is not being used for instructional purposes.
- When not using the device for instructional purposes while on campus, you must follow the rules and guidelines for non-instructional use as published in the student handbook. These require the device to be turned off.

Inappropriate Uses

- Using the resources for any illegal purpose.
- Accessing the resources to knowingly alter, damage, or delete District property or information, or to breach any other electronic equipment, network, or electronic communications system in violation of the law or District policy.
- Damaging electronic communications systems or electronic equipment, including knowingly or intentionally introducing a virus to a device or network, or not taking proper security steps to prevent a device or network from becoming vulnerable.
- Disabling or attempting to disable any Internet filtering device.
- Encrypting communications to avoid security review.
- Using someone’s account without permission.
- Pretending to be someone else when posting, transmitting, or receiving messages.
- Attempting to read, delete, copy, modify, or interfere with another user’s posting, transmittal, or receipt of electronic media.
- Using resources to engage in conduct that harasses or bullies others.
- Sending, posting, or possessing materials that are abusive, obscene, pornographic, sexually oriented, threatening, harassing, damaging to another’s reputation, or illegal, including cyberbullying and “sexting.”
- Using e-mail or Web sites to engage in or encourage illegal behavior or to threaten school safety
• Using inappropriate language such as swear words, vulgarity, ethnic or racial slurs, and any other inflammatory language
• Violating others’ intellectual property rights, including downloading or using copyrighted information without permission from the copyright holder.
• Wasting school resources through improper use of the District’s technology resources, including sending spam.
• Gaining unauthorized access to restricted information or resources.

Consequences for Inappropriate Use
• Suspension of access to the District’s technology resources;
• Revocation of permission to use personal electronic devices for instructional purposes while on campus;
• Revocation of the account; or
• Other disciplinary or legal action, in accordance with the District’s policies and applicable laws

Reporting Violations
• You must immediately report any known violation of the District’s applicable policies, Internet safety plan, or acceptable use guidelines to a technology administrator.
• You must report requests for personally identifying information, as well as any content or communication that is abusive, obscene, pornographic, sexually oriented, threatening, harassing, damaging to another’s reputation, or illegal to a technology administrator.

CIPA Compliance
MISD is enforcing a policy of Internet safety for minors that includes monitoring the online activities of minors and the operation of a technology protection measure with respect to any of its computers with Internet access that protects against access through such computers to visual depictions that are
(I) obscene;
(II) child pornography; or
(III) harmful to minors; and

MISD is enforcing the operation of such technology protection measure during any use of such computers by minors.

As part of its Internet safety policy, Mansfield ISD is educating minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyber bullying awareness and response. The K-8 Technology Applications curriculum framework is found on the MISD Educational Technology website at http://edtech.mansfieldisd.org/
PARENT-STUDENT MOBILE DEVICE AGREEMENT (MISD 1:1 Mobile Device Initiative)

MISD 1:1 Mobile Device Initiative (currently in 7th-12th grades): In alignment with the District’s Vision 20/20 initiative a mobile device is available for students; this is directly in line with both the mission of students becoming productive citizens, as well as lifelong learners. The opportunity that students have to receive a mobile device will also allow them to learn the skills necessary to be productive digital citizens in the changing world, as well as provide students the ability to use technology to collaborate, communicate, create, and critically think. These mobile devices, opportunities and experiences are aimed to maximize students’ abilities to navigate the digital world both in their academic life and well beyond.

NOTE: In this agreement "we", "us", and “our” means Mansfield ISD and “you” and “your” means the parent/guardian and student enrolled Mansfield ISD. The “property” is a mobile device owned by Mansfield Independent School District.

Terms:
You will pay a refundable deposit of $50 [$25 for students who qualify for reduced lunches and $10 for students who qualify for free lunches] before taking possession of the mobile device. The refundable deposit will be returned once (1) the mobile device and all accessories are returned in accordance with the terms of this agreement, and (2) you have completed the application form at https://goo.gl/R4baii by September 1st of the following academic school year.

You will comply at all times with the Mansfield ISD Student Handbook and Code of Conduct, including the MISD Student Technology Use Policy noted above. Failure to comply may terminate your rights of possession effective immediately, and we may repossess the mobile device.

MANSFIELD ISD PROVIDES THE MOBILE DEVICE “AS-IS”. MANSFIELD ISD MAKES NO WARRANTIES, EXPRESS OR OF MERCHANTABILITY, MARKETABILITY, FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE, EXCEPT AS SET FORTH HEREIN. ANY IMPLIED WARRANTIES ARE EXPRESSLY DISCLAIMED AND EXCLUDED.

Title:
At all times, the legal title to the mobile device is maintained by Mansfield ISD. Your right of possession and use is limited to and conditioned upon your full and complete compliance with this Agreement and the MISD Student Technology Acceptable Use Policy. Electronic resources owned by the District should not be released to anyone including, but not limited to, law enforcement agencies. The District will cooperate fully with local, state, or federal officials in any investigation concerning or relating to violations of computer crime laws.

You have no rights of confidentiality when using the mobile device. Contents of email, information regarding your internet usage, and network communications may be reviewed at
the sole discretion of Mansfield ISD. As stated in this handbook, you further acknowledge that Mansfield ISD is required by law to comply with the Texas Public Information Act. As such, you agree to fully and timely comply with any and all directives issued by Mansfield ISD in its efforts to comply with the Public Information Act. You further recognize that this may mean that email content, internet use history, network communications, and other similar information shall be releasable to third parties, if so required by law.

**Loss or Damage:**
Any damage or loss of issued equipment, including accessories, results in the forfeit of the original deposit. If another mobile device is issued to the student a new deposit is required.

**Mobile Theft Management:**
You will be supplied with a subscription to a Mobile Theft Management Service. This plan includes the following services:
- Device registration within a national database
- Identity tags
- Theft prevention training
- Device discovery and return services

In some cases, your liability for a lost or stolen mobile device can be limited to your original deposit. This is also a service of the Mobile Theft Management system. To qualify for reduced liability, the loss or theft of the property must be reported immediately to the Mansfield ISD Police Department at 817.299.6000; staff are available 24 hours per day seven days a week. A police report must be provided.

If the Superintendent or his designee, at his or her sole discretion, investigates and finds that there is substantial evidence that the mobile device was damaged, lost, or stolen due to criminal misconduct, the liability limitation will not apply and you will be responsible for full reimbursement of the cost of the repair or replacement of the mobile device and its accessories. The decision of the Superintendent or his designee is final and non-appealable.

**Financial Hardships:**
If the deposit creates a financial hardship on you or your parent(s) in obtaining a mobile device, please contact campus administration about payment options.

**Repossession:**
If you do not fully comply in a timely manner with all terms of this Agreement and the MISD Student Technology Acceptable Use Policy including the timely return of the property, Mansfield ISD shall be entitled to retake possession of the mobile device, even if the mobile device is located at your place of residence or other location.

**Term of Agreement:**
Your right to use and possess the mobile device terminates the last day you are enrolled in Mansfield ISD unless otherwise terminated earlier by Mansfield ISD. You must immediately return the mobile device upon graduation or withdrawal from Mansfield ISD or upon request by
the District. If you will be returning to Mansfield ISD the following school year, you may be permitted to keep the device during summer break. If at any time during the break, you no longer plan to return to the District, you must immediately return the mobile device to Mansfield ISD.

**Appropriation:**
Your failure to return the property in a timely manner will be considered unlawful appropriation of the Mansfield ISD property. This includes, but is not limited to, the failure to return the mobile device immediately if you withdraw from the District or do not return to the District following summer break. Your continued use of the mobile device for non-school purposes without our consent may also be considered unlawful appropriation of the District's property.

**Storage:**
The mobile device affords limited electronic storage space. If you are lacking a sufficient amount of storage space on the mobile device, you will be required to delete apps, music, photos, and so forth, in order to make necessary educational-related programs accessible. You are encouraged to back up, duplicate or archive files to an independent storage space. It is recommended that students e-mail documents to themselves for storage using alternative methods. You may also utilize “cloud” storage programs, which allow access to documents from other computers via the Internet. It is your responsibility to ensure that work is not lost due to mechanical failure, accidental deletion or re-imaging.

**Internet Safety:**
There are many sites on the Internet that can be potentially dangerous to minors. Mansfield ISD makes every effort to block these sites both inside and outside of the district by routing Internet traffic through the District's content filter. You are in violation of district policy if you use software utilities or other means to access content blocked by school filters. Parents may want to further restrict their home access. For more information about Internet safety, you may go to [https://www.commonsensemedia.org/parent-concerns](https://www.commonsensemedia.org/parent-concerns)

**Inappropriate Content:**
Inappropriate content will not be allowed on mobile devices. (See *MISD Student Technology Acceptable Use Policy*)

Presence of pornographic materials, inappropriate language, weapon-related content, alcohol, drug, and/or gang related symbols or pictures will result in disciplinary action.

**Use for Non-School-Related Purposes:**
School district computers, electronic devices, networks and Internet services are provided for purposes related to educational programs. Limited personal use is permitted as long as such does not violate the *MISD Student Technology Acceptable Use Policy*.
**Sound:**
Sound will be muted at all times unless permission is obtained from the teacher for instructional purposes.

**District Security Feature:**
Mobile devices will have security applications and profiles installed. Removal of these are prohibited and you will be subject to administrative consequences.

**Recording Feature and Camera:**
The mobile device may come equipped with a microphone, front and rear-facing camera, and video capacities. Mansfield ISD retains the rights concerning any recording and/or publishing of any student or staff member's work or image. You must obtain permission to publish a photograph or video of any school related activity. Unauthorized recordings are subject to disciplinary action in accordance with *MISD Student Acceptable Use Policy*.

**No Loaning or Borrowing mobile devices:**
Do NOT loan mobile devices or other equipment to other students.
Do NOT borrow a mobile device from another student.
Do NOT share passwords or usernames with others.

Access to another person's account or mobile device without consent or knowledge is considered hacking and is prohibited. This is subject to discipline in accordance with the Student Handbook and Code of Conduct.

**Modification of the mobile device or protective accessories:**
You should NOT modify the mobile device in a way that will permanently alter either physically and/or electronically other than instructed by an administrator or other school personnel.
You should NOT apply marks, stickers, or other decorations to supplied mobile device or the protective accessory that the district provides (cover, case, screen protector, etc.).
You should NOT remove supplied mobile device from the protective case.

**Music, Books and Apps:**
Music, books, and apps can be downloaded through your personal iTunes or Windows store account at your expense. Content must be school appropriate and follow all terms of this *Agreement and the MISD Student Technology Acceptable Use Policy*. When mobile devices are returned, you will lose all downloaded content unless it has been stored in the “cloud”.

**Mobile Devices Are Required Each Day in Class:**
You are required to bring fully charged mobile devices to class.
When appropriate, Mansfield ISD encourages you to take your mobile device home at night for class work and recharging. All rules and regulations that are in effect during the school day extend to the use of the mobile device at home.
Indemnity Provision
You shall defend, exempt, indemnify and hold harmless Mansfield ISD, its officers, agents, servants, representatives and/or employees of and from any and all claims, suits, actions, legal proceedings, demands, damages or judgments, including all expenses, attorney fees, witness fees, costs, and costs and expenses of appeals therefrom, arising out of your use of the mobile device including, but not limited to, your intentional or negligent acts and/or omissions. This paragraph shall survive termination of this Agreement. Acknowledgement of this handbook as a parent or legal guardian represents your digital signature that you have reviewed the above information with your student and both you and your student acknowledge that you both understand the above information.

Bring Your Own Device
As part of this plan, MISD will now allow students the opportunity to bring their own personal mobile devices to school for educational purposes. With teacher approval, students may use their devices to access and save information from the Internet, collaborate with other learners and utilize the productivity tools available to them.

Student Responsibility
Mansfield ISD will provide you with the opportunity to use personal electronic devices for educational purposes. It will be your responsibility to follow the rules for safe and responsible use. Access to MISD’s network is a privilege. If you fail to abide by these rules, you may be subject to the removal of this privilege and other consequences. You may bring your mobile device to school at your own risk. The District will not be held responsible for lost, stolen or misplaced devices.

Safe Uses
You must comply with the Mansfield ISD Student Acceptable Use Policy, as well as the following:

- Obey school rules concerning behavior and communication that apply to mobile device use.
- Do not share passwords or personal account information.
- Do not connect with people you do not know.
- Report any suspicious information to a trusted adult immediately.
- Set a password on your device(s).

Responsible Uses
You must comply with the Mansfield ISD Student Acceptable Use Policy, as well as the following:

- Record the serial number of your device(s) at home.
- Bring headphones to use with your device(s).
• Place your device(s) on silent/vibrate while working in class unless permission is granted from your teacher for instructional purposes.
• You are not to loan or share personal device(s) with others.
• Clearly label your device(s) and power cords with your name.
• Always turn off and secure your mobile device(s) after each use.
• Mobile device(s) should be brought to school each day fully charged. Students are encouraged to bring their device(s) home each day to charge in the evening.
• Refrain from accessing or storing inappropriate content on your device(s) as stated in the MISD Student Acceptable Use Policy.
• You may not send, post, or possess materials that are inappropriate, abusive, obscene, pornographic, sexually oriented, threatening, harassing, or damaging to another’s reputation, or illegal, including cyber bullying and “sexting”.
• Refrain from accessing District resources, including the network, to knowingly alter, damage, or delete District property.
• Monitor all activity on your account.
• For document storage, you are encouraged to utilize alternative methods such as emailing documents to yourself or the utilizing a “cloud” storage program.
• Ask permission before recording an individual or group. Mansfield ISD retains the rights concerning any recording and/or publishing of any student or staff member’s work or image. You must obtain permission to publish a photograph or video of any school related activity.
• You should not expect that files stored on district servers will always be private. Violation of these rules may result in suspension or revocation of system access and/or suspension or revocation of permission to use personal electronic devices for instructional purposes while on campus, as well as other disciplinary action, in accordance with the Student Code of Conduct.

Appropriate Uses

As with any device that is used on campus, there is an appropriate time and place. Below are the grade levels and permissible situations for use. Campus administrators and teachers have the final say on the procedures in the classroom. If he or she asks you not to use your device, then you should follow those directions. Access is available but not guaranteed for each classroom situation.

Parent and Guardian Responsibility

- Discuss with your children the importance of practicing responsible digital behavior with mobile devices.
- Talk to your children about values and standards that your children should follow on the use of the Internet just as you do on the use of all media information sources such as television, telephones, movies and radio.

Wireless Information

You must use Mansfield ISD’s free wireless connection when on campus. MISD is not responsible for personal charges accessing other wireless connections or data charges. When you log into the Guest wireless network, you are accepting the terms of the MISD Technology Acceptable Use Policy. You will have filtered Internet access just as if you were using a district owned device. You may not disable or attempt to disable any filtering service used by the District.

FAQ’s

- What if I don’t have access to a mobile device? Will my grades suffer? No, if you do not have access to a personal device, you will be provided with an alternate way of completing the assignment. A district-owned device may be provided based on availability.

MISD 1:1 Mobile Device Initiative (currently in 7th-12th grades): In alignment with the District’s Vision 20/20 initiative a mobile device is available for students; this is directly in line with both the mission of students becoming productive citizens, as well as lifelong learners. The opportunity that students have to receive a mobile device will also allow them to learn the skills necessary to be productive digital citizens in the changing world, as well as provide students the ability to use technology to collaborate, communicate, create, and critically think. These mobile devices, opportunities and experiences are aimed to maximize students’ abilities to navigate the digital world both in their academic life and well beyond.
• I need to print a document that I just created. Why is there not a printer listed when I try to print? Like shared folders, printers are networked differently on the campus and will not be available when you log into the Guest network. Some printing solutions include emailing the document to your teacher to print or saving it to a flash drive or cloud storage and printing from home.

• What happens if I break my device while I am at school? You may bring your mobile device to school at your own risk, just like any other personal item. The district will not be held responsible for lost, stolen or misplaced devices, including those that have been confiscated.

• If I cannot get my device to connect to the network, can I get help from someone on campus? It is not the responsibility of your teachers or MISD staff to troubleshoot individual devices during the school day. Check your owner’s manual for issues concerning connectivity.

• Will I have to use my own data plan to access the Internet when on campus? Free wireless access is provided by Mansfield ISD. You must use the MISD filtered wireless connection when on campus. MISD is not responsible for personal charges accessing other wireless connections or data charges.

• How do I save my work? It is encouraged that you email documents to yourself or utilize “Cloud” storage programs to store your data.

• Am I still held accountable for the Student Acceptable Use Policy even though this is my own personal mobile device? Yes. The AUP for MISD remains in effect even when you are using our own device.

End-of-Course (EOC) Assessments
[See Graduation on page 63 and Standardized Testing on page 91.]

English Language Learners (All Grade Levels)
A student who is an English language learner is entitled to receive specialized services from the district. To determine whether the student qualifies for services, a Language Proficiency Assessment Committee (LPAC) will be formed, which will consist of both district personnel and at least one parent representative. The student’s parent must consent to any services recommended by the LPAC for an English language learner. However, pending the receipt of parental consent or denial of services, an eligible student will receive the services to which the student is entitled and eligible.

To determine a student’s level of proficiency in English, the LPAC will use information from a variety of assessments. If the student qualifies for services, and once a level of proficiency has been established, the LPAC will then designate instructional accommodations or additional
special programs that the student will require to eventually become proficient at grade level work in English. Ongoing assessments will be conducted to determine a student’s continued eligibility for the program.

The LPAC will also determine whether certain accommodations are necessary for any state-mandated assessments. The STAAR Spanish, as mentioned at Standardized Testing on page 91, may be administered to an English language learner for a student up to grade 5. In limited circumstances, a student’s LPAC may exempt the student from an otherwise required state-mandated assessment or may waive certain graduation requirements related to the English I end-of-course (EOC) assessment. The Texas English Language Proficiency Assessment System (TELPAS) will also be administered to English language learners who qualify for services.

If a student is considered an English language learner and receives special education services because of a qualifying disability, the student’s ARD committee will make instructional and assessment decisions in conjunction with the LPAC.

**Extracurricular Activities, Clubs, and Organizations (All Grade Levels)**

Participation in school-sponsored activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students; participation, however, is a privilege, not a right.

Participation in some of these activities may result in events that occur off-campus. When the district arranges transportation for these events, students are required to use the transportation provided by the district to and from the events. Exceptions to this may only be made with the approval of the activity’s coach or sponsor. [See Transportation on page 95.]

Eligibility for initial and continuing participation in many of these activities is governed by state law and the rules of the University Interscholastic League (UIL)—a statewide association overseeing interdistrict competition. If a student is involved in an academic, athletic, or music activity governed by UIL, the student and parent are expected to know and follow all rules of the UIL organization. Students involved in UIL athletic activities and their parents can access the UIL Parent Information Manual at UIL Parent Information Manual; a hard copy can be provided by the coach or sponsor of the activity on request. To report a complaint of alleged noncompliance with required safety training or an alleged violation of safety rules required by law and the UIL, please contact the curriculum division of TEA at (512) 463-9581 or curriculum@tea.texas.gov.

[See UIL Texas for additional information on all UIL-governed activities.]

Student safety in extracurricular activities is a priority of the district. The equipment used in football is no exception. As a parent, you are entitled to review the district’s records regarding the age of each football helmet used by the campus, including when a helmet has been reconditioned.

In addition, the following provisions apply to all extracurricular activities:

- A student who receives at the end of a grading period a grade below 70 in any academic class—other than an Advanced Placement (AP) or International Baccalaureate (IB) course; or an honors or dual credit course in English language arts, mathematics,
science, social studies, economics, or language other than English—may not participate in extracurricular activities for at least three school weeks.

- A student who receives special education services and who fails to meet the standards in the individualized education program (IEP) may not participate for at least three school weeks.
- An ineligible student may practice or rehearse but may not participate in any competitive activity.
- A student is allowed in a school year up to 10 absences not related to post-district competition, a maximum of 5 absences for post-district competition prior to state, and a maximum of 2 absences for state competition. All extracurricular activities and public performances, whether UIL activities or other activities approved by the board, are subject to these restrictions.
- An absence for participation in an activity that has not been approved will receive an unexcused absence.

**Standards of Behavior**

Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by board policy will apply in addition to any consequences specified by the organization’s standards of behavior.

**Offices and Elections**

Certain clubs, organizations, and performing groups will hold elections for student officers. Please check with your student’s campus to determine groups offered.

**Fees (All Grade Levels)**

Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. A student, however, is expected to provide his or her own pencils, paper, erasers, and notebooks and may be required to pay certain other fees or deposits, including:

- Costs for materials for a class project that the student will keep.
- Membership dues in voluntary clubs or student organizations and admission fees to extracurricular activities.
- Security deposits.
- Personal physical education and athletic equipment and apparel.
- Voluntarily purchased pictures, publications, class rings, yearbooks, graduation announcements, etc.
- Voluntarily purchased student health and accident insurance.
• Musical instrument rental and uniform maintenance, when uniforms are provided by the district.
• Personal apparel used in extracurricular activities that becomes the property of the student.
• Parking fees and student identification cards.
• Fees for lost, damaged, or overdue library books.
• Fees for driver training courses, if offered.
• Fees for optional courses offered for credit that require use of facilities not available on district premises.
• Summer school for courses that are offered tuition-free during the regular school year.
• A reasonable fee for providing transportation to a student who lives within two miles of the school. [See Buses and Other School Vehicles on page 95.]
• A fee not to exceed $50 for costs of providing an educational program outside of regular school hours for a student who has lost credit or has not been awarded a final grade because of absences and whose parent chooses the program for the student to meet the 90 percent attendance requirement. The fee will be charged only if the parent or guardian signs a district-provided request form.
• In some cases, a fee for a course taken through the Texas Virtual School Network (TXVSN).

Any required fee or deposit may be waived if the student and parent are unable to pay.
Application for such a waiver may be made to the campus principal. [For further information, see policy FP.]

**Fundraising (All Grade Levels)**
Student groups or classes and/or parent groups may be permitted to conduct fundraising drives for approved school purposes in accordance with administrative regulations. [For further information, see policies FJ and GE.]

**Gang-Free Zones (All Grade Levels)**
Certain criminal offenses, including those involving organized criminal activity such as gang-related crimes, will be enhanced to the next highest category of offense if they are committed in a gang-free zone. For purposes of the district, a gang-free zone includes a school bus and a location in, on, or within 1,000 feet of any district-owned or leased property or campus playground.

**Gender-Based Harassment**
[See Dating Violence, Discrimination, Harassment, and Retaliation on page 38.]
Grade-Level Classification (Grades 9–12 Only)

After the ninth grade, students are classified according to the number of credits earned toward graduation.

Grading Guidelines (All Grade Levels)

[See appropriate Appendix for High, Middle, Intermediate, and Elementary guidelines.]

[See Report Cards/Progress Reports and Conferences on page 86 for additional information on grading guidelines.]

Graduation (Secondary Grade Levels Only)

[See appropriate Appendix for High School guidelines.]

Requirements for a Diploma Beginning with the 2014–15 School Year

Beginning with students who entered grade 9 in the 2014–15 school year, a student must meet the following requirements to receive a high school diploma from the district:

- Complete the required number of credits established by the state and any additional credits required by the district;
- Complete any locally required courses in addition to the courses mandated by the state;
- Achieve passing scores on certain end-of-course (EOC) assessments or approved substitute assessments, unless specifically waived as permitted by state law; and
- Demonstrate proficiency, as determined by the district, in the specific communication skills required by the State Board of Education (SBOE).

Testing Requirements for Graduation

Students are required, with limited exceptions and regardless of graduation program, to perform satisfactorily on the following EOC assessments: English I, English II, Algebra I, Biology, and U.S. History. A student who has not achieved sufficient scores on the EOC assessments to graduate will have opportunities to retake the assessments. State law and state rules also provide for certain scores on norm-referenced national standardized assessments or on the state-developed assessment used for entrance into Texas public universities to substitute for the requirement to meet satisfactory performance on an applicable EOC assessment, should a student choose this option. [See the school counselor for more information on the state testing requirements for graduation.]
If a student fails to perform satisfactorily on an EOC assessment, the district will provide remediation to the student in the content area for which the performance standard was not met. This may require participation of the student before or after normal school hours or at times of the year outside normal school operations.

In limited circumstances, a student who fails to demonstrate proficiency on two or fewer of the required assessments may still be eligible to graduate if an individual graduation committee, formed in accordance with state law, unanimously determines that the student is eligible to graduate.

[See Standardized Testing on page 91 for more information.]

**Foundation Graduation Program**

Every student in a Texas public school who entered grade 9 in the 2014–15 school year and thereafter will graduate under the “foundation graduation program.” Within the foundation graduation program are “endorsements,” which are paths of interest that include Science, Technology, Engineering, and Mathematics (STEM); Business and Industry; Public Services; Arts and Humanities; and Multidisciplinary Studies. Endorsements earned by a student will be noted on the student’s transcript. The foundation graduation program also involves the term “distinguished level of achievement,” which reflects the completion of at least one endorsement and Algebra II as one of the required advanced mathematics credits. A Personal Graduation Plan will be completed for each high school student, as described on page 66.

State law and rules prohibit a student from graduating solely under the foundation graduation program without an endorsement unless, after the student’s sophomore year, the student and student’s parent are advised of the specific benefits of graduating with an endorsement and submit written permission to the school counselor for the student to graduate without an endorsement. A student who anticipates graduating under the foundation graduation program without an endorsement and who wishes to attend a four-year university or college after graduation must carefully consider whether this will satisfy the admission requirements of the student’s desired college or university.

Graduating under the foundation graduation program will also provide opportunities to earn “performance acknowledgments” that will be acknowledged on a student’s transcript. Performance acknowledgments are available for outstanding performance in bilingualism and biliteracy, in a dual credit course, on an AP or IB examination, on certain national college preparatory and readiness or college entrance examinations, or for earning a state recognized or nationally or internationally recognized license or certificate. The criteria for earning these performance acknowledgments are prescribed by state rules, and the school counselor can provide more information about these acknowledgments.
## Credits Required

The foundation graduation program requires completion of the following credits:

Additional considerations apply in some course areas, including:

- **Mathematics.** To obtain the distinguished level of achievement under the foundation graduation program, which will be included on a student’s transcript and is a requirement to be considered for automatic admission to a Texas four-year college or university, a student must complete an endorsement and take Algebra II as one of the 4 mathematics credits.

- **Physical education.** A student who is unable to participate in physical activity due to a disability or illness may be able to substitute a course in English language arts,
mathematics, science, social studies, or another locally determined credit-bearing course for the required credit of physical education. This determination will be made by the student’s ARD committee, Section 504 committee, or other campus committee, as applicable.

- **Language other than English.** Students are required to earn 2 credits in the same language other than English to graduate. Any student may substitute computer programming languages for these credits. In limited circumstances, a student may be able to substitute this requirement with other courses, as determined by a district committee authorized by law to make these decisions for the student.

### Available Endorsements

A student must specify upon entering grade 9 the endorsement he or she wishes to pursue.

- Science, technology, engineering, and mathematics
- Business and industry
- Public services
- Arts and humanities
- Multidisciplinary studies

### Personal Graduation Plans

A personal graduation plan will be developed for each high school student. The district encourages all students to pursue a personal graduation plan that includes the completion of at least one endorsement and to graduate with the distinguished level of achievement. Attainment of the distinguished level of achievement entitles a student to be considered for automatic admission to a public four-year college or university in Texas, depending on his or her rank in class. The school will review personal graduation plan options with each student entering grade 9 and his or her parent. Before the end of grade 9, a student and his or her parent will be required to sign off on a personal graduation plan that includes a course of study that promotes college and workforce readiness and career placement and advancement, as well as facilitates the transition from secondary to postsecondary education. The student’s personal graduation plan will denote an appropriate course sequence based on the student’s choice of endorsement.

Please also review [TEA's Graduation Toolkit](#).

A student may amend his or her personal graduation plan after this initial confirmation. The school will send written notice of any such amendment made by the student to the student’s parent.

### Available Course Options for All Graduation Programs

Information regarding specific courses required or offered in each curriculum area will be distributed to students each spring to enroll in courses for the upcoming school year.
**Note:** The district may require the completion of certain courses for graduation even if these courses are not required by the state for graduation.

Please be aware that not all courses are offered at every secondary campus in the district. A student who wants to take a course not offered at his or her regular campus should contact the school counselor about a transfer or other alternatives. If the parents of at least 22 students request a transfer for those students to take a course in the required curriculum other than fine arts or career and technical education (CTE), the district will offer the course for the following year either by teleconference or at the school from which the transfers were requested.

**Certificates of Coursework Completion**

A certificate of coursework completion will not be issued to a student who has successfully completed state and local credit requirements for graduation but has not yet demonstrated satisfactory performance on the state-mandated tests required for graduation.

**Students with Disabilities**

Upon the recommendation of the admission, review, and dismissal (ARD) committee, a student with a disability who receives special education services may be permitted to graduate under the provisions of his or her individualized education program (IEP) and in accordance with state rules.

A student who receives special education services and has completed four years of high school, but has not met the requirements of his or her IEP, may participate in graduation ceremonies and receive a certificate of attendance. Even if the student participates in graduation ceremonies to receive the certificate of attendance, he or she may remain enrolled to complete the IEP and earn his or her high school diploma; however, the student will only be allowed to participate in one graduation ceremony.

[See policy FMH(LEGAL).]

ARD committees for students with disabilities who receive special education services will make instructional and assessment decisions for these students in accordance with state law and rules. To earn an endorsement under the foundation program, a student must perform satisfactorily on the end of course (EOC) assessments and receive no modified curriculum in the student’s chosen endorsement area. A student may still be awarded an endorsement when the student fails to perform satisfactorily on no more than two EOC assessments but meets the other requirements for graduation under state law.

**Graduation Speakers**

Certain graduating students will be given an opportunity to have speaking roles at graduation ceremonies.

A student must meet local eligibility criteria, which may include requirements related to student conduct, to have a speaking role. Students eligible for speaking roles will be notified by the principal and given an opportunity to volunteer.

[See FNA(LOCAL) and the Student Code of Conduct. For student speakers at other school events, see Student Speakers on page 93.]
**Graduation Expenses**

Because students and parents will incur expenses to participate in the traditions of graduation—such as the purchase of invitations, senior ring, cap and gown, and senior picture—both the student and parent should monitor progress toward completion of all requirements for graduation. The expenses often are incurred in the junior year or first semester of the senior year. [See Fees on page 61.]

**Scholarships and Grants**

Students who have a financial need according to federal criteria and who complete the foundation graduation program, may be eligible under the TEXAS Grant Program and the Teach for Texas Grant Program for tuition and fees to Texas public universities, community colleges, and technical schools, as well as to private institutions.

Contact the school counselor for information about other scholarships and grants available to students.

**Graduation Honors**

For the purpose of determining honors to be conferred during graduation activities, the District shall calculate class rank for the valedictorian, salutatorian, top ten students, summa cum laude students, magna cum laude students, and cum laude students at the end of the fall semester of the students’ senior year.

- The valedictorian and salutatorian shall be the two eligible students with the highest class ranking, respectively.
- The ten eligible students with the highest GPAs shall be the top ten ranking graduates of their class, respectively.
- An honor graduate is any student who has a 95.00 cumulative average or higher: Summa Cum Laude (100.00 +), Magna Cum Laude (97.00 – 99.99) and Cum Laude (95.00 – 96.99). These honors will be determined at the end of the fall semester of their senior year. See EIC (LOCAL)

**Harassment**

[See Dating Violence, Discrimination, Harassment, and Retaliation on page 38.]

**Hazing (All Grade Levels)**

Hazing is defined as any intentional, knowing, or reckless act occurring on or off campus directed against a student that endangers the mental or physical health or the safety of a student for the purpose of pledging, being initiated to, affiliating with, holding office in, or maintaining membership in any organization whose members are or include other students. Examples include:

- Any type of physical brutality;
- Any type of physical activity that subjects the student to an unreasonable risk of physical or mental harm, such as sleep deprivation, exposure to the elements, confinement to small spaces, or calisthenics;
• Any activity involving consumption of food, liquids, drugs, or other substances that subjects the student to unreasonable risk of physical or mental harm;

• Any activity that adversely affects the mental health or dignity of the student, such as ostracism, shame, or humiliation; and

• Any activity that induces, causes, or requires the student to violate the Penal Code.

Hazing will not be tolerated by the district. If an incident of hazing occurs, disciplinary consequences will be handled in accordance with the Student Code of Conduct. It is a criminal offense if a person engages in hazing; solicits, encourages, directs, aids, or attempts to aid another in hazing; or has firsthand knowledge of an incident of hazing being planned or having occurred and fails to report this to the principal or superintendent.

[See Bullying on page 29 and policies FFI and FNCC.]

Health-Related Matters

Student Illness (All Grade Levels)

When your child is ill, please contact the school to let us know he or she will not be attending that day. It is important to remember that schools are required to exclude students with certain illnesses from school for periods of time as identified in state rules. For example, if your child has a fever over 100.0 degrees, he or she must stay out of school until fever-free for 24 hours without fever-reducing medications. In addition, students with diarrheal illnesses must stay home until they are diarrhea-free without diarrhea-suppressing medications for at least 24 hours. A full list of conditions for which the school must exclude children can be obtained from the school nurse.

If a student becomes ill during the school day, he or she must receive permission from the teacher before reporting to the school nurse. If the nurse determines that the child should go home, the nurse will contact the parent.

The district is also required to report certain contagious (communicable) diseases or illnesses to the Texas Department of State Health Services (TDSHS) or our local/regional health authority. The school nurse can provide information from TDSHS on these notifiable conditions.

Contact the school nurse if you have questions or if you are concerned about whether or not your child should stay home.

Bacterial Meningitis (All Grade Levels)

State law requires the district to provide information about bacterial meningitis:

What is meningitis?

Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is common and most people recover fully. Parasitic and fungal meningitis are very rare. Bacterial meningitis is very serious and may involve complicated medical, surgical, pharmaceutical, and life support management.
What are the symptoms?

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.

Children (over 2 years old) and adults with bacterial meningitis commonly have a severe headache, high fever, and neck stiffness. Other symptoms might include nausea, vomiting, discomfort looking into bright lights, confusion, and sleepiness. In both children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body.

The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

How serious is bacterial meningitis?

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability.

How is bacterial meningitis spread?

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. They are spread when people exchange respiratory or throat secretions (such as by kissing, coughing, or sneezing).

The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body’s immune system and cause meningitis or another serious illness.

How can bacterial meningitis be prevented?

Maintaining healthy habits, like getting plenty of rest, can help prevent infection. Using good health practices such as covering your mouth and nose when coughing and sneezing and washing your hands frequently with soap and water can also help stop the spread of the bacteria. It’s a good idea not to share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss.

There are vaccines available to offer protection from some of the bacteria that can cause bacterial meningitis. The vaccines are safe and effective (85–90 percent). They can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

What should you do if you think you or a friend might have bacterial meningitis?

You should seek prompt medical attention.

Where can you get more information?

Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Department of State Health Services office to ask
about a meningococcal vaccine. Additional information may also be found at the websites for the [Centers for Disease Control and Prevention](https://www.cdc.gov), particularly the CDC’s information on [bacterial meningitis](https://www.cdc.gov), and the [Texas Department of State Health Services](https://www.dshs.state.tx.us/).

**Note:** DSHS requires at least one meningococcal vaccination on or after the student’s 11th birthday, unless the student received the vaccine at age 10. Also note that entering college students must show, with limited exception, evidence of receiving a bacterial meningitis vaccination within the five-year period prior to enrolling in and taking courses at an institution of higher education. Please see the school nurse for more information, as this may affect a student who wishes to enroll in a dual credit course taken off campus.

[See Immunization on page 74 for more information.]

### Food Allergies (All Grade Levels)

The district requests to be notified when a student has been diagnosed with a food allergy, especially those allergies that could result in dangerous or possibly life-threatening reactions either by inhalation, ingestion, or skin contact with the particular food. It is important to disclose the food to which the student is allergic, as well as the nature of the allergic reaction. Please contact the school nurse or campus principal if your child has a known food allergy or as soon as possible after any diagnosis of a food allergy.

Anaphylaxis is a life-threatening allergic reaction and is considered an emergency. The most dangerous symptoms include breathing difficulties and a drop in blood pressure (shock). Anaphylaxis can occur when a person is exposed to an allergen, such as food or insect stings. Emergency treatment is epinephrine. All students diagnosed with a severe allergy should be seen by their healthcare provider and provide the school with information about their allergy, including a properly labeled epinephrine auto-injector, if prescribed. School personnel will be trained to give students prescribed epinephrine when the school nurse may not be available. Students at risk for anaphylaxis are entitled to carry and self-administer their prescribed anaphylaxis medications while at school or during a school event. In order for a student to carry and/or self-administer their anaphylaxis medication, students must have a physician’s authorization to carry and self-administer. Each clinic is supplied with epinephrine that school nurses may administer in the event of an unexpected, anaphylactic reaction.

The district has developed and annually reviews a food allergy management plan, which addresses employee training, dealing with common food allergens, and specific strategies for dealing with students diagnosed with severe food allergies. When the district receives information that a student has a food allergy that puts the student at risk for anaphylaxis, individual care plans will be developed to assist the student in safely accessing the school environment. The district’s food allergy management plan can be accessed at [http://pol.tasb.org/Policy/Code/1104?filter=FFAF](http://pol.tasb.org/Policy/Code/1104?filter=FFAF).

[See policy FFAF and Celebrations on page 32.]

### Head Lice (All Grade Levels)

Head lice, although not an illness or a disease, is very common among children and is spread very easily through head-to-head contact during play, sports, or nap time, and when children
share things like brushes, combs, hats, and headphones. If careful observation indicates that a student has head lice, the school nurse will contact the student’s parent to determine whether the student will need to be picked up from school and to discuss a plan for treatment with an FDA-approved medicated shampoo or cream rinse that may be purchased from any drug or grocery store. After the student has undergone one treatment, the parent should check in with the school nurse to discuss the treatment used. The nurse can also offer additional recommendations, including subsequent treatments and how best to get rid of lice and prevent their return.

Notice will also be provided to parents of elementary school students in the affected classroom.

More information on head lice can be obtained from the DSHS website Managing Head Lice.

[See policy FFAA.]

**Physical Activity Requirements**

**Elementary School**

In accordance with policies at EHAB, EHAC, EHBG, and FFA, the district will ensure that students in full-day prekindergarten–grade 5 engage in moderate or vigorous physical activity for at least 30 minutes per day or 135 minutes per week.

For additional information on the district’s requirements and programs regarding elementary school student physical activity requirements, please see the principal.

**Junior High/Middle School**

In accordance with policies at EHAB, EHAC, EHBG, and FFA, the district will ensure that students in middle or junior high school will engage in 30 minutes of moderate or vigorous physical activity per day for at least four semesters.

For additional information on the district’s requirements and programs regarding junior high and middle school student physical activity requirements, please see the principal.

**Temporary Restriction from Participation in Physical Education**

Students who are temporarily restricted from participation in physical education will remain in the class and shall continue to learn the concepts of the lessons but not actively participate in the skill demonstration.

**School Health Advisory Council (SHAC) (All Grade Levels)**

During the preceding school year, the district’s School Health Advisory Council (SHAC) held 4 meetings. Additional information regarding the district’s SHAC is available from the Coordinator of Health and Secondary Science.

The duties of the SHAC range from recommending curriculum to developing strategies for integrating curriculum into a coordinated school health program encompassing issues such as school health services, counseling services, a safe and healthy school environment, recess recommendations, improving student fitness, mental health concerns, and employee wellness.
[See policies at BDF and EHAA. See Human Sexuality Instruction on page 11 for additional information.]

**Student Wellness Policy/Wellness Plan (All Grade Levels)**

Mansfield ISD is committed to encouraging healthy students and therefore has developed a board-adopted wellness policy at FFA(LOCAL) and corresponding plans and procedures to implement the policy. You are encouraged to contact the Director of Health Services with questions about the content or implementation of the district’s wellness policy and plan.

**Other Health-Related Matters**

**Physical Fitness Assessment (Grades 3–12)**

Annually, the district will conduct a physical fitness assessment of students in grades 3–12 who are enrolled in a physical education course or a course for which physical education credit is awarded. At the end of the school year, a parent may submit a written request to the campus principal to obtain the results of his or her child’s physical fitness assessment conducted during the school year.

**Vending Machines (All Grade Levels)**

The district has adopted and implemented the state and federal policies and guidelines for food service, including the guidelines to restrict student access to vending machines. [See policies at CO and FFA.]

**Tobacco and E-Cigarettes Prohibited (All Grade Levels and All Others on School Property)**

Students are prohibited from possessing or using any type of tobacco product, electronic cigarettes (e-cigarettes), or any other electronic vaporizing device, while on school property at any time or while attending an off-campus school-related activity.

The district and its staff strictly enforce prohibitions against the use of all tobacco products, e-cigarettes, or any other electronic vaporizing device, by students and all others on school property and at school-sponsored and school-related activities. [See the Student Code of Conduct and policies at FNCD and GKA.]

**Asbestos Management Plan (All Grade Levels)**

The district works diligently to maintain compliance with federal and state law governing asbestos in school buildings. A copy of the district’s Asbestos Management Plan is available in the superintendent’s office. If you have any questions or would like to examine the district’s plan in more detail, please contact the Director of Facilities, the district’s designated asbestos coordinator, at 817-299-6300.

**Pest Management Plan (All Grade Levels)**

The district is required to follow integrated pest management (IPM) procedures to control pests on school grounds. Although the district strives to use the safest and most effective methods to manage pests, including a variety of non-chemical control measures, pesticide use is sometimes necessary to maintain adequate pest control and ensure a safe, pest-free school environment.
All pesticides used are registered for their intended use by the U.S. Environmental Protection Agency and are applied only by certified pesticide applicators. Except in an emergency, signs will be posted 48 hours before indoor application. All outdoor applications will be posted at the time of treatment, and signs will remain until it is safe to enter the area. Parents who have further questions or who want to be notified prior to pesticide application inside their child’s school assignment area may contact the Director of Facilities, the district’s IPM coordinator, at 817-299-6300.

**Homeless Students (All Grade Levels)**

You are encouraged to inform the district if you or your child are experiencing homelessness. District staff can share resources with you that may be able to assist you and your family.

For more information on services for homeless students, contact the district’s homeless education liaison, Director of Campus Support, at 817-299-6360.

[See Students Who Are Homeless on page 20.]

**Homework (All Grade Levels)**

[See Grading Guidelines]

**ID Cards (High School)**

Mansfield ISD high school students are required to purchase current identification cards. (Cost is $5.00 per ID.) Students MUST wear the current ID at all times while on campus and while attending any school-related activity/function.* The ID MUST be visible and worn on the front of the student’s torso between the shoulder blades and the natural waist line. ID lanyards and/or clips are provided for a fee to students on each campus. Students out of compliance are subject to discipline consequences. These consequences may include sending the student home or to AC until student complies with the ID policy. Persistent non-compliance with the ID policy by students will result in additional consequences. (“Persistent” = two or more offenses per year.) Any student who fails to properly identify him/herself and/or flees from a Mansfield ISD high school staff member may be placed in an alternative placement. Replacement cards cost $5.00.

*Specific services/functions that will be denied include, but are not limited to: Saturday School; Detention Hall; computer (classroom) or computer lab usage; academic recovery programs; library; access to the bookkeeper, counselors and associate principals; access to resources in the counseling center and attendance office; hall passes; TEA forms; lunch cards; phone privileges in offices; and parking stickers.

**Illness**

[See Student Illness under Health-Related Matters on page 69.]

**Immunization (All Grade Levels)**

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the
A student will not be immunized. For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services (DSHS), Immunization Branch, can be honored by the district. This form may be obtained by writing the DSHS Immunization Branch (MC 1946), P.O. Box 149347, Austin, Texas 78714-9347; or online at Affidavit Request for Exemption from Immunization. The form must be notarized and submitted to the principal or school nurse within 90 days of notarization. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student.

The immunizations required are: diphtheria, tetanus, and pertussis; rubella (measles), mumps, and rubella; polio; hepatitis A; hepatitis B; varicella (chicken pox); and meningococcus. The school nurse can provide information on age-appropriate doses or on an acceptable physician-validated history of illness required by TDSHS. Proof of immunization may be established by personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. registered and licensed physician stating that, in the doctor’s opinion, the immunization required is medically contraindicated or poses a significant risk to the health and well-being of the student or a member of the student’s family or household. This certificate must be renewed yearly unless the physician specifies a lifelong condition.

As noted at Bacterial Meningitis, entering college students must also, with limited exception, furnish evidence of having received a bacterial meningitis vaccination within the five years prior to enrolling in and attending classes at an institution of higher education. A student wanting to enroll in a dual credit course taken off campus may be subject to this requirement.

[For further information, see policy FFAB(LEGAL) and the DSHS website: Texas School & Child Care Facility Immunization Requirements.]

**Law Enforcement Agencies (All Grade Levels)**

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation. In other circumstances:

- The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.
- The principal ordinarily will make reasonable efforts to notify the parents unless the interviewer raises what the principal considers to be a valid objection.
- The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.

**Students Taken Into Custody**

State law requires the district to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
• By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.

• By a law enforcement officer to obtain fingerprints or photographs for comparison in an investigation.

• By a law enforcement officer to obtain fingerprints or photographs to establish a student’s identity, where the child may have engaged in conduct indicating a need for supervision, such as running away.

• By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.

• By an authorized representative of Child Protective Services (CPS), Texas Department of Family and Protective Services (DFPS), a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student’s physical health or safety.

• To comply with a properly issued directive from a juvenile court to take a student into custody.

Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer’s identity and, to the best of his or her ability, will verify the official’s authority to take custody of the student.

The principal will immediately notify the superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student’s release to a law enforcement officer, any notification will most likely be after the fact.

**Notification of Law Violations**

The district is required by state law to notify:

• All instructional and support personnel who have responsibility for supervising a student who has been taken into custody, arrested, or referred to the juvenile court for any felony offense or for certain misdemeanors.

• All instructional and support personnel who have regular contact with a student who is thought to have committed certain offenses or who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors.

• All appropriate district personnel regarding a student who is required to register as a sex offender.

[For further information, see policy FL(LEGAL).]
Leaving Campus (All Grade Levels)

Please remember that student attendance is crucial to learning. We ask that appointments be scheduled outside of school hours as much as reasonably possible. Also note that picking up a student early on a regular basis results in missed opportunities for learning. Unless the principal has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the school day.

State rules require that parental consent be obtained before any student is allowed to leave campus for any part of the school day. The district has put the following procedures in place to document parental consent:

- For students in elementary and middle school, a parent or otherwise authorized adult must come to the office and sign the student out. Please be prepared to show identification. Once an identity is verified, a campus representative will then call for the student or collect the student and bring him or her to the office. For safety purposes and stability of the learning environment, we cannot allow you to go to the classroom or other area unescorted to pick up the student. If the student returns to campus the same day, the parent or authorized adult must sign the student back in through the main office upon the student’s return. Documentation regarding the reason for the absence will also be required.

- For students in high school, the same process will be followed. If the student’s parent will authorize the student to leave campus unaccompanied, a note provided by the parent must be submitted to the main office in advance of the absence, no later than two hours prior to the student’s need to leave campus. A phone call received from the parent may be accepted, but the school may ultimately require a note to be submitted for documentation purposes. Once the office has received information that the student’s parent consents to the student leaving campus, a pass will be issued to the student to hand to his or her teacher with the necessary information. The student must sign out through the main office and sign in upon his or her return, if the student returns the same day. If a student is 18 years of age or is an emancipated minor, the student may produce a note on his or her own behalf. Documentation regarding the reason for the absence will be required.

- If a student becomes ill during the school day and the school nurse or other district personnel determines that the student should go home, the nurse will contact the student’s parent and document the parent’s wishes regarding release from school. Unless directed by the parent to release the student unaccompanied, the parent or other authorized adult must follow the sign-out procedures as listed above. If a student is allowed to leave campus by himself or herself, as permitted by the student’s parent, or if the student is age 18 or is an emancipated minor, the nurse will document the time of day the student was released. Under no circumstances will a student in elementary or middle school be released unaccompanied by a parent or adult authorized by the parent.
During Lunch

Closed Campus

- Students are not to leave the campus during the school day except in cases preapproved based upon the students course schedule, preapproved by campus administration, or after signing out in the office. Students are not to visit the campus of other schools while classes are in session or any other time during the regular school day except for school-approved business or school sponsored activities. Otherwise, once a student arrives on campus they are required to stay on campus for the entire length of their schedule. Reasons to leave are limited and include such things as course work at Ben Barber, TCC classes, special work/educational programs, and early release for students.

- Please Note: Mansfield ISD provides bus transportation to and from each high school to Ben Barber Career Tech Academy.

- When a student is caught off campus, or attempting to leave campus, without following the guidelines outlined, it will result in the loss of parking privileges for 30 school days for each infraction. A student who has been found to have parked on campus property with any motorized vehicle, while under the loss of parking privilege during a “30 school days” period, shall be assigned to 2 days I.S.S. (AC). The student may receive other consequences if the issue continues.

- The “30 school days” consequences will be given to all students riding in a vehicle, not just the driver, if the student also has campus parking privileges. If the student is not of driving age or does not have parking privileges, the student shall be assigned to 1 day I.S.S. (AC).

- Parking stickers will be removed from the student’s car following each offense. Students will be charged $2 for a replacement sticker following the discipline period.

- It will be the responsibility of the student and their family to arrange for alternate transportation during the discipline period. City police will be monitoring surrounding businesses and neighborhoods for students who are illegally parked, so we would not recommend parking off-site.

At Any Other Time during the School Day

Students are not authorized to leave campus during regular school hours for any other reason, except with the permission of the principal.

Students who leave campus in violation of these rules will be subject to disciplinary action in accordance with the Student Code of Conduct.

Lost and Found (All Grade Levels)

A “lost and found” collection box is located in the campus office. If your child has lost an item, please encourage him or her to check the lost and found box. The district discourages students from bringing to school personal items of high monetary value, as the district is not responsible
for lost or stolen items. The campus will dispose of lost and found items at the end of each semester.

**Makeup Work**

*Makeup Work Because of Absence (All Grade Levels)*

For any class missed, the teacher may assign the student makeup work based on the instructional objectives for the subject or course and the needs of the individual student in mastering the essential knowledge and skills or in meeting subject or course requirements.

A student will be responsible for obtaining and completing the makeup work in a satisfactory manner and within the time specified by the teacher. A student who does not make up assigned work within the time allotted by the teacher will receive a grade of zero for the assignment.

A student is encouraged to speak with his or her teacher if the student knows of an absence ahead of time, including absences for extracurricular activities, so that the teacher and student may plan any work that can be completed before or shortly after the absence. Please remember the importance of student attendance at school and that, even though absences may be excused or unexcused, all absences account for the 90 percent threshold regarding the state laws surrounding “attendance for credit or final grade.” [See *Attendance for Credit or Final Grade* on page 27.]

A student involved in an extracurricular activity must notify his or her teachers ahead of time about any absences.

A student will be permitted to make up tests and to turn in projects due in any class missed because of absence. Teachers may assign a late penalty to any long-term project in accordance with timelines approved by the principal and previously communicated to students.

**DAEP Makeup Work**

A high school student removed to a disciplinary alternative education program (DAEP) during the school year will have an opportunity to complete, before the beginning of the next school year, a foundation curriculum course in which the student was enrolled at the time of removal. The district may provide the opportunity to complete the course through an alternative method, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FOCA(LEGAL).]

**In-School Suspension (ISS) Makeup Work (All Grade Levels)**

A student removed from the regular classroom to in-school suspension or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FO(LEGAL).]
Medicine at School (All Grade Levels)

Medication that must be administered to a student during school hours must be provided by the student’s parent. All medication, whether prescription or nonprescription, must be kept in the nurse’s office and administered by the nurse or another authorized district employee, unless the student is authorized to possess his or her own medication because of asthma or a severe allergy as described below or as otherwise allowed by law.

The district will not purchase nonprescription medication to give to a student. District employees will not give a student prescription medication, nonprescription medication, herbal substances, anabolic steroids, or dietary supplements, with the following exceptions:

Only authorized employees, in accordance with policy FFAC, may administer:

- Prescription medication, in the original, properly labeled container, provided by the parent, along with a written request.
- Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified district employee from the original, properly labeled container.
- Nonprescription medication, in the original, properly labeled container, provided by the parent along with a written request.
- Herbal or dietary supplements provided by the parent only if required by the student’s individualized education program (IEP) or Section 504 plan for a student with disabilities.

Students whose schedules provide for regular time spent outdoors, including for recess and physical education classes, should apply sunscreen before coming to school.

For students at the elementary level, the student’s teacher or other district personnel will apply sunscreen to a student’s exposed skin if the student brings the sunscreen to school and requests assistance with the application of the sunscreen. Nothing prohibits a student at this level from applying his or her own sunscreen if the student is capable of doing so.

For students at the secondary level, a student may possess and apply sunscreen when necessary. If the student will need assistance with this application, please address the need for assistance with the school nurse.

Whether a student is at the elementary or secondary level, if sunscreen needs to be administered to treat any type of medical condition, this should be handled through communication with the school nurse so that the district is made aware of any safety and medical issues.

A student with asthma or severe allergic reaction (anaphylaxis) may be permitted to possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider. The student must also demonstrate to his or her physician or health-care provider and to the school nurse the ability to use the prescribed medication, including any device required to administer the medication.
If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the school nurse or principal.

In accordance with a student’s individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the school nurse or principal for information. [See policy FFAF(LEGAL).]

**Psychotropic Drugs**

A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication. It is intended to have an altering effect on perception, emotion, or behavior and is commonly described as a mood- or behavior-altering substance.

Teachers and other district employees may discuss a student’s academic progress or behavior with the student’s parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs. A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. [For further information, see policy FFAC.]

**Messages (All Grade Levels)**

In order to prevent classroom interruptions, only EMERGENCY MESSAGES as determined by the administration will be delivered to students.

**Nondiscrimination Statement (All Grade Levels)**

In its efforts to promote nondiscrimination and as required by law, Mansfield ISD does not discriminate on the basis of race, religion, color, national origin, gender, sex, disability, age, or any other basis prohibited by law, in providing education services, activities, and programs, including CTE programs, and provides equal access to the Boy Scouts and other designated youth groups. The following district representatives have been designated to coordinate compliance with these legal requirements:

- **Title IX Coordinator**, for concerns regarding discrimination on the basis of sex, including sexual harassment or gender-based harassment: Director Human Resources/KEEPs Program, 605 E. Broad St., Mansfield, TX 76063, (817) 299-6305
- **ADA/Section 504 Coordinator**, for concerns regarding discrimination on the basis of disability: Director of Instructional Support 817-299-6300.
- **All other concerns regarding discrimination**: See the Director of Student Services, 605 E. Broad St., Mansfield, TX 76063, (817) 299-6300.
- **Liaison for Homeless Children and Youth** (coordinates services for homeless students): Director of Campus Support, 609 E. Broad St., Mansfield, TX 76063, (817) 299-6360.
- **Parent Involvement Coordinator** (works with parents of students participating in Title I programs): Contact building principal or Federal Programs Coordinator, 605 E. Broad St. Mansfield, TX 76063, (817) 299-6358.

Nontraditional Academic Programs (All Grade Levels)

Parent and Family Engagement (All Grade Levels)

Working Together

Both experience and research tell us that a child’s education succeeds best when there is good communication and a strong partnership between home and school. Your involvement and engagement in this partnership may include:

• Encouraging your child to put a high priority on education and working with your child on a daily basis to make the most of the educational opportunities the school provides.

• Ensuring that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.

• Becoming familiar with all of your child’s school activities and with the academic programs, including special programs, offered in the district.

• Discussing with the school counselor or principal any questions you may have about the options and opportunities available to your child.

• Reviewing the requirements and options for graduation with your child in middle school and again while your child is enrolled in high school.

• Monitoring your child’s academic progress and contacting teachers as needed. [See Academic Counseling on page 37.]

• Attending scheduled conferences and requesting additional conferences as needed. To schedule a telephone or in-person conference with a teacher, school counselor, or principal, please call the school office for an appointment. The teacher will usually return your call or meet with you during his or her conference period or before or after school. [See Report Cards/Progress Reports and Conferences on page 86.]

• Becoming a school volunteer. [For further information, see policy GKG and Volunteers on page 98.]

• Serving as a parent representative on the district-level or campus-level planning committees, assisting in the development of educational goals and plans to improve student achievement. [For further information, see policies at BQA and BQB and contact your campus principal.]

• Serving on the School Health Advisory Council (SHAC), assisting the district in ensuring local community values are reflected in health education instruction and other wellness issues. [See policies at BDF, EHAA, FFA, and information in this handbook at School Health Advisory Council (SHAC) on page 72.]

• Being aware of the school’s ongoing bullying and harassment prevention efforts.
• Contacting school officials if you are concerned with your child’s emotional or mental well-being.
• Attending board meetings to learn more about district operations. [See policies at BE and BED for more information.]

Physical Examinations/Health Screenings

Athletics Participation (Secondary Grade Levels Only)

A student who wishes to participate in, or continue participation in, the district’s athletics program governed by the UIL must submit certification from a health-care provider authorized under UIL rules that the student has been examined and is physically able to participate in the athletic program.

This examination is required to be submitted annually to the district.

Spinal Screening Program

School-based spinal screening helps identify adolescents with abnormal spinal curvature and refer them for appropriate follow-up by their physician. Screening can detect scoliosis at an early stage, when the curve is mild and may go unnoticed. Early detection is key to controlling spinal deformities.

All students who meet the Texas Department of State Health Services criteria will be screened for abnormal spinal curvature before the end of the school year. For information on spinal screening by an outside professional or exemption from spinal screening based on religious beliefs, see policy FFAA(LEGAL) or contact the superintendent.

Spinal screening is non-invasive and conducted following the most recent, nationally accepted and peer-reviewed standards for spinal screening.

Other Examinations and Screenings (All Grade Levels)

Students are required to undergo a risk assessment for Type 2 diabetes at the same time the district screens students for hearing and vision issues, or for abnormal spinal curvatures.

[See policy FFAA.]

Pledges of Allegiance and a Minute of Silence (All Grade Levels)

Each school day, students will recite the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the principal to excuse their child from reciting a pledge. [See Reciting the Pledges to the U.S. and Texas Flags on page 12.]

State law requires that one minute of silence follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others. In addition, state law requires that each campus provide for the observance of one minute of silence at the beginning of the first class period when September 11 falls on a regular school day in remembrance of those who lost their lives on September 11, 2001.
[See policy EC for more information.]

**Prayer (All Grade Levels)**

Each student has a right to pray individually, voluntarily, and silently or to meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not encourage, require, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

**Promotion and Retention**

A student will be promoted only on the basis of academic achievement or demonstrated proficiency in the subject matter of the course or grade level, the recommendation of the student’s teacher, the score received on any criterion-referenced or state-mandated assessment, and any other necessary academic information as determined by the district.

In addition, at certain grade levels a student—with limited exceptions—will be required to pass the State of Texas Assessments of Academic Readiness (STAAR) if the student is enrolled in a public Texas school on any day between January 1 and the date of the first administration of the STAAR.

**Elementary and Middle/Junior High Grade Levels**

In grades prekindergarten–grade 1, promotion is based on satisfactory performance on grade-level standards (essential knowledge and skills) in language arts and mathematics.

In grades 2–8, promotion to the next grade level shall be based on an overall average of 70 on a scale of 100 based on course-level, grade-level standards (essential knowledge and skills) for all subject areas and a grade of 70 or above in three of the following areas: language arts, mathematics, science, and social studies.

To be promoted to grade 6, students enrolled in grade 5 must perform satisfactorily on the mathematics and reading sections of the grade 5 assessment in English or Spanish.

To be promoted to grade 9, students enrolled in grade 8 must perform satisfactorily on the mathematics and reading sections of the grade 8 assessment in English.

If a student in grade 5 or 8 is enrolled in a course that earns high school credit and for which an end-of-course (EOC) assessment will be administered, the student will not be subject to the promotion requirements described above for the relevant grade 5 or 8 assessment. The student will instead take the corresponding EOC assessment.

If a student in grades 3–8 is enrolled in a class or course intended for students above his or her current grade level in which the student will be administered a state-mandated assessment, the student will be required to take an applicable state-mandated assessment only for the course in which he or she is enrolled, unless otherwise required to do so by federal law.

[See Standardized Testing on page 91.]

A student in grade 5 or 8 will have two additional opportunities to take a failed assessment. If a student fails a second time, a grade placement committee, consisting of the principal or designee, the teacher, and the student’s parent, will determine the additional special
instruction the student will receive. After a third failed attempt, the student will be retained; however, the parent can appeal this decision to the committee. For the student to be promoted, based on standards previously established by the district, the decision of the committee must be unanimous and the student must complete additional special instruction before beginning the next grade level. Whether the student is retained or promoted, an educational plan for the student will be designed to enable the student to perform at grade level by the end of the next school year. [See policy EIE.]

Certain students—some with disabilities and some classified as English language learners—may be eligible for exemptions, accommodations, or deferred testing. An admission, review, and dismissal (ARD) committee meeting will be convened if a student receiving special education services in grade 5 or 8 fails to meet satisfactory performance after the first STAAR administrations in reading or math. For more information, see the principal, school counselor, or special education director.

Parents of a student at or above grade level 3 who does not perform satisfactorily on his or her state-mandated examinations, will be notified that their child will participate in special instructional programs designed to improve performance. The student may be required to participate in this instruction before or after normal school hours or outside of the normal school year. Failure of a student to attend these programs may result in violations of required school attendance as well as the student not being promoted to the next grade level.

A personal graduation plan (PGP) will be prepared for any student at the middle school or junior high level who did not perform satisfactorily on a state-mandated assessment or is determined by the district as not likely to earn a high school diploma before the fifth school year following enrollment in grade 9. The PGP will be designed and implemented by a school counselor, teacher, or other staff member designated by the principal. The plan will, among other items, identify the student’s educational goals, address the parent’s educational expectations for the student, and outline an intensive instruction program for the student. [For additional information, see the school counselor and policy EIF(LEGAL).] For a student receiving special education services, the student’s IEP may serve as the student’s PGP and would therefore be developed by the student’s ARD committee.

[For information related to the development of personal graduation plans for high school students, see Personal Graduation Plans on page 66.]

**High School Grade Levels**

To earn credit in a course, a student must receive a grade of at least 70 based on course-level or grade-level standards.

A student in grades 9–12 will be advanced a grade level based on the number of course credits earned. [See Grade Level Classification on page 63.]

Students will also have multiple opportunities to retake EOC assessments. [See Graduation on page 63 and Standardized Testing on page 91 for more information about EOC assessments.]
Release of Students from School
[See Leaving Campus on page 77.]

Report Cards/Progress Reports and Conferences (All Grade Levels)

Report cards with each student’s grades or performance and absences in each class or subject are issued at least once every 6-7 weeks.

Teachers follow grading guidelines that are in the Student Handbook pursuant to the board-adopted policy and are designed to reflect each student’s relative mastery of each assignment for the grading period, semester, or course. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district’s grading policy. [See policy EIA(LOCAL) and Grading Guidelines on page 63.]

Questions about grade calculation should first be discussed with the teacher; if the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL).

The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70 in a class or subject.

The district may use an electronic program to communicate academic information about your child, including for report card and progress reporting purposes.

Retaliation
[See Dating Violence, Discrimination, Harassment, and Retaliation on page 38.]

Safety (All Grade Levels)

Student safety on campus, at school-related events, and on district vehicles is a high priority of the district. Although the district has implemented safety procedures, the cooperation of students is essential to ensuring school safety. A student is expected to:

- Avoid conduct that is likely to put the student or others at risk.
- Follow the behavioral standards in this handbook and the Student Code of Conduct, as well as any additional rules for behavior and safety set by the principal, campus behavior coordinator, teachers, or bus drivers.
- Remain alert to and promptly report to a teacher or the principal any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other district employees who are overseeing the welfare of students.
Preparedness Drills: Evacuation, Severe Weather, and Other Emergencies

Routinely, students, teachers, and other district employees will participate in preparedness drills of emergency procedures. When the command is given or alarm is sounded, students need to follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

Emergency Medical Treatment and Information

If a student has a medical emergency at school or a school-related activity when the parent cannot be reached, the school may have to rely on previously provided written parental consent to obtain emergency medical treatment, and information about allergies to medications, foods, insect bites, etc. Therefore, all parents are asked each year to complete an emergency care consent form. Parents should keep emergency care information up-to-date (name of doctor, emergency phone numbers, allergies, etc.). Please contact the school nurse to update any information that the nurse or the teacher needs to know.

Emergency School-Closing Information

Each year, parents are asked to complete an emergency release form to provide contact information in the event that school is dismissed early or opening is delayed because of severe weather or another emergency, or if the campus must restrict access due to a security threat.

The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real-time or automated messages. It is crucial to notify your child’s school when a phone number previously provided to the district has changed.

If the campus must close, delay opening, or restrict access to the building because of an emergency, the district will also alert the community in the following ways: Using the District’s mass messaging system (via email, phone, and text), updating the website to include the information, posting to the district’s social media sites (Facebook and Twitter), and contacting local media outlets.

[See Communications-Automated, Emergency on page 35 for more information.]

SAT, ACT, and Other Standardized Tests

[See Standardized Testing on page 91.]

School Day (All Grade Levels)

http://www.mansfieldisd.org/page.cfm?p=4635

School Facilities

Use by Students Before and After School (All Grade Levels)

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place.
Unless the teacher or sponsor overseeing an activity gives permission, a student will not be permitted to go to another area of the building or campus.

After dismissal of school in the afternoon, unless a student is involved in an activity under the supervision of a teacher or other authorized employee or adult, or unless students are granted permission to remain on campus in accordance with policy FNAB, students must leave campus immediately.

**Conduct Before and After School (All Grade Levels)**

Teachers and administrators have full authority over student conduct at before- or after-school activities on district premises and at school-sponsored events off district premises, such as play rehearsals, club meetings, athletic practices, and special study groups or tutorials. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the Student Code of Conduct or any stricter standards of behavior established by the sponsor for extracurricular participants.

**Use of Hallways during Class Time (All Grade Levels)**

Loitering or standing in the halls during class is not permitted. During class time, a student must have a hall pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action in accordance with the Student Code of Conduct.

**Cafeteria Services (All Grade Levels)**

The district participates in the School Breakfast Program and National School Lunch Program and offers students nutritionally balanced meals daily in accordance with standards set forth in state and federal law.

Free and reduced-price meals are available based on financial need or household situation. Information about a student’s participation is confidential; however, disclosure of a student’s eligibility may be made without prior notice or consent to programs, activities, and individuals that are specifically authorized access under the National School Lunch Act (NSLA), which is the law that sets forth the disclosure limits for the district’s child nutrition programs. A student’s name, eligibility status, and other information may be disclosed to certain agencies as authorized under the NSLA to facilitate the enrollment of eligible children in Medicaid or the state children’s health insurance program (CHIP) unless the student’s parent notifies the district that a student’s information should not be disclosed. A parent’s decision will not affect the student’s eligibility for free and reduced-price meals or free milk. See the Director of Student Nutrition, 1151 Mansfield-Webb Road, Arlington, Texas 76002 Phone: 817-299-6040 Fax: 817-472-3002 to apply for free or reduced-price meal services.

Parents are strongly encouraged to continually monitor their child’s meal account balance. When a student’s meal account is depleted, the district will notify the parent. The student will be allowed to continue purchasing meals according to the grace period set by the school board, and the district will present the parent with a schedule of repayment for any outstanding account balance and an application for free or reduced meals. If the district is unable to work out an agreement with the student’s parent on replenishment of the student’s meal account.
and payment of any outstanding balance, the student will receive an alternate meal. The district will make every effort to avoid bringing attention to such a student.

**Library (All Grade Levels)**

The library is a learning laboratory with books, computers, magazines, and other materials available for classroom assignments, projects, and reading or listening pleasure. The library is open for independent student use.

**Meetings of Noncurriculum-Related Groups (Secondary Grade Levels Only)**

Student-organized, student-led noncurriculum-related groups are permitted to meet during the hours designated by the principal before and after school. These groups must comply with the requirements of policy FNAB(LOCAL).

A list of these groups is available in the principal’s office.

**School-sponsored Field Trips (All Grade Levels)**

The district periodically takes students on field trips for educational purposes.

A parent must provide permission for a student to participate in a field trip.

The district may ask the parent to provide information about a student’s medical provider and insurance coverage, and may also ask the parent to sign a waiver allowing for emergency medical treatment in the case of a student accident or illness during the field trip.

The district may require a fee for student participation in a field trip to cover expenses such as transportation, admission, and meals; however, a student will not be denied participation because of financial need.

**Searches**

**District Property (All Grade Levels)**

Desks, lockers, district-provided technology, and similar items are the property of the district and are provided for student use as a matter of convenience. District property is subject to search or inspection at any time without notice. Students have no expectation of privacy in district property.

Students are responsible for any item—found in district property provided to the student—that is prohibited by law, district policy, or the Student Code of Conduct.

**Searches in General (All Grade Levels)**

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, district officials may occasionally conduct searches.
District officials may conduct searches of students, their belongings, and their vehicles in accordance with law and district policy. Searches of students will be conducted without discrimination, based on, for example, reasonable suspicion, voluntary consent, or pursuant to district policy providing for suspicionless security procedures, including the use of metal detectors.

In accordance with the Student Code of Conduct, students are responsible for prohibited items found in their possession, including items in their personal belongings or in vehicles parked on district property.

If there is reasonable suspicion to believe that searching a student’s person, belongings, or vehicle will reveal evidence of a violation of the Student Code of Conduct, a district official may conduct a search in accordance with law and district regulations.

**Telecommunications and Other Electronic Devices (All Grade Levels)**

Use of district-owned equipment and its network systems is not private and will be monitored by the district. [See policy CQ for more information.]

Any searches of personal telecommunications or other personal electronic devices will be conducted in accordance with law, and the device may be confiscated to perform a lawful search. A confiscated device may be turned over to law enforcement to determine whether a crime has been committed.

[See policy FNF(LEGAL) and Electronic Devices and Technology Resources on page 47 for more information.]

**Vehicles on Campus (Secondary Grade Levels Only)**

A student has full responsibility for the security and content of his or her vehicle parked on district property and must make certain that it is locked and that the keys are not given to others. [See the Student Code of Conduct.]

Vehicles parked on district property are under the jurisdiction of the district. School officials may search any vehicle any time there is reasonable suspicion to do so, with or without the permission of the student. If a vehicle subject to search is locked, the student will be asked to unlock the vehicle. If the student refuses, the student’s parent will be contacted. If a search is also refused by the student’s parent, the district will turn the matter over to law enforcement. The district may, in certain circumstances, contact law enforcement even if permission to search is granted.

**Trained Dogs (All Grade Levels)**

The district will use trained dogs to alert school officials to the presence of prohibited or illegal items, including drugs and alcohol. At any time, trained dogs may be used around lockers and the areas around vehicles parked on school property. Searches of classrooms, common areas, or student belongings may also be conducted by trained dogs when students are not present. An item in a classroom, a locker, or a vehicle to which a trained dog alerts may be searched by school officials.
Metal Detectors (All Grade Levels)
[For further information, see policy FNF(LOCAL).]

Drug Testing (Secondary Grade Levels Only)
[For further information, see policy FNF(LOCAL). Also see Steroids on page 93.]

Sexual Harassment
[See Dating Violence, Discrimination, Harassment, and Retaliation on page 38.]

Special Occasions (All Grade Levels)
Items such as flowers, balloons, etc., should not be brought to the school and they will not be delivered to the students during the school day. If delivered, the office will not take responsibility for lost, damaged or stolen items.

Special Programs (All Grade Levels)
The district provides special programs for gifted and talented students, homeless students, students in foster care, bilingual students, migrant students, English language learners, students diagnosed with dyslexia, and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the district or by other organizations.

Standardized Testing

Secondary Grade Levels

SAT/ACT (Scholastic Aptitude Test and American College Test)
Many colleges require either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) for admission. Students are encouraged to talk with the school counselor early during their junior year to determine the appropriate examination to take; these examinations are usually taken at the end of the junior year. The Preliminary SAT (PSAT) and ACT-Aspire are the corresponding preparatory and readiness assessments for the SAT and ACT, and more information can be obtained on these assessments from the school counselor.

Note: Participation in these assessments may qualify a student to receive a performance acknowledgment on his or her transcript under the foundation graduation program and may qualify as a substitute for an end-of-course testing requirement in certain circumstances. A student's performance at a certain level on the SAT or ACT also makes the student eligible for automatic admission to a Texas public institution of higher education.

TSI (Texas Success Initiative) Assessment
Prior to enrollment in a Texas public college or university, most students must take a standardized test called the Texas Success Initiative (TSI) assessment. The purpose of the TSI assessment is to assess the reading, mathematics, and writing skills that entering freshmen-level students should have if they are to perform effectively in undergraduate certificate or degree programs in Texas public colleges and universities. This assessment may be required
before a student enrolls in a dual credit course offered through the district as well. Achieving certain benchmark scores on this assessment for college readiness may also waive certain end-of-course assessment requirements in limited circumstances.

**STAAR (State of Texas Assessments of Academic Readiness)**

**Grades 3–8**

In addition to routine tests and other measures of achievement, students at certain grade levels are required to take the state assessment, called STAAR, in the following subjects:

- Mathematics, annually in grades 3–8
- Reading, annually in grades 3–8
- Writing, including spelling and grammar, in grades 4 and 7
- Science in grades 5 and 8
- Social Studies in grade 8

Successful performance on the reading and math assessments in grades 5 and 8 is required by law for the student to be promoted to the next grade level, unless the student is enrolled in a reading or math course intended for students above the student’s current grade level. Exceptions may apply for students enrolled in a special education program if the admission, review, and dismissal (ARD) committee concludes the student has made sufficient progress in the student’s individualized education plan (IEP). [See Promotion and Retention on page 84 for additional information.]

STAAR Alternate 2 is available for eligible students receiving special education services who meet certain state-established criteria as determined by the student’s ARD committee.

STAAR Spanish is available for eligible students for whom a Spanish version of STAAR is the most appropriate measure of their academic progress.

**High School Courses—End-of-Course (EOC) Assessments**

STAAR end-of-course (EOC) assessments are administered for the following courses:

- Algebra I
- English I and English II
- Biology
- U.S. History

Satisfactory performance on the applicable assessments will be required for graduation, unless otherwise waived or substituted as allowed by state law and rules.

There are three testing windows during the year in which a student may take an EOC assessment, which will occur during the fall, spring, and summer months. If a student does not meet satisfactory performance, the student will have additional opportunities to retake the assessment.
STAAR Alternate 2 is available for eligible students receiving special education services who meet certain criteria established by the state as determined by the student’s ARD committee.

An admission, review, and dismissal (ARD) committee for a student receiving special education services will determine whether successful performance on the EOC assessments will be required for graduation within the parameters identified in state rules and the student’s personal graduation plan (PNP).

[See Graduation on page 63 for additional information.]

**Steroids (Secondary Grade Levels Only)**

State law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for medical use only, and only a physician can prescribe use.

Body building, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

**Students in Foster Care (All Grade Levels)**

In an effort to provide educational stability, the district will assist any student who is currently placed or newly placed in foster care (temporary or permanent custody of the state, sometimes referred to as substitute care) with the enrollment and registration process, as well as other educational services throughout the student’s enrollment in the district.

Please contact Director of Campus Support, 609 E. Broad St., Mansfield, TX 76063, (817) 299-6360, who has been designated as the district’s foster care liaison with any questions.

[See Students in the Conservatorship of the State on page 19 for more information.]

**Student Speakers (All Grade Levels)**

The district provides students the opportunity to introduce the following school events:

- Nonathletic activities of student organizations; and
- Fine Arts productions

If a student meets the eligibility criteria and wishes to introduce one of the school events listed above, the student should submit his or her name in accordance with policy FNA(LOCAL).

[See policy FNA(LOCAL) regarding other speaking opportunities and Graduation on page 63 for information related to student speakers at graduation ceremonies.]

**Substance Abuse Prevention and Intervention (All Grade Levels)**

If you are worried that your child may be using or is in danger of experimenting, using, or abusing illegal drugs or other prohibited substances, please contact the school counselor. The school counselor can provide you with a list of community resources that may be of assistance to you. The Texas Department of State Health Services (DSHS) maintains information regarding children’s mental health and substance abuse intervention services on its website: Mental Health and Substance Abuse.
Suicide Awareness and Mental Health Support
(All Grade Levels)

The district is committed to partnering with parents to support the healthy mental, emotional, and behavioral development of its students. If you are concerned about your child, please visit Texas Suicide Prevention or contact the school counselor for more information related to suicide prevention services available in your area.

You may also contact the National Suicide Prevention Lifeline at 1-800-273-8255.

Tardies (All Grade Levels)

Students are expected to be prompt to class and to be in the classroom before the tardy bell rings. If students are not in class when the tardy bell rings they will be counted tardy. Each campus develops procedures for late arrivals and early dismissals. In addition, each campus may institute procedures to address the tardy policy differently.

A student, who misses more than 20 minutes late to any period of the day, will be considered absent.

*Excessive tardies may result in an alternative placement. Five tardies or more within a 6-month period may result in truancy charges being filed with the juvenile courts. (TEC 25.095)

NOTE:
• Tardies are cumulative per semester
• “No show” to D Hall will result in additional disciplinary action which may include AC Placement
  • Two tardies in one day = may be placed in AC for one day

Textbooks, Electronic Textbooks, Technological Equipment, and Other Instructional Materials (All Grade Levels)

Textbooks and other district-approved instructional materials are provided to students free of charge for each subject or class. Any books must be covered by the student, as directed by the teacher, and treated with care. Electronic textbooks and technological equipment may also be provided to students, depending on the course and course objectives. A student who is issued a damaged item should report the damage to the teacher. Any student failing to return an item in acceptable condition loses the right to free textbooks and technological equipment until the item is returned or the damage paid for by the parent; however, the student will be provided the necessary instructional resources and equipment for use at school during the school day.

Transfers (All Grade Levels)

The principal is authorized to transfer a student from one classroom to another.

[See Safety Transfers/Assignments on page 18, Bullying on page 29, and Students Who Have Learning Difficulties or Who Need Special Education or Section 504 Services on page 20, for other transfer options.]
Transportation (All Grade Levels)

School-Sponsored Trips

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. As approved by the principal, a coach or sponsor of an extracurricular activity may establish procedures related to making an exception to this requirement when a parent requests that the student be released to the parent or to another adult designated by the parent.

Buses and Other School Vehicles

The district makes school bus transportation available to all students living two or more miles from school. This service is provided at no cost to students.

Bus routes and stops will be designated annually, and any subsequent changes will be posted at the school and on the district’s website. For the safety of the operator of the vehicle and all passengers, students must board buses or other vehicles only at authorized stops, and drivers must unload passengers only at authorized stops.

A parent may also designate a child-care facility or grandparent’s residence as the regular pickup and drop-off location for his or her child. The designated facility or residence must be on an approved stop on an approved route. For information on bus routes and stops or to designate an alternate pickup or drop-off location, you may contact the District Transportation Office at 817-299-6060.

[See the Student Code of Conduct for provisions regarding transportation to the DAEP.]

Students are expected to assist district staff in ensuring that buses and other district vehicles remain in good condition and that transportation is provided safely. When riding in district vehicles, including buses, students are held to behavioral standards established in this handbook and the Student Code of Conduct. Students must:

- Follow the driver’s directions at all times.
- Enter and leave the vehicle in an orderly manner at the designated stop.
- Keep feet, books, instrument cases, and other objects out of the aisle.
- Not deface the vehicle or its equipment.
- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the vehicle.
- Not possess or use any form of tobacco or e-cigarettes in any district vehicle.
- Observe all usual classroom rules.
- Be seated while the vehicle is moving.
- Fasten their seat belts, if available.
- Wait for the driver’s signal upon leaving the vehicle and before crossing in front of the vehicle.
• Follow any other rules established by the operator of the vehicle.

Misconduct will be punished in accordance with the Student Code of Conduct; the privilege to ride in a district vehicle, including a school bus, may be suspended or revoked.

**Vandalism (All Grade Levels)**

The taxpayers of the community have made a sustained financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended—both this year and for years to come—littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

**Video Cameras (All Grade Levels)**

For safety purposes, video and audio recording equipment is used to monitor student behavior, including on buses and in common areas on campus. Students will not be told when the equipment is being used.

The principal will review the video and audio recordings routinely and document student misconduct. Discipline will be in accordance with the Student Code of Conduct.

[See EHBAF(LOCAL).]

**Visitors to the School (All Grade Levels)**

**General Visitors**

Parents and others are welcome to visit district schools. For the safety of those within the school and to avoid disruption of instructional time, all visitors must first report to the main office and must comply with all applicable district policies and procedures. When arriving on campus, all parents and other visitors should be prepared to show identification.

Visits to individual classrooms during instructional time are permitted only with approval of the principal and teacher and only so long as their duration or frequency does not interfere with the delivery of instruction or disrupt the normal school environment. Even if the visit is approved prior to the visitor’s arrival, the individual must check in at the main office first.

All visitors are expected to demonstrate the highest standards of courtesy and conduct; disruptive behavior will not be permitted.

**Guidelines for Visitors at Lunch**

The Mansfield Independent School District is proud of our schools and welcomes visitors. In order to protect the security of our students as well as to ensure parents are aware who is eating with their child at lunchtime, the following protocols will be in place:

• All visitors to a campus for lunch must report to the school office, present a government-issued photo ID, and sign-in according to campus procedures.

• Any visitor who wishes to eat lunch with a student at a MISD school will need to meet the following criteria:
a) The person must be listed on the students Skyward account in either the “Family” tab or the “Emergency” tab and

b) The person must be at least 21 years old, unless accompanied by adult (21 years and older) listed in Skyward in either the “Family” tab or the “Emergency” tab, or

c) Receive prior approval from campus administration [24 hours in advance is requested].

- Each visitor to a school campus must wear a visitor name badge provided by the school office in a clearly visible location at all time during the visit.

- Each visitor must comply with campus instruction and must remain in the area(s) designated for the visit.

- Visitors are requested to wear appropriate attire when visiting District schools. [See FNCA]

- A visitor who fails to comply with any of these guidelines and/or District policies may be prohibited from visiting the school.

- The visitor should return the visitor name badge to the office before leaving.

- A parent, who wishes to create a more restrictive lunch visitor list other than a) and b) above, must contact campus administration in writing.

- Court orders and protective orders should be brought to the attention of the campus administration.

**Unauthorized Persons**

In accordance with Education Code 37.105, a school administrator, school resource officer (SRO), or district police officer has the authority to refuse entry or eject a person from district property if the person refuses to leave peaceably on request and:

- The person poses a substantial risk of harm to any person; or

- The person behaves in a manner that is inappropriate for a school setting and the person persists in the behavior after being given a verbal warning that the behavior is inappropriate and may result in refusal of entry or ejection.

Appeals regarding refusal of entry or ejection from district property may be filed in accordance with FNG(LOCAL) or GF(LOCAL).

[See also Student Code of Conduct.]

**Visitors Participating in Special Programs for Students**

**Business, Civic, and Youth Groups**

The district may invite representatives from patriotic societies listed in Title 36 of the United States Code to present information to interested students about membership in the society.
**Career Day**
The district invites representatives from colleges and universities and other higher education institutions, prospective employers, and military recruiters to present information to interested students.

**Volunteers (All Grade Levels)**
We appreciate so much the efforts of parent and grandparent volunteers that are willing to serve our district and students. If you are interested in volunteering, please contact your child’s school for more information and to complete an application.

**Voter Registration (Secondary Grade Levels Only)**
A student who is eligible to vote in any local, state, or federal election may obtain a voter registration application at the main campus office.

**Withdrawing from School (All Grade Levels)**
When a student under age 18 withdraws from school, the parent or guardian must submit a written request to the principal, specifying the reasons for withdrawal and the final day the student will be in attendance. Withdrawal forms are available from the principal’s office.

A student who is age 18 or older, who is married, or who has been declared by a court to be an emancipated minor may withdraw without parental signature.

Please provide the school at least three days’ notice of withdrawal so that records and documents may be prepared.
Appendix

Class Rank/Highest-Ranking Student (High School)

A student’s rank in class shall be determined by calculating all grades earned in high school credit courses, including high school credit courses taken in middle school.

[For further information, see policy EIC.]

Class Schedules (All Grade Levels)

All students are expected to attend school for the entire school day and maintain a class/course schedule to fulfill each period of the day. Exceptions may be made occasionally by the campus principal for students in grades 9–12 who meet specific criteria and receive parental consent to enroll in less than a full-day’s schedule.

[See Schedule Changes for information related to student requests to revise their course schedule.]

College and University Admissions (High School)

For two school years following his or her graduation, a district student who graduates in the top ten percent and, in some cases, the top 25 percent, of his or her class is eligible for automatic admission into four-year public universities and colleges in Texas if the student:

- Completes the Recommended or Advanced/Distinguished Achievement Program*; or

- Satisfies the ACT College Readiness Benchmarks or earns at least a 1500 out of 2400 on the SAT.

*Beginning with ninth graders in the 2014–15 school year, to be eligible for automatic admission to a Texas four-year college or university, a student must be on track to graduate with the distinguished level of achievement under the foundation graduation program. This means that a student must graduate with at least one endorsement and must have taken Algebra II as one of the four required math courses.

In addition, the student must submit a completed application for admission in accordance with the deadline established by the college or university. The student is ultimately responsible for ensuring that he or she meets the admission requirements of the university or college to which the student submits an application.

The University of Texas at Austin may limit the number of students automatically admitted to 75 percent of the University’s enrollment capacity for incoming resident freshmen. For students who are eligible to enroll in the University during the summer or fall 2017 term, the University will be admitting the top seven percent of the high school’s graduating class who meet the above requirements. Additional applicants will be considered by the University through a holistic review process.
Should a college or university adopt an admissions policy that automatically accepts the top 25 percent of a graduating class, the provisions above will also apply to a student ranked in the top 25 percent of his or her class.

Students and parents should contact the school counselor for further information about automatic admissions, the application process, and deadlines.

[See also Class Rank/Highest-Ranking Student for information specifically related to how the district calculates a student’s rank in class, and requirements for Graduation for information associated with the foundation graduation program].

**College Credit Courses (High School)**

Students in grades 9–12 have opportunities to earn college credit through the following methods:

- Certain courses taught at the high school campus, which may include courses termed dual credit, Advanced Placement (AP), International Baccalaureate (IB), or college preparatory;
- Enrollment in an AP or dual credit course through the Texas Virtual School Network;
- Enrollment in other courses taught in conjunction and partnership with TCC, UTA, and Texas Wesylan.
- Enrollment in courses taught other colleges or universities; and
- Certain CTE courses.

All of these methods have eligibility requirements and must be approved prior to enrollment in the course. Please see the school counselor for more information. Depending on the student’s grade level and the course, a state-mandated end-of-course assessment may be required for graduation.

It is important to keep in mind that not all colleges and universities accept credit earned in all dual credit or AP courses taken in high school for college credit. Students and parents should check with the prospective college or university to determine if a particular course will count toward the student’s desired degree plan.

**Course Credit (High School)**

A student in grades 9–12, or in a lower grade when a student is enrolled in a high school credit-bearing course, will earn credit for a course only if the final grade is 70 or above. For a two-semester (1 credit) course, the student’s grades from both semesters will be averaged and credit will be awarded if the combined average is 70 or above. Should the student’s combined average be less than 70, the student will be required to retake the semester in which he or she failed.
Credit by Examination for Advancement/Acceleration—If a Student Has
Taken the Course/Subject (All Grade Levels)

A student who has previously taken a course or subject—but did not receive credit or a final
grade for it—may, in circumstances determined by the principal or attendance committee, be
permitted to earn credit by passing an exam approved by the district’s board of trustees on the
essential knowledge and skills defined for that course or subject. Prior instruction may include,
for example, incomplete coursework due to a failed course or excessive absences,
homeschooling, or coursework by a student transferring from a nonaccredited school. The
opportunity to take an examination to earn credit for a course or to be awarded a final grade in
a subject after the student has had prior instruction is sometimes referred to as “credit
recovery.”

The school counselor or principal would determine if the student could take an exam for this
purpose. If approval is granted, the student must score at least 70 on the exam to receive credit
for the course or subject.

The attendance review committee may also offer a student with excessive absences an
opportunity to earn credit for a course by passing an exam.

[For further information, see the school counselor and policy EHDB (LOCAL).]

Credit by Examination for Advancement/Acceleration—If a Student Has
Not Taken the Course/Subject (All Grade Levels)

A student will be permitted to take an exam to earn credit for an academic course or subject
area for which the student has had no prior instruction, i.e., for advancement or to accelerate
to the next grade level. The exams offered by the district are approved by the district’s board
of trustees, and state law requires the use of certain exams, such as College Board Advanced
Placement (AP) and College Level Examination Program (CLEP) tests, when applicable. The
dates on which exams are scheduled during the 2016–17 school year will be published in
appropriate district publications and on the district’s website. The only exceptions to the
published dates will be for any exams administered by another entity besides the district or if a
request is made outside of these time frames by a student experiencing homelessness or by a
student involved in the foster care system. When another entity administers an exam, a
student and the district must comply with the testing schedule of the other entity. During each
testing window provided by the district, a student may attempt a specific exam only once.

If a student plans to take an exam, the student (or parent) must register with the school
counselor no later than 30 days prior to the scheduled testing date. [For further information,
see policy EHDC.]

Kindergarten Acceleration

[For further information, see policy EHDB and EHDC.]
**Students in Grades 1–5**

A student in elementary school will be eligible to accelerate to the next grade level if the student scores at least 80 on each exam in the subject areas of language arts, mathematics, science, and social studies, a district administrator recommends that the student be accelerated, and the student’s parent gives written approval of the grade advancement.

**Students in Grades 6–12**

A student in grade 6 or above will earn course credit with a passing score of at least 80 on the exam, a scaled score of 50 or higher on an exam administered through the CLEP, or a score of 3 or higher on an AP exam, as applicable. A student may take an exam to earn high school course credit no more than twice. If a student fails to achieve the designated score on the applicable exam before the beginning of the school year in which the student would need to enroll in the course according to the school’s high school course sequence, the student must complete the course.

CREDIT BY EXAM—with prior instruction in High School

Credit by Exam is designed as an option to earn credit for those students who have attended a class at least 55 hours (11 weeks) and received a semester average no lower than a 60. The decision to allow a student to earn credit by exam must be made by the attendance committee when failure of the course resulted from excessive absences. Students have the opportunity to take an exam through either Texas Tech or UT Austin correspondence school. Applications may be obtained online and approved in the high school counseling center. A score of 70 or better on the CBE is required for credit. If credit is awarded, grades will be recorded on the student’s transcript, computed in the credit toward graduation, and calculated in the student’s overall grade average and rank in class. Fees are established by the universities. Student/Parent is responsible for fees charged by Texas Tech or UT Austin.

Students Who Have Taken the Course in a Non-Accredited School

Students must pass a local assessment with at least a 70. Students must see their school counselor for more information.

CREDIT BY EXAM—If a Student Has Not Taken the Course in High School

A student will be permitted to take an exam to earn credit for an academic course for which the student has had no prior instruction or to accelerate to the next grade level. The dates on which exams are scheduled during the 2018 - 2019 school year can be found on the district website:

*Contact your Campus Counselor for more information.*
A student will earn course credit with a passing score of at least 80 on both of the semester exams. See your school counselor to register.

[For further information, see policy EHDC (LOCAL).]

**Driver License Attendance Verification (Secondary Students)**

For a student between the ages of 16 and 18 to obtain a driver license, written parental permission must be provided for the Texas Department of Public Safety (DPS) to access the student’s attendance records and, in certain circumstances, for a school administrator to provide the student’s attendance information to DPS. A verification of enrollment (VOE) form may be obtained from the office, which the student will need to submit to DPS upon application for a driver license.

**Exam Exemptions (High School)**

**MISD High School Semester Exam Exemption Guidelines**

Based on the following criteria, each high school student may earn two (2) exam exemptions in the fall semester and two (2) exemptions in the spring semester by obtaining,

- a semester average of 80 or higher in the class for which the student is seeking an exam exemption, and
- two or fewer absences in the class for which the student is seeking an exam exemption prior to the day of the semester exam

  - All absences are counted per class period whether excused or unexcused with the exception of participation in school-sponsored activities or the following, if they meet the criteria in Board Policy FEA (LEGAL), RELIGIOUS HOLY DAYS, COURT APPEARANCES, CITIZENSHIP PROCEEDINGS, ELECTION CLERKS, CHILDREN IN CONSERVATORSHIP OF DFPS, HEALTH-CARE APPOINTMENTS, HIGHER EDUCATION VISITS, EARLY VOTING CLERKS, MILITARY DEPENDENTS, or TAPS AT MILITARY FUNERAL. [See Board Policy FEA (LEGAL) under EXCUSED ABSENCES FOR COMPULSORY ATTENDANCE DETERMINATIONS]

  - Adequate documentation must be provide to the appropriate campus official for the above exceptions and is the responsibility of the student or family to provide.

**Advanced Placement Exam Exemption (Spring Semester Only)**

A student taking an Advanced Placement course may earn additional exemptions to the above by obtaining,

- an un-weighted semester average of 80 or higher in the related AP class, and
- two or fewer absences in the related AP class prior to the day of the semester exam

  - All absences are counted per class period whether excused or unexcused with the exception of participation in school-sponsored activities or the following, if
they meet the criteria in Board Policy FEA (LEGAL), RELIGIOUS HOLY DAYS, COURT APPEARANCES, CITIZENSHIP PROCEEDINGS, ELECTION CLERKS, CHILDREN IN CONSERVATORSHIP OF DFPS, HEALTH-CARE APPOINTMENTS, HIGHER EDUCATION VISITS, EARLY VOTING CLERKS, MILITARY DEPENDENTS, or TAPS AT MILITARY FUNERAL. [See Board Policy FEA (LEGAL) under EXCUSED ABSENCES FOR COMPULSORY ATTENDANCE DETERMINATIONS]

- Adequate documentation must be provide to the appropriate campus official for the above exceptions and is the responsibility of the student or family to provide.

**Exempt Courses**

The following are honors classes for purposes of eligibility to participate in extracurricular activities:

1. All College Board Advanced Placement (AP) courses and International Baccalaureate (IB) courses in all disciplines;

2. English language arts: High school/college concurrent enrollment classes included in the “Community College General Academic Course Guide Manual (Part One);”

3. Languages other than English: High school/college concurrent enrollment classes included in the “Community College General Academic Course Guide Manual (Part One)” and languages other than English courses Levels IV–VII;

5. Science: High school/college concurrent enrollment classes included in the “Community College General Academic Course Guide Manual (Part One);”

6. Social Studies: Social Studies Advanced Studies, Economics Advanced Studies, high school/college concurrent enrollment classes included in the “Community College General Academic Course Guide Manual (Part One);” and

7. All Pre-AP courses in the areas of English language arts (including the Pre-AP English II portion of World Studies), mathematics, science, social studies, and languages other than English.

A student in an exempt course shall be suspended from participation in any extracurricular activity sponsored or sanctioned by the District or the UIL after a grade evaluation period in which the student received a grade lower than the equivalent of 60 on a scale of 100.

A student shall earn one waiver of eligibility per semester for a grade below a 60 at any grading period of their choosing. The waiver can only be used in an exempt course and is not transferrable to another semester if not used. The two waivers per year may not be utilized in
the same course in the same school calendar year. The district may impose other factors for eligibility of a waiver.

**Disqualification for Exemptions**

Students do not qualify for any of their semester exam exemptions for the semester if the student

- receives a disciplinary assignment to on-campus suspension (AC/ISS),
- receives a disciplinary assignment to off-campus suspension or alternate education program(s) (BIC and/or JJAEP), or
- absence fails any class during the semester.

**Grade Level Classification**

After the ninth grade, students are classified according to the number of credits earned toward graduation.

**GRADING PRACTICES**

Grades for the grading period shall be obtained by averaging student work as detailed below. Daily assignments may count more than once, but no more than twice. MISD Curriculum Based Assessments (CBAs) are calculated as part of the daily work category. Each MISD Advanced Placement Common Assessment is calculated as a test grade (major grade/test category) in the grading period the assessment is given.

- Daily work category: 2 grades (minimum) in addition to the CBA grade
SEMESTER GRADES

- Semester grades are computed for each course by averaging the numerical grades recorded for each of the three six week reporting periods and the course semester exam.
- **All courses** - Semesters One and Two:
  - First and Fourth Grading Periods = 26% each
  - Second, Third, Fifth, and Sixth Grading Periods = 27% each
  - Semester Exam: 20%
- A student in grades 9-12, or in a lower grade when a student is enrolled in a high school credit-bearing course, will earn credit for a course only if the final grade is 70 or above. For a two-semester (1 credit) course, the student’s grades from both semesters will be averaged and credit will be awarded if the combined average is 70 or above. Should the student’s combined average be less than 70, the student will be required to retake the semester in which he or she failed.

SEMESTER EXAMS

Each semester, specific exam schedules are designated for MISD high school and dual credit courses. These schedules must be followed. Neither mid-term nor final exams are given early. If a student is absent on the day of an exam he/she will take the exam at a date/time designated by the school. A student is expected to contact the course teacher to schedule a make-up time for a first semester exam missed because of student absence. A student is expected to contact the school counseling department to schedule a make-up time for any second semester exam missed because of student absence.

TEST RETAKES

- Students who fail a major test/assessment (below 70%) will be allowed to retake or correct up to a 70% grade. This does not include semester examinations.
- Students are expected to make arrangements with the teacher to retake or correct a major test/assessment.
- Students are encouraged to participate in tutoring opportunities before retaking a test.
- Each teacher will communicate routine requirements for retakes and corrections in his/her course syllabus.
- All retakes or corrections must be completed prior to the end of each grading period unless the student is afforded time, after the grading period, as a result of the district’s absent/make-up guidelines.
- See UIL Eligibility (“No Pass/No Play”) guidelines for additional information related to grades and UIL Eligibility.
**LATE WORK**
Students may be assessed a penalty of no more than 30 points per day for up to one class period before a zero may be given for work not turned in on time.

**MAKEUP WORK** (because of absence for any class missed)
Per MISD High School Student Handbook:
- The teacher may assign the student makeup work based on the instructional objectives for the subject or course and the needs of the individual student in mastering the essential knowledge and skills or in meeting subject or course requirements.
- A student will be responsible for obtaining and completing the makeup work in a satisfactory manner and within the time specified by the teacher. When absent, the student is afforded the number of days missed plus one additional day to turn in makeup work. [A/B Block Example: A student misses Monday and Tuesday of the week and he/she returns on Wednesday of that same week. Student work from Monday’s absence is considered late after Friday, and student work from Tuesday’s absent is considered late after the following Monday.]
- A student who does not make up assigned work within the time allotted by the teacher will receive a grade of zero for the assignment.
- A student is encouraged to speak with his/her teacher if the student knows of an absence ahead of time, including absences for extracurricular activities, so that the teacher and student may plan any work that can be completed before or shortly after the absence.
- A student will be permitted to make up tests and turn in projects due in any class missed because of absence.
- Teachers may assign a late penalty to any long-term project in accordance with time lines approved by the principal and previously communicated to students.
- See UIL Eligibility (“No Pass/No Play”) guidelines for additional information related to grades and UIL Eligibility.

**WEIGHTED CREDIT**
Per MISD Board Policy EIC (LOCAL):
- The District uses a weighted numerical grading system. In calculating GPA, ten points (per semester) shall be added to a student’s average in Advanced Placement (AP) courses, Pre-AP courses, Academic Decathlon, and courses considered to be District-approved college level dual credit courses. All other courses shall not receive weighted points for completion.
- No weighted credit point shall be added for grades lower than 70.
- Weighted grading shall be reflected in the student’s GPA and not numerically per course on either the student’s report card or transcript.
UIL ELIGIBILITY (“No Pass/No Play”)

- Semester grades are computed by averaging the numerical grades recorded for each of the three six week reporting periods.
- Each grading period will stand alone for eligibility purposes.
- A student who is declared academically ineligible after a grading period will be able to regain eligibility if all of the student’s grade averages are 70% or higher at the subsequent 3 week grade reporting period.
- See MISD Board Policy FM (LOCAL) – Exempt Courses.

STUDENT WORK

The amount of time needed to complete assignments may vary with each student’s study habits, academic skills and selected course load. This includes major projects such as research reports, book reports, major essays, and other assignments teachers designate as major projects.

POSTING STUDENT WORK

Student grades will be posted in Skyward parent portal within five business days for daily grades and major grades. Special consideration is given to major projects, including lengthy writing assignments.
MISD Grading System for... Grades 7-8 (and STEM Academy)

The district middle schools use a weighted numerical grading system. The following chart reflects the MISD grading system for grades 7-8:

An “Incomplete” (I) reflects incomplete student work and is not considered an academic grade. *See MISD Board Policy EIC (LOCAL).

GRADING PRACTICES

Culminating grades for a grading period shall be obtained by averaging student work as detailed below for middle school courses and courses taken for high school credit. Daily assignments may count more than once, but no more than twice. MISD Curriculum Based Assessments (CBAs) are calculated as part of the daily category.

MIDDLE SCHOOL COURSES - Six Week Grade Cycle

The following grading guidelines apply to all middle school courses except courses taken for high school credit. (See “Courses Taken For High School Credit” below.)

- 40% - Major Grades (tests, projects, lengthy assignments, etc.)
- 60% - Daily Work (classwork, labs, homework, quizzes, CBAs, etc.)

COURSES TAKEN FOR HIGH SCHOOL CREDIT - Six Week Grade Cycle

Per MISD EIC (LOCAL), all numerical grades earned in high school credit courses shall be used to compute a student’s high school grade point average (GPA). MISD high school grading guidelines apply to the following courses middle school students may take for high school credit.

Pre-AP Algebra 1

- 60% - Major Grades (tests, projects, lengthy assignments, etc.)
- 30% - Quiz
- 10% - Daily Work (classwork, labs, homework, Curriculum Based Assessments, etc.)
Spanish I, PAP Spanish, AP Spanish

- 40% - Tests/Major Grades
- 25% - Daily Work (classwork, labs, homework, Curriculum Based Assessments, etc.)
- 35% - Speaking/Listening

High School Electives

- 40% - Major Grades (tests, projects, lengthy assignments, etc.)
- 60% - Daily Work

NUMBER OF GRADES EACH GRADING PERIOD
(All middle school courses except Grade 7 English/Language Arts)

- All Classes: 10 grades (minimum)
- All Classes: 2 grades (minimum) per each grading category
- Daily work category: 2 grades (minimum) in addition to the CBA grade

NUMBER OF GRADES EACH GRADING PERIOD– GRADE 7 ENGLISH/LANGUAGE ARTS
(English/Writing combined)

- 15 grades (minimum)

- Categories:
  - 40% - Major Grades (tests, projects, lengthy assignments, etc.)
    - 3 (three) major grades (minimum) – including 1 (one) fully-processed written work (minimum)
  - 60% - Daily Work (classwork, daily writing, homework, quizzes, CBAs, etc.)
    - 3 (three) grades (minimum)

SEMESTER GRADES

Semester grades are computed for each course by averaging the numerical grades recorded for each of the three six week reporting periods and the course semester exam. Credit is awarded at the end of each course with a grade of 70 or better.

- Middle school courses
  - Each semester:
    - Each grading period = 30%
    - Semester Exam = 10%

- Courses taken for high school credit
  - Semesters One and Two:
    - First and Fourth Grading Periods = 26% each
    - Second, Third, Fifth, and Sixth Grading Periods = 27% each
    - Semester Exam: 20%
**SEMESTER EXAMS**
Exams are given at the end of each semester. Neither mid-term nor final exams are given early. If a student is absent on the day of an exam he/she will take the exam at a school designated time and date. A student is expected to contact the course teacher to schedule a make-up time for a first semester exam missed because of student absence. A student is expected to contact the school counseling department to schedule a make-up time for any second semester exam missed because of student absence.

**LATE WORK**
Students may be assessed a penalty of no more than 15 points per day for up to three days before a zero may be given for work not turned in on time.

**STUDENT WORK**
The amount of time needed to complete assignments may vary with each student’s study habits, academic skills and selected course load. This includes major projects such as research reports, book reports, major essays, and other assignments teachers designate as major projects.

**POSTING STUDENT WORK**
Student grades will be posted in Skyward parent portal within five business days for daily grades and major grades. Special consideration is given to major projects, including lengthy writing assignments.

**MAJOR GRADE RETAKES OR CORRECTIONS**
- Students who fail a major grade (below 70%) will be allowed to retake or correct it up to a 70% grade. This does not include semester examinations.
- Students are expected to make arrangements with the teacher to retake or correct a major grade.
- Students are encouraged to participate in tutoring opportunities before retaking a test.
- Each teacher will communicate routine requirements for retakes and corrections in his/her course syllabus.
- All retakes or corrections must be completed prior to the end of each grading period unless the student is afforded time, after the grading period, as a result of the district’s absent/make-up guidelines.
- See UIL Eligibility (“No Pass/No Play”) guidelines for additional information related to grades and UIL Eligibility.
WEIGHTED CREDIT

- The District uses a weighted numerical grading system for eligible courses. At the middle school level, MISD courses eligible for weighted credit are Pre-AP Algebra I, Pre-AP Spanish, and Advanced Placement Spanish. All other courses shall not receive weighted points for completion.
- All numerical grades earned in high school credit courses, including high school credit courses taken in middle schools, shall be used to compute a student’s high school GPA.
- In calculating the student’s high school grade point average (GPA), ten points shall be added to the student’s average for courses eligible for weighted credit. No weighted credit shall be added for grades lower than 70.
- Weighted grading shall be reflected in the student’s high school GPA and not numerically per course on either the student’s report card or transcript.
- See MISD Board Policy EIC (LOCAL).

UIL ELIGIBILITY (“No Pass/No Play”)  

- Semester grades are computed by averaging the numerical grades recorded for each of the three six week reporting periods.
- Each grading period will stand alone for eligibility purposes.
- A student who is declared academically ineligible after a grading period will be able to regain eligibility if all of the student’s subsequent three week grades are 70% or higher.
- See MISD Board Policy FM (LOCAL) – exempt courses.
**MISD Grading System for... Grades 5-6**

**Intermediate School Grading**

**Grading Scale**

Teachers shall determine academic student progress using a grade percentage scale of 0-100. Citizenship grades are measured on a Likert scale (ESNU).

- 90-100 = A  \( E \) = Excellent
- 80-89 = B  \( S \) = Satisfactory
- 70-79 = C  \( N \) = Needs Improvement
- Below 70 = Failing  \( U \) = Unsatisfactory
- I = Incomplete ("I" is not an academic grade, but indicates incomplete work.)

**Grade Categories**

Language Arts, Mathematics, Science, and Social Studies

- 50% - Daily Assignments/Quizzes (minimum of 2 grades per grading period)
- 40% - Major Tests/Projects* (minimum of 2 grades per grading period)
- 10% - Homework (optional - if homework assigned - minimum of 2 grades per grading period)

*District Curriculum-Based Assessments (CBAs) are calculated as part of the Major Grades/Projects category.

**Late Work**

Teachers will accept late work:

- 1 class day late – grade may be reduced up to a maximum of 15 points
- 2 class days late – grade may be reduced up to a maximum of 30 points
- 3 class days late – teacher discretion
Teachers will communicate the late work guidelines in the class syllabus. This syllabus must be submitted to the principal’s office for approval, before the first day of school, and a copy must be provided to each student/parent at the beginning of the school year.

**Homework**

Intermediate schools will provide for homework-free extended holidays. (Thanksgiving Break, Winter Break, and Spring Break)

**Test Retakes**

Students who fail a major test/assessment (below 70%) will be allowed to retake or correct for a maximum grade of 70%. All retakes or corrections must be completed prior to the end of the grading period. Students are encouraged to attend tutorials.

Teachers will communicate routine requirements in the class syllabus that are precursors to any retakes. This must be submitted to the principal’s office for approval before the first day of school, and a copy must be provided to each student/parent at the beginning of the school year.

**Semester Grades**

Semester grades are computed by averaging the numerical grades recorded for each of the three grading periods within the semester. The three grading periods will equal 100% of the student’s grade (33.3% per grading period). Credit is awarded at the end of the academic year.

No semester exams are administered at the intermediate level.
MISD Grading System for... Grades PK-4

Elementary School Grading:
Each student’s academic progress and conduct are evaluated using progress reports and grade reports. Grade reports are issued at the end of the 2nd, 4th, and 6th grading periods for PK-1. For second, third and fourth grade, reports are issued every grading period. A conversion scale follows:

Pre-Kindergarten:
- 3 – Adequate development evident
- 2 – Developing with teacher assistance
- 1 – Adequate development not evident

Kindergarten-First:
- S - Satisfactory
- P - Making Progress
- N - Needs Improvement

Second-Fourth:
- 90-100 = A  E = Excellent
- 80-89 = B            S = Satisfactory
- 70-79 = C             N = Needs Improvement
- Below 70 = failing   U = Unsatisfactory

It is the practice of the Mansfield Independent School District to:
- Allow students to work with other students in small co-operative groups.
- Allow students to edit and on occasion grade other students written work.
- Post examples of excellent student work.
- Recognize student accomplishments publicly.
- Provide homework-free extended holidays (Thanksgiving Holiday, Winter and Spring Breaks)

Grading practices:
- Weights: ELAR, Mathematics, Science, and Social Studies: 30% for tests, 70% for daily work
- ELAR and Mathematics – minimum of 12 total grades per grading period with a minimum of 2 grades per week and a minimum of 2 grades per grading period for each weighted category
- Science and Social Studies - 6 grades per grading period plus an assessment/CBA with a minimum of one (1) grade per week

- Redo Policy: Failing grade on tests can be redone, for a maximum of a 70. Alternate test over same material can/may be given.

- Daily work can be redone as a part of the re-teaching process but grade will not be raised so that true educational need is reflected.

- Enrichment Grades: Students will receive a number grade for skills/practice and either S, N, or U for conduct/behavior.

Curriculum Based Assessments (CBA):

Short quizzes designed to measure mastery of the curriculum in a short period of time. They are designed to cover material that has been taught to mastery. CBAs will be given on each campus, according to the district schedule. Grades will be recorded as a test grade.

[Also see Report Cards/Progress Reports and Conferences for additional information on grading guidelines.]

Freedom from Bullying Policy

Note: School board policies may be revised at any time. For legal context and the most current copy of the local policy, visit https://pol.tasb.org/Policy/Code/1104?filter=FFI. Below is the text of MISD’s policy FFI(LOCAL) as of the date this handbook was finalized for this school year.

Student Welfare: Freedom from Bullying

Note: This policy addresses bullying of District students. For purposes of this policy, the term bullying includes cyberbullying.

For provisions regarding discrimination and harassment involving District students, see FFH. Note that FFI shall be used in conjunction with FFH for certain prohibited conduct. For reporting requirements related to child abuse and neglect, see FFG.

<table>
<thead>
<tr>
<th>Bullying Prohibited</th>
<th>The District prohibits bullying, including cyberbullying, as defined by state law. Retaliation against anyone involved in the complaint process is a violation of District policy and is prohibited.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Examples</td>
<td>Bullying of a student could occur by physical contact or through electronic means and may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name calling, rumor spreading, or ostracism.</td>

<table>
<thead>
<tr>
<th>Student Report</th>
<th></th>
</tr>
</thead>
</table>
## Employee Report
Any District employee who suspects or receives notice that a student or group of students has or may have experienced bullying shall immediately notify the principal or designee.

## Report Format
A report may be made orally or in writing. The principal or designee shall reduce any oral reports to written form.

## Notice of Report
When an allegation of bullying is reported, the principal or designee shall notify a parent of the alleged victim on or before the third business day after the incident is reported. The principal or designee shall also notify a parent of the student alleged to have engaged in the conduct within a reasonable amount of time after the incident is reported.

## Prohibited Conduct
The principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited conduct as defined by policy FFH, including dating violence and harassment or discrimination on the basis of race, color, religion, sex, gender, national origin, or disability. If so, the District shall proceed under policy FFH. If the allegations could constitute both prohibited conduct and bullying, the investigation under FFH shall include a determination on each type of conduct.

## Investigation of Report
The principal or designee shall conduct an appropriate investigation based on the allegations in the report. The principal or designee shall promptly take interim action calculated to prevent bullying during the course of an investigation, if appropriate.

## Concluding the Investigation
Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the initial report alleging bullying; however, the principal or designee shall take additional time if necessary to complete a thorough investigation.

The principal or designee shall prepare a final, written report of the investigation. The report shall include a determination of whether bullying occurred, and if so, whether the victim used reasonable self-defense. A copy of the report shall be sent to the Superintendent or designee.

## Notice to Parents
If an incident of bullying is confirmed, the principal or designee shall promptly notify the parents of the victim and of the student who engaged in bullying.

## District Action
### Bullying
If the results of an investigation indicate that bullying occurred, the District shall promptly respond by taking appropriate disciplinary action in accordance with the District’s Student Code of Conduct and may take corrective action reasonably calculated to address the conduct. The District may notify law enforcement in certain circumstances.

**Discipline**
A student who is a victim of bullying and who used reasonable self-defense in response to the bullying shall not be subject to disciplinary action.

The discipline of a student with a disability is subject to applicable state and federal law in addition to the Student Code of Conduct.

**Corrective Action**
Examples of corrective action may include a training program for the individuals involved in the complaint, a comprehensive education program for the school community, follow-up inquiries to determine whether any new incidents or any
instances of retaliation have occurred, involving parents and students in efforts to identify problems and improve the school climate, increasing staff monitoring of areas where bullying has occurred, and reaffirming the District’s policy against bullying.

**Transfers**

The principal or designee shall refer to FDB for transfer provisions.

**Counseling**

The principal or designee shall notify the victim, the student who engaged in bullying, and any students who witnessed the bullying of available counseling options.

**Improper Conduct**

If the investigation reveals improper conduct that did not rise to the level of prohibited conduct or bullying, the District may take action in accordance with the Student Code of Conduct or any other appropriate corrective action.

**Confidentiality**

To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.

**Appeal**

A student who is dissatisfied with the outcome of the investigation may appeal through FNG(LOCAL), beginning at the appropriate level.

**Records Retention**

Retention of records shall be in accordance with CPC(LOCAL).

**Access to Policy and Procedures**

This policy and any accompanying procedures shall be distributed annually in the employee and student handbooks. Copies of the policy and procedures shall be posted on the District’s website, to the extent practicable, and shall be readily available at each campus and the District’s administrative offices.
Glossary

**Accelerated instruction** is an intensive supplemental program designed to address the needs of an individual student in acquiring the knowledge and skills required at his or her grade level and/or as a result of a student not meeting the passing standard on a state-mandated assessment.

**ACT**, or the American College Test, is one of the two most frequently used college or university admissions examinations. The test may be required for admission to certain colleges or universities.

**ACT-Aspire** refers to an assessment that took the place of ACT-Plan and is designed as a preparatory and readiness assessment for the ACT. This is usually taken by students in grade 10.

**ARD** stands for admission, review, and dismissal. The ARD committee convenes for each student who is identified as needing a full and individual evaluation for special education services. The eligible student and his or her parents are members of the committee.

**Attendance review committee** is responsible for reviewing a student’s absences when the student’s attendance drops below 90 percent, or in some cases 75 percent, of the days the class is offered. Under guidelines adopted by the board, the committee will determine whether there were extenuating circumstances for the absences and whether the student needs to complete certain conditions to master the course and regain credit or a final grade lost because of absences.

**CPS** stands for Child Protective Services.

**DAEP** stands for disciplinary alternative education program, a placement for students who have violated certain provisions of the Student Code of Conduct.

**DFPS** is the Texas Department of Family Protective Services.

**DPS** stands for the Texas Department of Public Safety.

**EOC (end-of-course) assessments** are state-mandated, and are part of the STAAR program. Successful performance on EOC assessments are required for graduation. These examinations will be given in English I, English II, Algebra I, Biology, and U.S. History.

**ESSA** is the federal Every Student Succeeds Act passed in December 2015.

**FERPA** refers to the federal Family Educational Rights and Privacy Act, which grants specific privacy protections to student records. The law contains certain exceptions, such as for directory information, unless a student’s parent or a student 18 or older directs the school not to release directory information.

**IEP** stands for individualized education program and is the written record prepared by the ARD committee for a student with disabilities who is eligible for special education services. The IEP contains several parts, such as a statement of the student’s present educational performance; a statement of measurable annual goals, with short-term objectives; the special education and related services and supplemental aids and services to be provided, and program modifications or support by school personnel; a statement regarding how the student’s progress will be
measured and how the parents will be kept informed; accommodations for state or districtwide tests; whether successful completion of state-mandated assessments is required for graduation, etc.

**IGC** is the individual graduation committee, formed in accordance with state law, to determine a student’s eligibility to graduate when the student has failed to demonstrate satisfactory performance on no more than two of the required state assessments.

**ISS** refers to in-school suspension, a disciplinary technique for misconduct found in the Student Code of Conduct. Although different from out-of-school suspension and placement in a DAEP, ISS removes the student from the regular classroom.

**PGP** stands for personal graduation plan, which is required for high school students and for any student in middle school who fails a section on a state-mandated test or is identified by the district as not likely to earn a high school diploma before the fifth school year after he or she begins grade 9.

**PSAT** is the preparatory and readiness assessment for the SAT. It also serves as the basis for the awarding of National Merit Scholarships.

**SAT** refers to the Scholastic Aptitude Test, one of the two most frequently used college or university admissions examinations. The test may be required for admissions to certain colleges or universities.

**SHAC** stands for School Health Advisory Council, a group of at least five members, a majority of whom must be parents, appointed by the school board to assist the district in ensuring that local community values and health issues are reflected in the district’s health education instruction, along with providing assistance with other student and employee wellness issues.

**Section 504** is the federal law that prohibits discrimination against a student with a disability, requiring schools to provide opportunities for equal services, programs, and participation in activities. Unless the student is determined to be eligible for special education services under the Individuals with Disabilities Education Act (IDEA), general education with appropriate instructional accommodations will be provided.

**STAAR** is the State of Texas Assessments of Academic Readiness, the state’s system of standardized academic achievement assessments.

**STAAR Alternate 2** is an alternative state-mandated assessment designed for students with severe cognitive disabilities receiving special education services who meet the participation requirements, as determined by the student’s ARD committee.

**STAAR Spanish** is an alternative state-mandated assessment administered to eligible students for whom a Spanish version of STAAR is the most appropriate measure of their academic progress.

**State-mandated assessments** are required of students at certain grade levels and in specified subjects. Successful performance sometimes is a condition of promotion, and passing the STAAR EOC assessments is a condition of graduation. Students have multiple opportunities to take the tests if necessary for promotion or graduation.
Student Code of Conduct is developed with the advice of the district-level committee and adopted by the board and identifies the circumstances, consistent with law, when a student may be removed from a classroom, campus, or district vehicle. It also sets out the conditions that authorize or require the principal or another administrator to place the student in a DAEP. It outlines conditions for out-of-school suspension and for expulsion. The Student Code of Conduct also addresses notice to the parent regarding a student’s violation of one of its provisions.

TAC stands for the Texas Administrative Code.

TELPAS stands for the Texas English Language Proficiency Assessment System, which assesses the progress that English language learners make in learning the English language, and is administered for those who meet the participation requirements in kindergarten–grade 12.

TSI stands for the Texas Success Initiative, an assessment designed to measure the reading, mathematics, and writing skills that entering college-level freshmen students should have if they are to be successful in undergraduate programs in Texas public colleges and universities.

TXVSN stands for the Texas Virtual School Network, which provides online courses for Texas students to supplement the instructional programs of public school districts. Courses are taught by qualified instructors, and courses are equivalent in rigor and scope to a course taught in a traditional classroom setting.

UIL refers to the University Interscholastic League, the statewide, voluntary nonprofit organization that oversees educational extracurricular academic, athletic, and music contests.
